entered value of those sales, in accordance with 19 CFR 351.212(b)(1). Where an importer-specific ad valorem rate is not zero or de minimis, the Department will instruct CBP to collect the appropriate antidumping duties at the time of liquidation.7 Where either a respondent’s weighted average dumping margin is zero or de minimis, or an importer-specific ad valorem rate is zero or de minimis, the Department will instruct CBP to liquidate appropriate entries without regard to antidumping duties.8

For entries that were not reported in the U.S. sales data submitted by Wah Yuen, the Department will instruct CBP to liquidate such entries at the rate for the PRC-wide entity.7 The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future cash deposits of estimated antidumping duties, where applicable.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this new shipper review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: For merchandise produced by Shandong Wah Yuen Stationery Co., Ltd. and exported by Wah Yuen Stationery Co., Ltd., the cash deposit rates will be equal to the weighted-average dumping margin established in the final results of this review (except, if the rate is zero or de minimis, then zero cash deposit will be required). These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

7 See 19 CFR 351.212b(1).
8 See 19 CFR 351.106(c)(2).

Notification Regarding Administrative Protective Orders

This notice serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation subject to sanction.

Notification to Interested Parties

These preliminary results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.214 and 351.221(b)(4).

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Marine Fisheries Service (NMFS) requests comments on the extension of a currently approved information collection for the West Coast Region’s Pacific Coast Groundfish Trawl Rationalization Program. The Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. 1801 et seq., provides that the Secretary of Commerce is responsible for the conservation and management of marine fisheries resources in the Exclusive Economic Zone (3–200 miles) of the United States. NMFS West Coast Region manages the Pacific Coast Groundfish Fishery in the Exclusive Economic Zone (EEZ) off of Washington, Oregon, and California under the Pacific Coast Groundfish Fishery Management Plan.

In January 2011, NMFS implemented a trawl rationalization program, which is a catch share program, for the Pacific Coast Groundfish Limited Entry Trawl Fishery. The program was implemented through Amendments 20 and 21 to the Pacific Coast Groundfish Fishery Management Plan and the corresponding implementing regulations at 50 CFR part 660.

Amendment 20 established the trawl rationalization program that consists of: an individual fishing quota (IFQ) program for the shorebased trawl fleet (including whiting and nonwhiting sectors), and cooperative programs for the at-sea mothership and catcher/processor trawl fleets (whiting only). Amendment 21 set long-term allocations for the limited entry trawl sectors of certain groundfish species.

Under the trawl rationalization program, new permits, accounts, endorsements and licenses were established. These consist of: Quota share (QS) permits/accounts, vessel accounts, first receiver site licenses, mothership endorsements on certain limited entry trawl permits, mothership catcher vessel endorsements on certain limited entry trawl permits, catcher/processor endorsement on certain limited entry trawl permits, mothership cooperative permit, and a catcher/processor cooperative permit.

NMFS collects information from program participants required to: (1) Establish permit, accounts, and licenses; (2) renew permits, accounts, and licenses; (3) allow trading of QS percentages and quota pounds (QP) in online QS and vessel accounts, and allow transfer of catch history assignments between limited entry trawl permits; (4) track compliance with program control limits; and (5) implement other features of the regulations pertaining to permits and licenses. NMFS requests comments on the extension of these permit information collections.

As part of this request, NMFS plans to remove the notary requirement on all of our forms in this collection, which will save time and money for permit, vessel, and license owners.

II. Method of Collection

Information is collected by mail and electronically.

The following information is collected by mail: QS permit application forms; late QS permit renewals; vessel account registration requests; late vessel account renewals; trawl identification of ownership interest forms for new applicants, mothership catcher vessel endorsed limited entry permit owners, and mothership permit owners; first receiver site license application forms; mothership permit renewal forms; mothership permit change of vessel registration, permit owner, or vessel owner application forms; mothership cooperative permit application forms; change of mothership catcher vessel endorsement and catch history assignment registration forms; mutual agreement exception forms; mothership withdrawal forms; catcher/processor cooperative permit application forms; material change forms; and QS abandonment requests.

The following information is collected electronically: QS permit renewals; QS percent transfers; QP transfers from a QS account to a vessel account; vessel account renewals; QP transfers from a vessel account to another vessel account; and trawl identification of ownership interest forms for online QS and vessel account renewals.
