

errors in our calculation of Deacero's margin for the *Final Results*. For a complete discussion of these allegations, see the Department's Ministerial Errors Memorandum.⁶

In accordance with section 751(h) of the Act and 19 CFR 351.224(e), we are amending the *Final Results*.⁷ The revised weighted-average dumping margin is detailed below.

Amended Final Results

As a result of correcting for these ministerial errors, we determine the following margin exists for the period October 1, 2012, through September 30, 2013.

Manufacturer/exporter	Weighted-average dumping margin (percent)
Deacero S.A.P.I. de C.V. and Deacero USA, Inc. (collectively, Deacero).	1.13 <i>ad valorem</i> .

Assessment Rate

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b), the Department will determine, and U.S. Customs and Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the amended final results of this review. The Department intends to issue assessment instructions to CBP 41 days after the date of publication of these amended final results of review.

For assessment purposes, the Department applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

We calculated such rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales for which entered value was reported. If an importer-specific assessment rate is zero or *de minimis* (i.e., less than 0.50 percent) or the exporter has a weighted-average dumping margin that is zero or *de minimis*, the Department will instruct CBP to assess that importer's entries of subject merchandise without

regard to antidumping duties, in accordance with 19 CFR 351.106(c)(2).

For entries of subject merchandise during the POR produced by a respondent for which it did not know that its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this assessment practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of amended final results of administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication of the amended final results of this administrative review, as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for Deacero will be the rate established in the amended final results of this administrative review; (2) for merchandise exported by manufacturers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 20.11 percent, the all-others rate established in the investigation.⁸ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent increase in antidumping duties by the

amount of antidumping duties reimbursed.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Disclosure

We will disclose the calculations performed for these amended final results to interested parties within five business days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.224(e).

Dated: June 21, 2016.

Ronald K. Lorentzen,

Acting Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE

International Trade Administration

[A-570-008]

Calcium Hypochlorite From the People's Republic of China: Preliminary Intent To Rescind the New Shipper Review of Haixing Jingmei Chemical Products Sales Co., Ltd.

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: In response to a July 17, 2015 request from Haixing Jingmei Chemical Products Sales Co., Ltd. ("Jingmei"), and its affiliated producer, Haixing Eno Chemical Co., Ltd. ("Eno"), the Department of Commerce (the Department) is conducting a new shipper review of Haixing Jingmei Chemical Products Sales Co., Ltd. ("Jingmei"), regarding the antidumping duty order on calcium hypochlorite from the People's Republic of China ("PRC"). The period of review ("POR")

⁶ See "2012-2013 Administrative Review of the Antidumping Order on Carbon and Certain Alloy Steel Wire Rod from Mexico: Ministerial Error Allegations for Final Results" dated concurrently with this notice ("Ministerial Errors Memorandum").

⁷ *Id.*

⁸ See *Notice of Antidumping Duty Orders: Carbon and Certain Alloy Steel Wire Rod from Brazil, Indonesia, Mexico, Moldova, Trinidad and Tobago, and Ukraine*, 67 FR 65945 (October 29, 2002).

is July 25, 2014, through June 30, 2015.¹ The Department preliminarily determines to rescind this review because we requested but were not provided sufficient information to conduct a *bona fide* analysis as required by the statute, and accordingly cannot determine whether Jingmei's new shipper sales are *bona fide*. Interested parties are invited to comment on these preliminary results.

DATES: *Effective Date:* June 27, 2016.

FOR FURTHER INFORMATION CONTACT:

Kabir Archuleta, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-2593.

SUPPLEMENTARY INFORMATION:

Background

On August 26, 2015, the Department published notice of initiation of a new shipper review of calcium hypochlorite from the PRC for the period July 25, 2014, through June 30, 2015.² On November 5, 2015, the Department extended the deadline for the preliminary results to June 14, 2016.³ The Department tolled the deadline for these preliminary results by an additional four business days as a result of the Government closure due to Snowstorm "Jonas," which extended the deadline to June 20, 2016.⁴

Scope of the Order

The merchandise covered by the Order is calcium hypochlorite, regardless of form (*e.g.*, powder, tablet (compressed), crystalline (granular), or in liquid solution), whether or not blended with other materials, containing at least 10% available chlorine measured by actual weight. Calcium hypochlorite is currently classifiable under the subheading

2828.10.0000 of the Harmonized Tariff Schedule of the United States.⁵

Methodology

The Department is conducting this review in accordance with section 751(a)(2)(B) of the Tariff Act of 1930, as amended ("the Act"), and 19 CFR 351.214. For a full description of the methodology underlying our conclusions, *see* the Preliminary Decision Memorandum.

The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("ACCESS"). ACCESS is available to registered users at <http://access.trade.gov> and in the Department's Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at <http://enforcement.trade.gov/frn/>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Rescission of Jingmei New Shipper Review

For the reasons detailed in the Preliminary Decision Memorandum, the Department preliminarily finds that, as a result of Jingmei's customers' failure to provide necessary information, we cannot determine whether Jingmei's sales under review are *bona fide*, and, therefore, whether they provide a reasonable or reliable basis for calculating a dumping margin. As result, the Department is preliminarily rescinding the new shipper review of Jingmei.

⁵ *See* Memorandum to Ronald K. Lorentzen, Acting Assistant Secretary for Enforcement and Compliance, from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations "Decision Memorandum for the Preliminary Results of the Antidumping Duty New Shipper Review of Calcium Hypochlorite from the People's Republic of China: Haixing Jingmei Chemical Products Sales Co., Ltd." dated concurrently with and hereby adopted by this notice ("Preliminary Decision Memorandum") for a complete description of the Scope of the Order. *See also* Memorandum to James Doyle, Director, Office V, Antidumping and Countervailing Duty Operations, through Catherine Bertrand, Program Manager, Office V, Antidumping and Countervailing Duty Operations, from Kabir Archuleta, Senior International Trade Analyst, titled "*Bona Fide* Nature of the Sales in the Antidumping Duty New Shipper Review of Calcium Hypochlorite from the People's Republic of China: Haixing Jingmei Chemical Products Sales Co., Ltd." dated concurrently with this notice.

Disclosure and Public Comment

The Department will disclose the analysis performed for these preliminary results to the parties within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Interested parties may submit written comments by no later than 30 days after the date of publication of these preliminary results of review.⁶ Rebuttals, limited to issues raised in the written comments, may be filed by no later than five days after the written comments are filed.⁷

Any interested party may request a hearing within 30 days of publication of this notice.⁸ Hearing requests should contain the following information: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations will be limited to issues raised in the briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230.⁹

The Department intends to issue the final results of this new shipper review, which will include the results of its analysis of issues raised in any such comments, within 90 days of publication of these preliminary results, pursuant to section 751(a)(2)(B)(iv) of the Act.

Assessment Rates

Upon completion of the final results, pursuant to 19 CFR 351.212(b), the Department will determine, and the U.S. Customs and Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries. If we proceed to a final rescission of the new shipper review, Jingmei's entries will be assessed at the rate entered.¹⁰ If we do not proceed to a final rescission of the new shipper review, pursuant to 19 CFR 351.212(b)(1), we will calculate importer-specific assessment rates. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any importer-specific assessment rate calculated in the final results of this review is above *de minimis*.¹¹

Cash Deposit Requirements

Effective upon publication of the final rescission or the final results of this new

shipper review, we will instruct CBP to discontinue the option of posting a bond or security in lieu of a cash deposit for entries of subject merchandise by Jingmei. If the Department proceeds to a final rescission of the new shipper review, the cash deposit rate will continue to be the PRC-wide rate. If we issue final results of the new shipper review for Jingmei, we will instruct CBP to collect cash deposits, effective upon the publication of the final results, at the rates established therein.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

The Department is issuing and publishing these results in accordance with sections 751(a)(2)(B) and 777(i)(l) of the Act, and 19 CFR 351.214 and 19 CFR 351.221(b)(4).

Dated: June 20, 2016.

Ronald K. Lorentzen,

Acting Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XE689

Marine Mammals; File No. 18529

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that Janice Straley, Ph.D., University of Alaska Southeast, 1332 Sward Ave., Sitka, AK 99835, has applied in due

form for a permit to conduct research on 16 species of cetaceans.

DATES: Written, telefaxed, or email comments must be received on or before July 27, 2016.

ADDRESSES: The application and related documents are available for review by selecting "Records Open for Public Comment" from the "Features" box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 18529 from the list of available applications.

These documents are also available upon written request or by appointment in the Permits and Conservation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 427-8401; fax (301) 713-0376.

Written comments on this application should be submitted to the Chief, Permits and Conservation Division, at the address listed above. Comments may also be submitted by facsimile to (301) 713-0376, or by email to NMFS.Pr1Comments@noaa.gov. Please include the File No. in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits and Conservation Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT:

Carrie Hubbard or Amy Sloan, (301) 427-8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

The applicant proposes to further the understanding of large whales in Alaskan waters by conducting vessel research, including photo-identification, behavioral observations, acoustic playbacks, biopsy sampling, suction cup and dart tagging, underwater photography/video, and prey-mapping sonar. Prey samples, blow, sloughed skin and feces would also be collected. Research would occur in all Alaskan waters, including southeastern Alaska, Glacier Bay National Park and Preserve, Prince William Sound, Gulf of Alaska, Bering Sea, Chukchi Sea, and Beaufort

Sea. Specific goals are to: (1) Continue and expand a study of humpback whales (*Megaptera novaeangliae*); (2) study sperm whale (*Physeter macrocephalus*) movements, foraging behavior, and depredation on longline fishing gear; (3) study killer whale (*Orcinus orca*) seasonal movements, foraging, migration patterns and depredation; and (4) enhance the body of knowledge, stock structure, and current status of other cetacean species in the study area. In addition to the three focus species, six other large whale species and seven other small cetaceans would be targeted for research. The permit would be valid for five years.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: June 21, 2016.

Julia Harrison,

Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service.
