Public Notice of Intent for Studies and Initial Scoping Meeting for Gulf Intracoastal Waterway Brazos River Floodgates and Colorado River Locks Feasibility Study

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent and public scoping meeting.

SUMMARY: This notice provides a summary of the ongoing feasibility study activities for the Gulf Intracoastal Waterway (GIWW) Brazos River Floodgates (BRFG) and Colorado River Locks (CRL) Feasibility Study and solicit public input regarding the study. The objective of the feasibility study is to investigate and recommend solutions to improve traffic safety and navigation efficiencies at the confluence of the GIWW with the BRFG and CRL. The GIWW BRFG/CRL Feasibility Study will identify and evaluate possible structural and navigation alternatives to reduce traffic accidents and navigation delays. The non-Federal sponsor for the project is the Texas Department of Transportation (TxDOT).

DATES: The Galveston District will hold the Initial Public Scoping Meeting for the Feasibility Phase on July 12, 2016 from 6:00–8:00 p.m. at the West Columbia Civic Center. The purpose of the meeting will be to inform the community about the proposed navigation modification project, present how the study will be conducted, solicit public input regarding the initial scope of potential issues/alternatives to be addressed, and identify those issues/alternatives that should be analyzed further, or eliminated, based on their significance and effects on the environment. The information from the public meeting will be used in the development of an Environmental Impact Statement in compliance with the National Environmental Policy Act (NEPA) requirements. This notice serves as an invitation for the public to attend. The public will be provided an opportunity for questions and comments.

We are soliciting comments/concerns on the opportunities to improve navigation along the GIWW at the Brazos and Colorado Rivers, the identification of resources that may occur within the study area, and other social, economic, and environmental concerns.

All interested parties are invited to provide input to this study. Please send your comments or questions regarding this notice or mailing list updates to USACE SWG, 2000 Ft. Point Rd., Galveston, TX 77550. Written input can also be submitted and is requested by August 11, 2016. If we can provide further information, contact the project manager, Ms. Francille Craft, by phone at (409) 766–3187 or by email at franchelle.e.craft@usace.army.mil.

Eric W. Verwers,
Director, Regional Planning and Environmental Center.
