**FOR FURTHER INFORMATION CONTACT:** For specific questions related to collection activities, please contact NCES Information Collections at [NCES.Information.Collections@ed.gov](mailto:NCES.Information.Collections@ed.gov).

**SUPPLEMENTARY INFORMATION:** The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

**Title of Collection:** Program for the International Assessment of Adult Competencies (PIAAC) 2017 National Supplement.

**OMB Control Number:** 1850-0870.

**Type of Review:** A reinstatement of a previously approved information collection.

**Respondents/Affected Public:** Individuals.

**Total Estimated Number of Annual Responses:** 12,626.

**Total Estimated Number of Annual Burden Hours:** 3,960.

**Abstract:** The Program for the International Assessment of Adult Competencies (PIAAC) is a cyclical, large-scale study of adult skills and life experiences focusing on education and employment, designed internationally to assess adults in different countries over a broad range of abilities, from simple reading to complex problem-

solving skills, and to collect information on individuals' skill use and background. In the United States, PIAAC is conducted by the National Center for Education Statistics (NCES). PIAAC defines four core competency domains of adult cognitive skills seen as key to facilitating the social and economic participation of adults in advanced economies: Literacy, reading components, numeracy, and problem solving in technology-rich environments. PIAAC also surveys adults on their education background, work history, the skills they use on the job and at home, their civic engagement, and sense of their health and well-being. The results are used to compare participating countries on the skills capacities of their workforce-aged adults and to learn more about relationships between educational background, employment, and other outcomes. PIAAC is coordinated by the Organization for Economic Cooperation and Development (OECD) and developed by participating countries with the support of the OECD. U.S. participated in the PIAAC Main Study data collection in 2012, conducted a national supplement in 2014, and in this submission requests to conduct the PIAAC 2017 National Supplement data collection from February to September 2017 with a nationally representative sample of 3,800 adults ages 16-74, in a new sample of 80 primary sampling units (PSUs).

*Title of Collection:* Magnet Schools Assistance Program Application for Grants (1894-0001).

*OMB Control Number:* 1855-0011.

*Type of Review:* An extension of an existing information collection.

*Respondents/Affected Public:* State, Local, and Tribal Governments.

*Total Estimated Number of Annual Responses:* 150.

*Total Estimated Number of Annual Burden Hours:* 6,000.

*Abstract:* The Magnet Schools Assistance program provides grants to eligible local educational agencies to

establish and operate magnet schools that are operated under a court-ordered or federally approved voluntary desegregation plan. These grants assist in the desegregation of public schools by supporting the elimination, reduction, and prevention of minority group isolation in elementary and secondary schools with substantial numbers of minority group students. In order to meet the statutory purposes of the program under title V of the Elementary and Secondary Education Act, projects also must support the development and implementation of magnet schools that assist in the achievement of systemic reforms and provide all students with the opportunity to meet challenging academic content and student academic achievement standards. Projects support the development and design of innovative education methods and practices that promote diversity and increase choices in public education programs. The program supports capacity development the ability of a school to help all its students meet more challenging standards through professional development and other activities that will enable the continued operation of the magnet schools at a high performance level after funding ends. Finally, the program supports the implementation of courses of instruction in magnet schools that strengthen students knowledge of academic subjects and their grasp of tangible and marketable vocational skills.
