the crop disaster in 2012. Further, the order provides numerous alternatives for the use of restricted fruit, such as handler diversion, for complying with the recommended restriction. Therefore, as stated in the RFA, it is not anticipated that this action will unduly burden growers or handlers.

Additional concerns raised in the comments pertain to pending litigation or issues not applicable to the proposed rule. Accordingly, no changes will be made to the rule as proposed, based on the comments received.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: http://www.ams.usda.gov/rules-regulations/moa/small-businesses. Any questions about the compliance guide should be sent to Antoinette Carter at the previously mentioned address in the FOR FURTHER INFORMATION CONTACT section.

After consideration of all relevant matter presented, including the information and recommendation submitted by the Committee and other available information, it is hereby found that this rule, as hereinafter set forth, will tend to effectuate the declared policy of the Act.

It is further found that good cause exists for not postponing the effective date of this rule until 30 days after publication in the Federal Register (5 U.S.C. 553) because handlers are already shipping tart cherries from the 2015–16 crop. Further, handlers are aware of this rule, which was recommended at a public meeting. Also, a 30-day comment period was provided for in the proposed rule.

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends Class E airspace at Little Rock Air Force Base (AFB), Little Rock, AR. Airspace reconfiguration is necessary due to closure of the air traffic control tower and associated approaches at Dennis F. Cantrell Field, Conway, AR. Dennis F. Cantrell Field is being removed from the airspace designation and legal description as it is no longer needed to describe the boundaries of Little Rock AFB. This action is necessary to ensure continued safety within the National Airspace System (NAS). SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends Class E airspace at Little Rock AFB, Little Rock, AR.

History

On March 7, 2016, the FAA published in the Federal Register a notice of proposed rulemaking (NPRM) to amend the Class E airspace at Little Rock Air Force Base, AR. The air traffic control tower at Dennis F. Cantrell Field, Conway, AR, has closed thereby removing Dennis F. Cantrell Field from the description for Little Rock AFB, (81 FR 11692), Docket No. FAA–2015–3085. Additionally, geographic coordinates for Little Rock AFB and Saline County Airport, Benton, AR, are adjusted. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6005 of FAA
Order 7400.9Z, dated August 6, 2015, and effective September 15, 2015, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.9Z, Airspace Designations and Reporting Points, dated August 6, 2015, and effective September 15, 2015. FAA Order 7400.9Z is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.9Z lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This action amends Title 14, Code of Federal Regulations (14 CFR), Part 71 by amending Class E airspace at Little Rock Air Force Base (AFB), AR. The air traffic control tower at Dennis Cantrell Field, Conway, AR, has closed, and approaches cancelled. This action removes Dennis F. Cantrell Field, Conway, AR, from the airspace designation and regulatory text for Little Rock AFB, as they are no longer needed to define its boundaries. Additionally, geographic coordinates for Little Rock AFB, changed from (lat. 34°54′59″ N., long. 92°08′47″ W.) to (lat. 34°55′03″ N., long. 92°08′42″ W.) and Saline County Airport, Benton, AR, coordinates are changed from (lat. 34°33′23″ N., long. 92°36′25″ W.) to (lat. 34°35′25″ N., long. 92°28′46″ W.). These minor adjustments reflect the current information in the FAA’s aeronautical database.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” paragraph 5–6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.
