**Countervailing Duty Investigation of 1-Hydroxyethylidene-1, 1-Diphosphonic Acid From the People's Republic of China: Postponement of Preliminary Determination**

**AGENCY:** Enforcement and Compliance International Trade Administration, Department of Commerce.

**FOR FURTHER INFORMATION CONTACT:** Javier Barrientos, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; Telephone: 202-482-2243.

**SUPPLEMENTARY INFORMATION:****Background**

On April 20, 2016, the Department of Commerce (the "Department") initiated the countervailing duty investigation of 1-Hydroxyethylidene-1, 1-Diphosphonic Acid ("HEDP") from the People's Republic of China ("PRC").<sup>1</sup> Currently, the preliminary determination is due no later than June 24, 2016.

**Postponement of Due Date for the Preliminary Determination**

Section 703(b)(1) of the Tariff Act of 1930, as amended (the "Act"), requires the Department to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which the Department initiated the investigation. However, section 703(c)(1) of the Act permits the Department to postpone making the preliminary determination until no later than 130 days after the date on which it initiated the investigation if, among other reasons, the petitioner makes a timely request for a postponement, or the Department concludes that the parties concerned are cooperating and determines that the investigation is extraordinarily complicated.

Currently, while the Department has not yet chosen mandatory respondents, we determine that, thus far, the parties concerned are cooperating because each has made an entry of appearance in this investigation.<sup>2</sup> Also, the Department

must analyze four complicated alleged subsidy programs<sup>3</sup> for each respondent, including companies that are cross-owned with each respondent, and likely issue multiple supplemental questionnaires. For all these reasons, the Department finds this investigation to be extraordinarily complicated within the meaning of section 703(c)(1)(B) of the Act, and is hereby fully postponing the preliminary countervailing duty determination by 130 days.<sup>4</sup> Therefore, pursuant to the discretion afforded to the Department under section 703(c)(1)(B) of the Act, we are postponing the due date for the preliminary determination to no later than August 29, 2016.<sup>5</sup>

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: June 6, 2016.

### Methodology

The Department is conducting this administrative review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). Constructed export price is calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be found at <http://enforcement.trade.gov/frn/index.html>. A list of the topics discussed in the Preliminary Decision Memorandum is attached as an Appendix to this notice.

### Preliminary Results of Review

As a result of this administrative review, we preliminarily determine that a weighted-average dumping margin of 0.00 percent exists for Tension Steel Industries Co., Ltd., for the period July 18, 2014, through August 31, 2015.

### Disclosure and Public Comment

We intend to disclose the calculations performed for these preliminary results to the parties within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

<sup>1</sup> See the memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Enforcement and Compliance, "Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Certain Oil Country Tubular Goods from Taiwan" dated concurrently with and hereby adopted by this notice (Preliminary Decision Memorandum).

Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs not later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.<sup>2</sup> Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue, (2) a brief summary of the argument, and (3) a table of authorities.<sup>3</sup>

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS. Issues raised in the hearing will be limited to those raised in the respective case briefs. The Department intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act.

### Assessment Rates

Upon completion of the administrative review, the Department shall determine and U.S. Customs and Border Protection (CBP) shall assess antidumping duties on all appropriate entries. If Tension Steel's weighted-average dumping margin is above *de minimis* in the final results of this review, we will calculate an importer-specific assessment rate on the basis of the ratio of the total amount of antidumping duties calculated for the importer's examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1). If Tension Steel's weighted-average dumping margin is zero or *de minimis* in the final results of review, we will instruct CBP not to assess duties on any of its entries in accordance with the *Final Modification for Reviews, i.e., "{w}here the weighted-average margin of dumping for the exporter is determined*

<sup>2</sup> See 19 CFR 351.309(d).

<sup>3</sup> See 19 CFR 351.309(c)(2) and (d)(2).

<sup>4</sup> See 19 CFR 351.310(c).

to be zero or *de minimis*, no antidumping duties will be assessed."<sup>5</sup>

For entries of subject merchandise during the POR produced by Tension Steel for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

We intend to issue liquidation instructions to CBP 15 days after publication of the final results of this review.

### Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of this review for all shipments of OCTG Taiwan entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for Tension Steel will be the rate established in the final results of this administrative review; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 2.34 percent,<sup>6</sup> the all-others rate established in the less-than-fair-value investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation

of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

The Department is issuing and publishing these results in accordance with sections 751(a)(1) and 777(i) of the Act.
