DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Agency Information Collection

Activities: Proposed Collection: Public Comment Request

AGENCY: Health Resources and Services Administration, HHS.

ACTION: Notice.

SUMMARY: In compliance with the requirement for opportunity for public comment on proposed data collection projects (section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995), the Health Resources and Services Administration (HRSA) announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting the ICR to OMB, HRSA seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

DATES: Comments on this Information Collection Request must be received no later than August 9, 2016.

ADDRESSES: Submit your comments to paperwork@hrsa.gov or mail the HRSA Information Collection Clearance Officer, Room 14A39, 5600 Fishers Lane, Rockville, MD 20857.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, email paperwork@hrsa.gov or call the HRSA Information Collection Clearance Officer at (301) 443-1984.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the information collection request title for reference.

Information Collection Request Title: National Practitioner Data Bank (NPDB) Attestation of Reports by Hospitals, Medical Malpractice Payers, Health Plans, and Health Centers.

OMB No. 0915-xxxx—New.

Abstract: The NPDB plans to collect data from hospitals, medical malpractice payers, health plans, and certain other health care entities¹ that are subject to NPDB reporting requirements to assist these entities in understanding and meeting their reporting requirements to the NPDB. The NPDB currently collects similar data from state licensing boards on a regular basis, and this information collection request would expand beyond current reporting activities to include hospitals, medical malpractice payers, health plans, and certain health care entities.

The NPDB began operation on September 1, 1990. The statutory authorities establishing and governing the NPDB are title IV of Public Law (Pub. L.) 99-660, the Health Care Quality Improvement Act of 1986, as amended, section 5 of the Medicare and Medicaid Patient and Program Protection Act of 1987, Public Law 100-93, codified as section 1921 of the Social Security Act, and section 221(a) of the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, codified as section 1128E of the Social Security Act. Final regulations governing the NPDB are codified at 45 CFR part 60. Responsibility for NPDB implementation and operation resides in the Bureau of Health Workforce, Health Resources and Services Administration, Department of Health and Human Services (HHS).

The NPDB acts primarily as a flagging system; its principal purpose is to facilitate comprehensive review of practitioners' professional credentials and background. Information on medical malpractice payments, health-related civil judgments, adverse licensure actions, adverse clinical privileging actions, adverse professional society actions, and Medicare/Medicaid

¹ Unless otherwise noted, the term "health care entities" refers to health centers whose access and reporting obligations are addressed in the NPDB statutory and regulatory requirements for health care entities. In this document, "health center" refers to organizations that receive grants under the HRSA Health Center Program as authorized under section 330 of the Public Health Service Act, as amended (referred to as "grantees") and Federally Qualified Health Center (FQHC) Look-Alike organizations, which meet all the Health Center Program requirements but do not receive Health Center Program grants. It does not refer to FQHCs that are sponsored by tribal or Urban Indian Health Organizations, except for those that receive Health Center Program grants.

exclusions is collected from and disseminated to eligible entities such as licensing boards, hospitals, and other health care entities. It is intended that NPDB information should be considered with other relevant information in evaluating a practitioner's credentials.

The NPDB outlines specific reporting requirements for hospitals, medical malpractice payers, health plans, and health care entities; per 45 CFR 60.7, 60.12, 60.14, 60.15, and 60.16. These reporting requirements are further explained in chapter E of the NPDB e-Guidebook, which can be found at: <http://www.npdb.hrsa.gov/resources/aboutGuidebooks.jsp>.

Through a process called Attestation, hospitals, medical malpractice payers, health plans, and certain other health entities will be required to attest that they understand and have met their responsibility to submit all required reports to the NPDB. The Attestation process will be completely automated through the secure NPDB system (<https://www.npdb.hrsa.gov>), using both secure email messaging and system notifications to alert entities registered with the NPDB of their responsibility to attest. All entities with reporting requirements and querying access to the NPDB must register with the NPDB before gaining access to the secure NPDB system for all reporting and querying transactions.

Although the Attestation process and forms are new, the secure NPDB system currently used by hospitals, medical malpractice payers, health plans, and health care entities to conduct reporting and querying will not change, ensuring that these entities are familiar with the interface needed to complete the Attestation process. NPDB will ask these entities to attest their reporting compliance every 2 years. If the organization is responsible for privileging or credentialing individuals who provide services for other sites, those sites will be included in the Attestation process.

The Attestation forms will collect the following information: (1) Information regarding sub-sites and entity relationships; (2) contact information for the Attesting Official; and (3) a statement attesting whether or not all required reports have been submitted.

Need and Proposed Use of the Information: The NPDB engages in compliance activities to ensure the accuracy and completeness of the information in the NPDB. Through the Attestation process, the NPDB can better determine which hospitals, medical malpractice payers, health plans, and health care entities are meeting the reporting requirements, and which of

these entities may require additional outreach and assistance. The Attestation process will strengthen the robustness of the data in the NPDB, improving the accuracy of query responses for entities with access to NPDB reports.

Likely Respondents: Hospitals medical malpractice payers, health plans, health care entities, and their representatives.

Burden Statement: Burden in this context means the time expended by

persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and attesting information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to

a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this Information Collection Request are summarized in the table below.

Total Estimated Annualized burden hours:

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Health Care Entity Attestation	3,000	1	3,000	1	3,000
Medical Malpractice Payer Attestation	750	1	750	1	750
Health Plan Attestation	1,500	1	1,500	1	1,500
Hospital Attestation	7,500	1	7,500	1	7,500
Total	² 12,750	12,750	12,750

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Jason E. Bennett,

Director, Division of Executive Secretariat.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

National Advisory Council on Migrant Health Request for Nominations for Voting Members

AGENCY: Health Resources and Services Administration, HHS.

ACTION: Notice.

SUMMARY: The Health Resources and Services Administration (HRSA) is

² There are approximately 6,800 hospitals, 575 medical malpractice payers, 1,400 health plans, and 2,200 health centers registered with the NPDB. However, the reporting entities may include multiple sites that are registered independently in the system, thereby increasing the total number of respondents. Therefore, we estimate there will be 7,500 respondents for hospitals, 750 respondents for medical malpractice payers, 1,500 respondents for health plans, and 3,000 respondents for health centers for 12,750 total respondents.

requesting nominations to fill vacancies on the National Advisory Council on Migrant Health (NACMH). The NACMH is authorized under 42 U.S.C. 218, section 217 of the Public Health Service (PHS) Act, as amended and governed by provisions of Public Law 92-463, as amended (5 U.S.C. Appendix 2).

DATES: The agency will receive nominations on a continuous basis.

ADDRESSES: All nominations should be addressed to the Designated Federal Official, NACMH, Strategic Initiatives and Planning Division, Office of Policy and Program Development, Bureau of Primary Health Care, HRSA, 16N38B, 5600 Fishers Lane, Rockville, Maryland 20857 or via email to: Esther Paul at epaul@hrsa.gov and/or Priscilla Charles at PCharles@hrsa.gov.

FOR FURTHER INFORMATION CONTACT: Esther Paul, MBBS, MA, MPH, Designated Federal Official, NACMH, phone number: (301) 594-4496 or via email at epaul@hrsa.gov.

SUPPLEMENTARY INFORMATION: As authorized under section 217 of the Public Health Service Act, as amended, 42 U.S.C. 218, the Secretary established the NACMH. The NACMH is governed by the Federal Advisory Committee Act (5 U.S.C. Appendix 2), which sets forth standards for the formation and use of advisory committees.

The NACMH, consults with and makes recommendations to the Secretary of the Department of Health and Human Services (HHS) and the HRSA Administrator concerning the organization, operation, selection, and funding of migrant health centers and other entities under grants and contracts under section 330 of the PHS Act.

The NACMH Charter requires that the Council consist of 15 members, each serving a 4-year term. Twelve Council members are required to be governing board members of migrant health centers and other entities assisted under section 254(b) of the PHS Act. Of these 12, at least 9 must be patient board members. The remaining three must be individuals qualified by training and experience in the medical sciences or in the administration of health programs. New members filling a vacancy that occurred prior to expiration of a term may serve only for the remainder of such term. Members may serve after the expiration of their terms until their successors have taken office, but no longer than 120 days.

Compensation: Members who are not full-time Federal employees shall be paid at the rate of \$200 per day including travel time plus per diem and travel expenses in accordance with Standard Government Travel Regulations.

Specifically, HRSA is requesting nominations for:

- **Board Member/Patient (1 vacancy):** A nominee *must be a member* or member-elect of a governing board of an organization receiving funding or look-alike designation under section 330(g) of the PHS Act. A board member nominee *must also be a patient* of the entity that he/she represents. Additionally, a board member nominee *must be familiar* with the delivery of primary health care to migratory and seasonal agricultural workers (MSAWs) and their families.
- **Administrator/Provider Representative (1 vacancy)** A nominee *must be qualified* by training and experience in the medical
