

BASE PENALTY MATRIX

Voluntary Self-Disclosure?	Egregious Case?	
	NO	YES
YES	(1) One-Half of the Transaction Value (capped at \$125,000 per violation).	(3) Up to One-Half of the Applicable Statutory Maximum.
NO	(2) Applicable Schedule Amount (capped at \$250,000 per violation).	(4) Up to the Applicable Statutory Maximum.

Note to paragraph IV.B.2. The dollar values that appear in IV.B.2.a.i and .ii, and in the Base Penalty Matrix may be adjusted in accordance with U.S. law, e.g., the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (Pub. L. 114-74, sec. 701).

b. Adjustment for Applicable Relevant Factors.

In non-egregious cases the base penalty amount of the civil monetary penalty may be adjusted to reflect applicable Factors for Administrative Action set forth in Section III of these Guidelines. In egregious cases the base penalty amount of the civil monetary penalty will be set based on applicable Factors for Administrative Action set forth in Section III of these Guidelines. A Factor may result in a lower or higher penalty amount depending upon whether it is aggravating or mitigating or otherwise relevant to the circumstances at hand. Mitigating factors may be combined for a greater reduction in penalty, but mitigation will generally not exceed 75 percent of the base penalty, except in the case of VSDs, where full suspension is possible with conditions in certain non-egregious cases. Subject to this limitation, as a general matter, in those cases where the following Mitigating Factors are present, OEE will adjust the base penalty amount in the following manner:

In cases involving exceptional cooperation with OEE as set forth in Mitigating Factor G, but no voluntary self-disclosure as defined in § 764.5 of the EAR, the base penalty amount generally will be reduced between 25 and 40 percent. Exceptional cooperation in cases involving voluntary self-disclosure may also be considered as a further mitigating factor.

In cases involving a Respondent's first violation, the base penalty amount generally will be reduced by up to 25 percent. An apparent violation generally will be considered a "first violation" if the Respondent has not been convicted of an export-related criminal violation or been subject to a BIS final order in five years, preceding the date of the transaction giving rise to the apparent violation. A group of substantially similar apparent violations addressed in a single Charging Letter shall be considered as a single violation for purposes of this subsection. In those cases where a prior Charging Letter within the preceding five years involved conduct of a substantially different nature from the apparent violation at issue, OEE may consider the apparent violation at issue a "first violation." Warning Letters issued within the preceding five years are not factored into account for purposes of determining eligibility for "first offense"

mitigation. When an acquiring firm takes reasonable steps to uncover, correct, and disclose or cause to be disclosed to OEE conduct that gave rise to violations by an acquired business before the acquisition, OEE typically will not take such violations into account as an aggravating factor in settling other violations by the acquiring firm.

iii. In cases involving charges pertaining to transactions where a license exception would have been available or a license would likely have been approved had one been sought as set forth in Mitigating Factor H, the base penalty amount generally will be reduced by up to 25 percent.

In all cases, the penalty amount will not exceed the applicable statutory maximum. Similarly, while mitigating factors may be combined for a greater reduction in penalty, mitigation will generally not exceed 75 percent of the base penalty, except in the case of VSDs, where full suspension is possible with conditions in certain non-egregious cases.

C. Settlement Procedures.

The procedures relating to the settlement of administrative enforcement cases are set forth in § 766.18 of the EAR.
