

of export apple shippers (from 68 to 60) but no changes in the estimated number of export grape shippers (14), or carriers of export apples (15) and grapes (5). In this renewal of the collection in 2016, USDA will update the calculation to reflect an estimated 564 responses per recordkeeper for apples, which is approximately the 42,326 certificates divided by the 75 apple shippers and carriers, and an estimated 550 responses per recordkeeper for grapes, which is approximately the 10,462 certificates divided by the 19 grape shippers and carriers. USDA calculates the estimated total annual burden on respondents would change from the inaccurate 25 hours to the more accurate 4381 hours estimate.

Estimate of Burden: Public recordkeeping burden for this collection of information is estimated to average 0.083 hours per response.

Respondents (Recordkeepers): Apple and grape export shippers and carriers.

Estimated Number of Recordkeepers: 94 (75 shippers and carriers of exported apples and 19 shippers and carriers of exported grapes).

Estimated Total Annual Responses: 52,788.

Estimated Number of Responses per Recordkeeper: 564 for apples and 550 for grapes.

Estimated Total Annual Burden on Recordkeepers: 4381 hours.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record. All comments received will be available for public inspection at the street address in the "Comment" section and can be viewed at: www.regulations.gov.

Dated: June 8, 2016.

Elanor Starmer,

Administrator, Agricultural Marketing Service.

Animal and Plant Health Inspection Service

[Docket No. APHIS-2016-0037]

Notice of Request for Extension of Approval of an Information Collection; Importation of Live Swine, Pork and Pork Products, and Swine Semen From the European Union

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection associated with regulations for the importation of live swine, pork and pork products, and swine semen from the European Union. **DATES:** We will consider all comments that we receive on or before August 15, 2016.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/#!docketDetail;D=APHIS-2016-0037>.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS-2016-0037, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road, Unit 118, Riverdale, MD 20737-1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/#!docketDetail;D=APHIS-2016-0037> or in our reading room, which is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799-7039 before coming.

FOR FURTHER INFORMATION CONTACT: For information regarding the regulations for the importation of live swine, pork and pork products, and swine semen from the European Union, contact Dr.

Lynette Williams, Senior Staff Veterinarian, Animal Products, NIES, VS, APHIS, 4700 River Road, Unit 40, Riverdale, MD 20737-1236; (301) 851-3300. For copies of more detailed information on the information collection, contact Ms. Kimberly Hardy, APHIS' Information Collection Coordinator, at (301) 851-2727.

SUPPLEMENTARY INFORMATION:

Title: Importation of Live Swine, Pork and Pork Products, and Swine Semen from the European Union.

OMB Control Number: 0579-0218.

Type of Request: Extension of approval of an information collection.

Abstract: Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the United States Department of Agriculture is authorized, among other things, to prohibit or restrict the importation and interstate movement of animals and animal products to prevent the introduction into and dissemination within the United States of livestock diseases and pests. To carry out this mission, APHIS regulates the importation of animals and animal products into the United States.

The regulations in title 9 of the Code of Federal Regulations (9 CFR), part 94, prohibit or restrict the importation of specified animals and animal products to prevent the introduction of diseases such as classical swine fever (CSF), rinderpest, foot-and-mouth disease, swine vesicular disease, and African swine fever. Among other things, part 94 lists the requirements for the importation of pork and pork products and live swine where these diseases exist. Section 94.31 lists the requirements for the importation of pork, pork products, and breeding swine from the European Union ("the APHIS-defined European CSF region"). Section 98.38 lists the requirements for the importation of swine semen from the APHIS-defined European CSF region.

These regulations require information collection activities, such as a certificate for pork and pork products, breeding swine, and swine semen; application for import or in-transit permit; and declaration of importation.

The activities above were previously approved by the Office of Management and Budget (OMB) under collections 0579-0218 and 0579-0265. In our last extension of approval, we announced that we were combining the two collections and retiring 0579-0265.

When we combined the collections, we did not accurately adjust the estimated burden. In addition, we have increased the estimates of burden to reflect the increased consumer demand for pork

and pork products and to account for the return of the declaration of importation to APHIS from U.S. Customs and Border Protection. We have adjusted the estimates of burden accordingly.

We are asking OMB to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning this information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 1 hour per response.

Respondents: Foreign government animal health officials.

Estimated annual number of respondents: 21.

Estimated annual number of responses per respondent: 20,951.

Estimated annual number of responses: 439,976.

Estimated total annual burden on respondents: 440,374 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 8th day of June 2016.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

DEPARTMENT OF AGRICULTURE

Food and Nutrition Service

Agency Information Collection Activities: Proposed Collection: Comment Request—Professional Standards Training Tracker Tool

AGENCY: Food and Nutrition Service (FNS), USDA.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice invites the general public and other public agencies to comment on this proposed information collection. This collection is a new collection for assisting state agencies to record, track and manage the required training hours in four major areas (Nutrition, Operations, Administration, Communications and Marketing) to meet the requirements of the Healthy Hunger Free Kids Act (HHFKA) of 2010 Professional Standards Rule. The HHFKA (section 306) requires Professional Standards for state and local school district nutrition professionals. In addition to hiring standards, mandatory annual training will be required for all individuals involved in preparing school meals. To meet the training requirements and assist in keeping track of training courses, FNS is developing a web-based application tool with a SQL-server database which will be made available to local educational agencies and school food authorities through the FNS public Web site. While training requirements are mandatory, using the USDA Tracking Tool is voluntary. School nutrition professionals can use any method to track and manage their trainings. These resources will facilitate compliance with HHFKA requirements and will be provided at no cost to the state, district, or individuals.

DATES: Written comments must be received on or before August 15, 2016.

ADDRESSES: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions that were used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including use of appropriate automated, electronic,

mechanical, or other technological collection techniques or other forms of information technology.

Comments may be sent to: Kaushalya Heendeniya, Food and Nutrition Service, U.S. Department of Agriculture, 3101 Park Center Drive, Room 630, Alexandria, VA 22302. Comments may also be submitted via fax to the attention of Kaushalya Heendeniya at 703-305-2549 or via email to kaushalya.heendeniya1@fns.usda.gov. Comments will also be accepted through the Federal eRulemaking Portal. Go to <http://www.regulations.gov>, and follow the online instructions for submitting comments electronically.

All responses to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will be a matter of public record.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of this information collection should be directed to Kaushalya Heendeniya at 703-305-0037.

SUPPLEMENTARY INFORMATION:

Title: Professional Standards Training Tracker Tool.

Form Number: 0584—NEW.

Expiration Date: Not Yet Determined.

Type of Request: New Collection.

Abstract: The Healthy Hunger Free Kids Act of 2010 (section 306) requires Professional Standards for state and local school district nutrition professionals. In addition to hiring standards, mandatory annual training will be required for all individuals involved in preparing school meals. To meet the training requirements and assist in keeping track of training and training courses, FNS is developing a web-based application tool with a SQL-server database which will be made available to local educational agencies and school food authorities through the FNS public Web site, with a login authentication. These resources will facilitate compliance with HHFKA requirements and will be provided at no cost to the state, district, or individuals. In addition, there will be a mobile friendly version of this Professional Standards Training Tracking Tool application to ensure easy usage and accessibility across mobile devices. The application will be compatible with all mobile operating systems (iOS, Android, and Windows).

The user will be able to create a user profile with the following information:

- School District/Address
- School Name/Address
- Individual Name—Contact Information/Email address
- Title of Individual or Role in school nutrition program
