**FOR FURTHER INFORMATION CONTACT:** Ms. Tura Gatling, Office of Registration and Safety Information, Department of Transportation, Federal Motor Carrier Safety Administration, 1200 New Jersey Avenue SE., Washington, DC 20590-0001. Telephone Number: (202) 385-2412; Email Address: [tura.gatling@dot.gov](mailto:tura.gatling@dot.gov). Office hours are from 8:00 a.m. to 5:00 p.m., E.T., Monday through Friday, except Federal holidays.

**SUPPLEMENTARY INFORMATION:**

**Background:** The Secretary of Transportation (Secretary) is authorized to register motor carriers under the provisions of 49 U.S.C. 13902; freight forwarders under the provisions of 49 U.S.C. 13903; and property brokers under provisions of 49 U.S.C. 13904. These persons may conduct transportation services only if they are registered pursuant to 49 U.S.C. 13901. The Secretary has delegated authority pertaining to these registration requirements to the FMCSA pursuant to 49 CFR 1.73(a)(5).

Registered motor carriers, brokers and freight forwarders must designate an agent on whom service of notices in proceedings before the Secretary may be made (49 U.S.C. 13303). Registered motor carriers must also designate an agent for every State in which they operate and traverse in the United States during such operations, agents on whom process issued by a court may be served in actions brought against the registered transportation entity (49 U.S.C. 13304, 49 CFR 366.4). Every broker shall make a designation for each State in which its offices are located or in which contracts are written (49 U.S.C. 13304, 49 CFR 366.4). Regulations governing the designation of process agents are found at 49 CFR part 366. This designation is filed with the FMCSA on Form BOC-3, "Designation of Agents for Service of Process."

**Title:** Designation of Agents, Motor Carriers, Brokers and Freight Forwarders.

**OMB Control Number:** 2126-0015.

**Type of Request:** Extension of a currently approved collection.

**Respondents:** Motor carriers, freight forwarders and brokers.

**Estimated Number of Respondents:** 110,371 respondents in the first year

[35,000 currently approved applicants plus 75,371 new entrants].

**Estimated Time per Response:** 10 minutes.

**Expiration Date:** November 30, 2016.

**Frequency of Response:** Form BOC-3 must be filed by all motor carriers, freight forwarders and brokers when the transportation entity first registers with the FMCSA. All brokers shall make a designation for each State in which it has an office or in which contracts are written. Subsequent filings are made only if the motor carrier, broker or freight forwarder changes process agents.

**Estimated Total Annual Burden:** 18,395 hours [110,371 respondents times 10 minutes per response].

**Public Comments Invited:** You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the performance of FMCSA's functions; (2) the accuracy of the estimated burden; (3) ways for FMCSA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize or include your comments in the request for OMB's clearance of this information collection.

[FMCSA Docket No. FMCSA-[2015-0343]

**Qualification of Drivers; Exemption Applications; Diabetes Mellitus**

**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.

**ACTION:** Notice of final disposition.

**SUMMARY:** FMCSA confirms its decision to exempt 68 individuals from its rule prohibiting persons with insulin-treated diabetes mellitus (ITDM) from operating commercial motor vehicles (CMVs) in interstate commerce. The exemptions enable these individuals to operate CMVs in interstate commerce.

**DATES:** The exemptions were effective on April 16, 2016. The exemptions expire on April 16, 2018.

**II. Background**

On March 16, 2016, FMCSA published a notice of receipt of Federal diabetes exemption applications from 68 individuals and requested comments from the public (81 FR 14197). The public comment period closed on April 15, 2016, and 2 comments were received.

FMCSA has evaluated the eligibility of the 68 applicants and determined that granting the exemptions to these individuals would achieve a level of safety equivalent to or greater than the level that would be achieved by complying with the current regulation 49 CFR 391.41(b)(3).

*Diabetes Mellitus and Driving Experience of the Applicants*

The Agency established the current requirement for diabetes in 1970 because several risk studies indicated that drivers with diabetes had a higher rate of crash involvement than the general population. The diabetes rule provides that "A person is physically qualified to drive a commercial motor vehicle if that person has no established medical history or clinical diagnosis of diabetes mellitus currently requiring insulin for control" (49 CFR 391.41(b)(3)).

FMCSA established its diabetes exemption program, based on the Agency's July 2000 study entitled "A Report to Congress on the Feasibility of a Program to Qualify Individuals with Insulin-Treated Diabetes Mellitus to Operate in Interstate Commerce as Directed by the Transportation Act for the 21st Century." The report concluded that a safe and practicable protocol to allow some drivers with ITDM to operate CMVs is feasible. The September 3, 2003 (68 FR 52441), **Federal Register** notice in conjunction with the November 8, 2005 (70 FR 67777), **Federal Register** notice provides the current protocol for allowing such drivers to operate CMVs in interstate commerce.

These 68 applicants have had ITDM over a range of 1 to 51 years. These applicants report no severe hypoglycemic reactions resulting in loss of consciousness or seizure, requiring the assistance of another person, or resulting in impaired cognitive function that occurred without warning symptoms, in the past 12 months and no recurrent (2 or more) severe hypoglycemic episodes in the past 5 years. In each case, an endocrinologist verified that the driver has demonstrated a willingness to properly monitor and manage his/her diabetes mellitus, received education related to diabetes management, and is on a stable insulin regimen. These drivers report no other disqualifying conditions, including diabetes-related complications. Each meets the vision requirement at 49 CFR 391.41(b)(10).

The qualifications and medical condition of each applicant were stated and discussed in detail in the March 16, 2016, **Federal Register** notice and they will not be repeated in this notice.

### III. Discussion of Comments

FMCSA received two comments in this proceeding. Crystal Ramos and an anonymous commenter believe that the exemptions should be granted.

### IV. Basis for Exemption Determination

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from the diabetes requirement in 49 CFR 391.41(b)(3) if the exemption is likely to achieve an equivalent or greater level of safety than would be achieved without the exemption. The exemption allows the applicants to operate CMVs in interstate commerce.

To evaluate the effect of these exemptions on safety, FMCSA considered medical reports about the applicants' ITDM and vision, and reviewed the treating endocrinologists' medical opinion related to the ability of

the driver to safely operate a CMV while using insulin.

Consequently, FMCSA finds that in each case exempting these applicants from the diabetes requirement in 49 CFR 391.41(b)(3) is likely to achieve a level of safety equal to that existing without the exemption.

### V. Conditions and Requirements

The terms and conditions of the exemption will be provided to the applicants in the exemption document and they include the following: (1) That each individual submit a quarterly monitoring checklist completed by the treating endocrinologist as well as an annual checklist with a comprehensive medical evaluation; (2) that each individual reports within 2 business days of occurrence, all episodes of severe hypoglycemia, significant complications, or inability to manage diabetes; also, any involvement in an accident or any other adverse event in a CMV or personal vehicle, whether or not it is related to an episode of hypoglycemia; (3) that each individual provide a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (4) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file, or keep a copy in his/her driver's qualification file if he/she is self-employed. The driver must also have a copy of the certification when driving, for presentation to a duly authorized Federal, State, or local enforcement official.

### VI. Conclusion

Based upon its evaluation of the 68 exemption applications, FMCSA exempts the following drivers from the diabetes requirement in 49 CFR 391.41(b)(10), subject to the requirements cited above 949 CFR 391.64(b)):

In accordance with 49 U.S.C. 31136(e) and 31315 each exemption is valid for two years unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315. If the exemption is still effective at the end of the 2-year period, the person may apply to FMCSA for a renewal under procedures in effect at that time.

### Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2016-0028]

#### Qualification of Drivers; Exemption Applications; Vision

**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.

**ACTION:** Notice of applications for exemptions; request for comments.

**SUMMARY:** FMCSA announces receipt of applications from 37 individuals for exemption from the vision requirement in the Federal Motor Carrier Safety Regulations. They are unable to meet the vision requirement in one eye for various reasons. The exemptions will enable these individuals to operate commercial motor vehicles (CMVs) in interstate commerce without meeting the prescribed vision requirement in one eye. If granted, the exemptions would enable these individuals to qualify as drivers of commercial motor vehicles (CMVs) in interstate commerce.

**DATES:** Comments must be received on or before July 18, 2016. All comments will be investigated by FMCSA. The exemptions will be issued the day after the comment period closes.

**ADDRESSES:** You may submit comments bearing the Federal Docket Management System (FDMS) Docket No. FMCSA-2016-0028 using any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- *Mail:* Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12-140, Washington, DC 20590-0001.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from the Federal Motor Carrier Safety Regulations for a 2-year period if it finds “such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption.” FMCSA can renew exemptions at the end of each 2-year period. The 37 individuals listed in this notice have each requested such an exemption from the vision requirement in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce. Accordingly, the Agency will evaluate the qualifications of each applicant to determine whether granting an exemption will achieve the required level of safety mandated by statute.

## II. Qualifications of Applicants

### Dennis J. Ameling

Mr. Ameling, 54, has had a dense corneal scar in his right eye since childhood. The visual acuity in his right eye is no light perception, and his left eye, 20/20. Following an examination in 2015, his optometrist stated, “My opinion is that his vision is more than capable to drive a commercial vehicle out of state.” Mr. Ameling reported that he has driven straight trucks for 18 years, accumulating 1.44 million miles and tractor-trailer combinations for 21 years, accumulating 2.1 million miles. He holds a Class A CDL from Iowa. His driving record for the last 3 years shows no crashes and one conviction for a moving violation in a CMV; he exceeded the speed limit by 10 miles per hour (mph).

### Daniel A. Bahm

Mr. Bahm, 50, has had amblyopia in his right eye since childhood. The visual acuity in his right eye is count fingers, and in his left eye, 20/20. Following an examination in 2016, his ophthalmologist stated, “According to our exam and his previous visual field test Mr. Bahm has sufficient vision to perform the driving tasks required to operate a commercial vehicle.” Mr. Bahm reported that he has driven straight trucks for 33 years, accumulating 16,500 miles and tractor-trailer combinations for 14 years, accumulating 2.1 million miles. He holds a Class A CDL from Florida. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

### John P. Brooks

Mr. Brooks, 48, has complete loss of vision in his right eye due to a traumatic incident in childhood. The visual acuity in his right eye is light perception, and in his left eye, 20/20. Following an examination in 2016, his ophthalmologist stated, “In my opinion, he does have the vision required to operate a commercial vehicle.” Mr. Brooks reported that he has driven straight trucks for 6 years, accumulating 240,000 miles and tractor-trailer combinations for 18 years, accumulating 144,000 miles. He holds a Class A CDL from Illinois. His driving record for the last 3 years shows no crashes but two convictions in a CMV. In the first incidence, he exceeded the speed limit by 12 mph and in the second incidence; according to the citation, he “disregarded an official traffic control device.”
