Needs and uses: The Department of Defense (DoD) is extending the information collection requirements under current OMB control number 0720–0032. Specifically, under the collection of information, pharmaceutical manufacturers will base receipt calculation reporting requirements on the difference between the average non-Federal price of the drug sold by the pharmaceutical manufacturer to wholesalers, as represented by the most recent annual non-Federal average manufacturing prices (non-FAMP) (reported to the Department of Veterans Affairs (VA)) and the corresponding Federal Ceiling Price (FCP) or, in the discretion of the pharmaceutical manufacturer, the difference between the FCP and direct commercial contract sales prices specifically attributable to the reported TRICARE paid pharmaceuticals determined for each applicable National Drug Code (NDC) listing, per refund procedures outlined in CFR 199.21. DoD will use the reporting and audit capabilities of the Pharmacy Data Transaction Service (PDTS) to validate refunds owed to the Government. In Fiscal Year (FY) 15, the government received approximately $1.1 billion from pharmaceutical manufacturers as a result of this program/refund calculation reporting requirements.
