Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, and for the reasons explained in the Issues and Decision Memorandum, we revised the margin calculations for HHHFISH.⁷

Final Results of the Review

The dumping margin for the final results of this new shipper review is as follows:

Exporter/producer	Weighted-average margin (dollars/kilogram) ⁸
Hai Huang Seafood Joint Stock Company	1.25

Disclosure

The Department will disclose calculations performed for these final results to the parties within five days of the date of publication of this notice, in accordance with section 351.224(b) of the Department’s regulations.

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of the final results of this new shipper review.

For assessment purposes, we calculated importer (or customer)-specific assessment rates for merchandise subject to this review. We will continue to direct CBP to assess importer specific assessment rates based on the resulting per-unit (*i.e.*, per kg) rates by the weight in kgs of each entry of the subject merchandise during the POR. Specifically, we calculated importer specific duty assessment rates

⁷ See Issues and Decision Memorandum.

⁸ In the third administrative review of this order, the Department determined that it would calculate per-unit assessment and cash deposit rates for all future reviews. See *Certain Frozen Fish Fillets from the Socialist Republic of Vietnam: Final Results of Antidumping Duty Administrative Review and Partial Rescission*, 73 FR 15479 (March 24, 2008).

on a per-unit rate basis by dividing the total dumping margins (calculated as the difference between normal value and export price, or constructed export price) for each importer by the total sales quantity of subject merchandise sold to that importer during the POR. If an importer (or customer)-specific assessment rate is *de minimis* (*i.e.*, less than 0.50 percent), the Department will instruct CBP to assess that importer (or customer’s) entries of subject merchandise without regard to antidumping duties, in accordance with 19 CFR 351.106(c)(2).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this new shipper review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For subject merchandise produced and exported by HHHFISH, the cash deposit rate will be the rate established in the final results of this new shipper review (except, if the rate is zero or *de minimis*, *i.e.*, less than 0.5 percent, a zero cash deposit rate will be required for the specific producer-exporter combination listed above); (2) for subject merchandise exported by HHHFISH, but not manufactured by HHHFISH, the cash deposit rate will continue to be the Vietnam-wide rate (*i.e.*, \$2.35/Kilogram); and (3) for subject merchandise manufactured by HHHFISH, but exported by any other party, the cash deposit rate will be the Vietnam-wide rate (*i.e.*, \$2.35/Kilogram). The cash deposit requirement, when imposed, shall remain in effect until further notice.

Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (“APO”) of their

responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this new shipper review and notice in accordance with sections 751(a)(2)(B) and 777(i) of the Tariff Act of 1930, as amended, and 19 CFR 351.214.

Dated: June 27, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Therefore, for the final results, we continue to find that three of the producers or exporters for which the Department initiated a review, Schwerm Metall, ThyssenKrupp, and Wieland, had no shipments during the POR. Further, we find that subject merchandise has been sold at less than normal value by seven of the companies subject to this review.³

DATES: *Effective Date:* July 7, 2016.

Background

On April 11, 2016, the Department published the *Preliminary Results*. The period of review (POR) is March 1, 2014, through February 28, 2015. We invited interested parties to comment on the *Preliminary Results*. We received no comments from any party. The Department conducted this administrative review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The scope of the order covers shipments of brass sheet and strip, other than leaded and tinned, from Germany. The chemical composition of the covered products is currently defined in the Copper Development Association (CDA) 200 Series or the Unified Numbering System (UNS) C2000; this review does not cover products the chemical compositions of which are defined by other CDA or UNS series. In physical dimensions, the products covered by this review have a solid rectangular cross section over 0.006 inches (0.15 millimeters) through 0.188 inches (4.8 millimeters) in finished thickness or gauge, regardless of width. Coiled, wound-on-reels (traverse

² The ten producers or exporters include: Aurubis Stolberg GmbH & Co. KG (Aurubis), Carl Schreiber GmbH (Schreiber), KME Germany AG & Co. KG (KME), Messingwerk Plettenberg Herfeld GmbH & Co. KG (Messingwerk), MKM Mansfelder Kupfer & Messing GmbH (MKM), Schlenk Metallfolien GmbH & Co. KG (Schlenk), Schwerm Metall Halbzeugwerk GmbH & Co. KG (Schwerm Metall), Sundwiger Messingwerke GmbH & Co. KG (Sundwiger), ThyssenKrupp VDM GmbH (ThyssenKrupp), and Wieland-Werke AG (Wieland).

wound), and cut-to-length products are included. The merchandise is currently classified under Harmonized Tariff Schedule of the United States (HTSUS) item numbers 7409.21.00.50, 7409.21.00.75, 7409.21.00.90, 7409.29.00.50, 7409.29.00.75, and 7409.29.0090. Although the HTSUS item numbers are provided for convenience and customs purposes, the written description of the scope of this order remains dispositive.

Final Determination of No Shipments

As noted above, the Department received no comments concerning the *Preliminary Results* of this segment of the proceeding. As there are no changes from, or comments on, the *Preliminary Results*, the Department continues to find that Schwerm Metall, ThyssenKrupp, and Wieland had no shipments of the subject merchandise, and, therefore, no reviewable transactions, during the POR. Further, we find that subject merchandise has been sold at less than normal value by Aurubis, Schreiber, KME, Messingwerk, MKM, Schlenk, and Sundwiger. Accordingly, the preliminary issues and decision memorandum is adopted in toto as the final decision memorandum and no new decision memorandum accompanies this **Federal Register** notice. For further details of the issues addressed in this proceeding, see the *Preliminary Results* and the accompanying Preliminary Decision Memorandum.⁴

Final Results of Review

As a result of this review, the Department determines that the following dumping margins on brass sheet and strip from Germany exist for the period March 1, 2014, through February 28, 2015:
