Bureau of Ocean Energy Management

[Docket No. BOEM-2016-0038]

Environmental Assessment for Commercial Wind Lease Issuance and Site Assessment Activities on the Atlantic Outer Continental Shelf (OCS) Offshore New York; MMAA104000

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior.

ACTION: Notice of availability.

SUMMARY: BOEM is announcing the availability of an Environmental Assessment (EA) for commercial wind lease issuance, site characterization activities (geophysical, geotechnical,

archaeological, and biological surveys), and site assessment activities (including the installation and operation of a meteorological tower and/or buoys) on the Atlantic OCS offshore New York. The EA considers the potential impacts of the proposed action and an analysis of reasonable alternatives to the proposed action (excluding the area within two nautical miles of the traffic separation schemes, and no action). This Notice of Availability (NOA) also serves to announce the beginning of the public comment period on the EA. The EA and associated information are available on BOEM's Web site at <http://www.boem.gov/New-York/>.

Should a lessee propose to construct a commercial wind facility through submission of a Construction and Operations Plan, BOEM would conduct a separate site- and project-specific National Environmental Policy Act (NEPA) analysis, likely an Environmental Impact Statement, and would provide additional opportunities for public involvement pursuant to NEPA and the CEQ regulations at 40 CFR parts 1500-1508.

DATES: Comments on this EA will be accepted until July 6, 2016. See public meeting dates in the **SUPPLEMENTARY INFORMATION** section below.

FOR FURTHER INFORMATION CONTACT: Michelle Morin, BOEM Office of Renewable Energy Programs, 45600 Woodland Road, Sterling, Virginia 20166, (703) 787-1340 or michelle.morin@boem.gov.

SUPPLEMENTARY INFORMATION:

Public Availability: BOEM will consider public comments on the EA in determining whether to issue a Finding of No Significant Impact, or conduct additional analysis under NEPA. Federal, state, tribal, and local governments and/or agencies and the public may submit written comments on this EA through the following methods:

1. **Federal eRulemaking Portal:** <http://www.regulations.gov>. In the field entitled "Enter Keyword or ID," enter BOEM-2016-0038, and then click "search." Follow the instructions to submit public comments and view supporting and related materials available for this notice;

2. In written form, delivered by hand or by mail, enclosed in an envelope labeled "Commercial Wind Lease Issuance and Site Assessment Activities on the Atlantic Outer Continental Shelf Offshore New York Environmental Assessment" and addressed to Program Manager, Office of Renewable Energy, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, Virginia 20166. Comments must be

received or postmarked no later than July 6, 2016.

Before including your address, phone number, email address or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comments to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Public Meetings: BOEM will also hold public meetings to explain the proposed activities analyzed in the EA and to provide additional opportunity for public comment on the EA. The meetings are scheduled as follows:

- Monday June 20, 2016; Long Branch Middle School (Auditorium), 404 Indiana Avenue, Long Branch, New Jersey 07740; 6:00-8:00 p.m.

- Tuesday June 21, 2016; Hofstra University (MPR Room), 900 Fulton Avenue, Hempstead, New York 11549; 6:00-8:00 p.m.

- Wednesday, June 22, 2016; Westhampton Beach High School, 49 Lilac Road, Westhampton Beach, New York 11978; 6:00-8:00 p.m.

- Thursday, June 23, 2016; University of Rhode Island, Narragansett Bay Campus, Coastal Institute Building (Hazard Rooms A & B), 215 S Ferry Road, Narragansett, Rhode Island 02882; 6:00-8:00 p.m.

Authority: This Notice of Availability (NOA) is published pursuant to the regulations (43 CFR 46.305) implementing the provisions of the National Environmental Policy Act (NEPA) of 1969, as amended (42 U.S.C. 4321 *et seq.* (1988)).

Dated: May 31, 2016.

Bureau of Reclamation

[RR83550000, 167R5065C6, RX.59389832.1009676]

Quarterly Status Report of Water Service, Repayment, and Other Water-Related Contract Actions

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice.

SUMMARY: Notice is hereby given of contractual actions that have been proposed to the Bureau of Reclamation

(Reclamation) and are new, discontinued, or completed since the last publication of this notice on February 19, 2016 (81 FR 8537). This notice is one of a variety of means used to inform the public about proposed contractual actions for capital recovery and management of project resources and facilities consistent with section 9(f) of the Reclamation Project Act of 1939. Additional announcements of individual contract actions may be published in the **Federal Register** and in newspapers of general circulation in the areas determined by Reclamation to be affected by the proposed action.

ADDRESSES: The identity of the approving officer and other information pertaining to a specific contract proposal may be obtained by calling or writing the appropriate regional office at the address and telephone number given for each region in the **SUPPLEMENTARY INFORMATION** section.

FOR FURTHER INFORMATION CONTACT: Michelle Kelly, Reclamation Law Administration Division, Bureau of Reclamation, P.O. Box 25007, Denver, Colorado 80225-0007; telephone 303-445-2888.

SUPPLEMENTARY INFORMATION: Consistent with section 9(f) of the Reclamation Project Act of 1939, and the rules and regulations published in 52 FR 11954, April 13, 1987 (43 CFR 426.22), Reclamation will publish notice of proposed or amendatory contract actions for any contract for the delivery of project water for authorized uses in newspapers of general circulation in the affected area at least 60 days prior to contract execution. Announcements may be in the form of news releases, legal notices, official letters, memorandums, or other forms of written material. Meetings, workshops, and/or hearings may also be used, as appropriate, to provide local publicity. The public participation procedures do not apply to proposed contracts for the sale of surplus or interim irrigation water for a term of 1 year or less. Either of the contracting parties may invite the public to observe contract proceedings. All public participation procedures will be coordinated with those involved in complying with the National Environmental Policy Act. Pursuant to the "Final Revised Public Participation Procedures" for water resource-related contract negotiations, published in 47 FR 7763, February 22, 1982, a tabulation is provided of all proposed contractual actions in each of the five Reclamation regions. When contract negotiations are completed, and prior to execution, each proposed contract form must be approved by the Secretary of the

Interior, or pursuant to delegated or redelegated authority, the Commissioner of Reclamation or one of the regional directors. In some instances, congressional review and approval of a report, water rate, or other terms and conditions of the contract may be involved.

Public participation in and receipt of comments on contract proposals will be facilitated by adherence to the following procedures:

1. Only persons authorized to act on behalf of the contracting entities may negotiate the terms and conditions of a specific contract proposal.

2. Advance notice of meetings or hearings will be furnished to those parties that have made a timely written request for such notice to the appropriate regional or project office of Reclamation.

3. Written correspondence regarding proposed contracts may be made available to the general public pursuant to the terms and procedures of the Freedom of Information Act, as amended.

4. Written comments on a proposed contract or contract action must be submitted to the appropriate regional officials at the locations and within the time limits set forth in the advance public notices.

5. All written comments received and testimony presented at any public hearings will be reviewed and summarized by the appropriate regional office for use by the contract approving authority.

6. Copies of specific proposed contracts may be obtained from the appropriate regional director or his or her designated public contact as they become available for review and comment.

7. In the event modifications are made in the form of a proposed contract, the appropriate regional director shall determine whether republication of the notice and/or extension of the comment period is necessary.

Factors considered in making such a determination shall include, but are not limited to, (i) the significance of the modification, and (ii) the degree of public interest which has been expressed over the course of the negotiations. At a minimum, the regional director will furnish revised contracts to all parties who requested the contract in response to the initial public notice.
