**SUPPLEMENTARY INFORMATION:** The purpose for the extension of the duration of the withdrawal created by Public Land Order No. 7179 is to continue protecting seismic monitoring instruments and the seismic integrity of the University of California—Berkeley Seismic Observatory, located on 45 acres of National Forest System land, from future mining activities that either disturb the seismic equipment or create seismic noise in the general area that would interfere with the accuracy of the seismograph.

**Order**

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714, it is hereby ordered as follows:

Public Land Order No. 7179 (61 FR 2137, 1996) which withdrew 45 acres of National Forest System land from location and entry under the United States mining laws, but not from leasing under the mineral leasing laws to protect the seismic integrity of the University of California—Berkeley Seismic Observatory, is hereby extended for an additional 20-year period. This withdrawal will expire on January 24, 2036, unless, as a result of a review conducted before the expiration date pursuant to Section 204(f) of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714(f), the Secretary determines that the withdrawal shall be further extended.

Dated: January 10, 2016.
