DEPARTMENT OF HEALTH AND HUMAN SERVICES

Designation of a Class of Employees for Addition to the Special Exposure Cohort

AGENCY: National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention, Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: HHS gives notice of a decision to designate a class of employees from the Argonne National Laboratory-West site in Scoville, Idaho, as an addition to the Special Exposure Cohort (SEC) under the Energy Employees Occupational Illness Compensation Program Act of 2000.

FOR FURTHER INFORMATION CONTACT:

Stuart L. Hinnefeld, Director, Division of Compensation Analysis and Support, NIOSH, 1090 Tusculum Avenue, MS C– 46, Cincinnati, OH 45226–1938, Telephone 1–877–222–7570. Information requests can also be submitted by email to DCAS@CDC.GOV.

SUPPLEMENTARY INFORMATION:

Authority: 42 U.S.C. 7384q(b). 42 U.S.C. 7384*l*(14)(C).

On June 3, 2016, as provided for under 42 U.S.C. 7384*l*(14)(C), the Secretary of HHS designated the following class of employees as an addition to the SEC:

All employees of the Department of Energy, its predecessor agencies, and their contractors and subcontractors who worked at the Argonne National Laboratory-West during the time period from April 10, 1951, through December 31, 1957, for a number of work days aggregating at least 250 work days, occurring either solely under this employment, or in combination with work days within the parameters established for one or more other classes of employees in the Special Exposure Cohort.

This designation will become effective on July 3, 2016, unless Congress provides otherwise prior to the effective date. After this effective date, HHS will publish a notice in the **Federal Register** reporting the addition of this class to the SEC or the result of any provision by Congress regarding the decision by HHS to add the class to the SEC.

John Howard,

Director, National Institute for Occupational Safety and Health.

Request for Public Comments on the Development of the IACC Strategic Plan for Autism Spectrum Disorder (ASD)

SUMMARY: On behalf of the Interagency Autism Coordinating Committee (IACC) (http://www.iacc.hhs.gov/), the National Institute of Mental Health (NIMH) Office of Autism Research Coordination (OARC) is seeking public comments to assist the IACC in identifying priorities for the 2016 update of the IACC Strategic Plan for Autism Spectrum Disorder (ASD) (current IACC Strategic Plan can be viewed at https:// iacc.hhs.gov/publications/strategicplan/2013/) as required by the Autism Collaboration, Accountability, Research, Education and Support (CARES) Act of 2014 (Pub. L. 113–157).

The IACC is requesting public comments on research, services, and policy issues related to the seven topics addressed by the IACC Strategic Plan: Screening and Diagnosis, Underlying Biology of ASD, Risk Factors, Treatments and Interventions, Services, Lifespan Issues, and Surveillance and Infrastructure.

DATES: Responses to this notice are voluntary and the public comment period will be open from June 15, 2016–July 29, 2016.

ADDRESSES: All comments must be submitted electronically via the webbased form at: https://iacc.hhs.gov/ meetings/public-comments/requests-forinformation/2016/strategic-plan.shtml.

FOR FURTHER INFORMATION CONTACT: Specific questions about this Request for Public Comment should be directed to: *IACCRFI@mail.nih.gov.*

SUPPLEMENTARY INFORMATION: The IACC, a federal advisory committee composed of federal and public members, was established under the Combating Autism Act of 2006. The Committee was most recently reauthorized under the Autism CARES Act of 2014. The law requires that the IACC develop a strategic plan for autism research and update the Plan annually. The IACC last provided an update on the progress of the Strategic Plan in 2013. The IACC Strategic Plan is organized around seven questions that are important for people with ASD and their families:

1. When should I be concerned? (Screening and Diagnosis)

2. How can I understand what is happening? (Underlying Biology of ASD) 3. What caused this to happen and can this be prevented? (Risk Factors)

4. Which treatments and interventions will help? (Treatments and

Interventions)

5. Where can I turn for services? (Services)

6. What does the future hold, especially for adults? (Lifespan Issues)

7. What other infrastructure and surveillance needs must be met? (Surveillance and Infrastructure)

Submission Information. For each chapter of the IACC Strategic Plan, commenters may provide input on what they consider to be the most important research, services and policy issues and remaining gaps in the subject area covered by that chapter. Please note that the web form will accept a maximum of 1,500 characters (including letters, numbers, punctuation, etc.) per topic area. A valid email address is required for submission, and only one submission per email address will be accepted. If duplicate submissions are received, only one example of such a submission will be included in the final set of comments.

The information that commenters provide will become part of the public record; as such, please do not include any personally identifiable or confidential information in the comments. The web form will provide the option of submitting responses anonymously, or the choice to include a name and/or organization associated with the comment. Comments are subject to redaction in accordance with federal policies. All comments or summaries of comments received will be made publicly available on the IACC Web site (www.iacc.hhs.gov) within 90 days of the closing deadline for this notice. Email addresses associated with comments will not be included as part of the public disclosure. After the closing deadline, responses cannot be edited or withdrawn. No basis for claims against the U.S. Government shall arise as a result of a response to this request for information or from the Government's use of such information.

Instructions. All comments must be submitted through the Web form at https://iacc.hhs.gov/meetings/publiccomments/requests-for-information/ 2016/strategic-plan.shtml. Individuals submitting comments will receive an onscreen confirmation acknowledging receipt of the comment, but commenters will not receive individualized feedback or responses from the IACC. Only one comment per email address will be accepted, and if duplicate comments are received, only one example will be provided to the IACC. For further submission details and requirements please see Submission Information below.

Dated: June 10, 2016.

Susan A. Daniels,

Director, Office of Autism Research Coordination, National Institute of Mental Health.

Proposed Collection; 60-Day Comment Request; Cancer Prevention Fellowship Program Fellowship Program and Summer Curriculum Applications (NCI)

SUMMARY: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the National Cancer Institute, the National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

Written comments and/or suggestions from the public and affected agencies are invited to address one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) The quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

To Submit Comments and For Further Information: To obtain a copy of the data collection plans and instruments, submit comments in writing, or request more information on the proposed project, contact: Annalisa Gnoleba, Public Health Analyst, Cancer Prevention Fellowship Program, 9609 Medical Center Drive, Room 2E-108 Bethesda, Maryland 20892-9776 or call non-toll-free number (240)-276-7146 or Email your request, including your address to: gnolebaad@mail.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

DATES: *Comment Due Date:* Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.

Proposed Collection: Cancer Prevention Fellowship Program Fellowship Program and Summer Curriculum Applications (NCI), 0925– NEW, EXISTING INFORMATION COLLECTION WITHOUT AN OMB NUMBER, National Cancer Institute (NCI), National Institutes of Health (NIH).

Need and Use of Information Collection: The National Cancer Institute, Division of Cancer Prevention,

ESTIMATED ANNUALIZED BURDEN HOURS

Cancer Prevention Fellowship Program (CPFP) administers a variety of programs and initiatives to recruit postdoctoral educational level individuals into the Intramural and extramural Research Program to facilitate their development into future scientists. CPFP trains post-doctoral fellows through full time fellowships in preparation for research careers in cancer prevention and control. The proposed information collection involves brief online applications completed by applicants to the full time and the summer curriculum programs. Full-time fellowships include: Non-FTE fellowships for U.S. citizens and permanent residents and fellows that are part of the Irish Consortia. These applications are essential to the administration of these training programs as they enable CPFP to determine the eligibility and quality of potential awardees; to assess their potential as future scientists; to determine where mutual research interests exist; and to make decisions regarding which applicants will be proposed and approved for traineeship awards. In each case, completing the application is voluntary, but in order to receive due consideration, the prospective trainee is encouraged to complete all relevant fields. The information is for internal use to make decisions about prospective fellows and students that could benefit from the CPFP program.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 400.

Form	Type of respondent	Estimated number of respondents	Estimated number of responses annually per respondent	Estimated total annual burden hours	Estimated total annual burden hours
CPFP Fellowship Application (Attachment 1) Reference Recommendation Letters (Attachment 3).		150 150	1	1	150 150
CPFP Summer Curriculum Application (Attachment 2).	Student Applicants	100	1	1	100
Total		400	400		400

Dated: June 9, 2016.
