

in the Auditorium (L-002) at the Commission's headquarters building, to hear oral argument in an appeal by the Respondents John J. Aesoph, CPA and Darren M. Bennett, CPA, and a cross-appeal by the Division of Enforcement, from an initial decision of an administrative law judge.

On June 27, 2014, the law judge found that Aesoph and Bennett engaged in "improper professional conduct" under Commission Rule of Practice 102(e) and Section 4C of the Securities Exchange Act of 1934, during their service as the engagement partner and senior manager of KPMG, LLP's audit of the 2008 financial statements of TierOne Corporation, a holding company for TierOne Bank. The law judge suspended Aesoph from appearing or practicing before the Commission as an accountant for one year, and suspended Bennett from appearing or practicing before the Commission as an accountant for six months.

Respondents appealed the law judge's findings of liability and the sanctions imposed; the Division cross-appealed the sanctions imposed. The issues likely to be considered at oral argument include, among other things, whether Respondents engaged in "improper professional conduct" as alleged and, if so, the extent to which they should be sanctioned. Also likely to be considered at oral argument is whether these administrative proceedings violate the U.S. Constitution.

SUPPLEMENTARY INFORMATION:

I. Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from certain parts of the Federal Motor Carrier Safety Regulations (FMCSRs) for a 2-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption." The statute allows the Agency to renew exemptions at the end of the 2-year period.

On July 8, 2014, FMCSA granted Virginia a 2-year exemption that enables interstate CMV drivers licensed in Virginia who are subject to the Federal SPE requirements under 49 CFR 391.49 to fulfill the Federal requirements with a State-issued SPE (79 FR 38659). The requirements of the exemption were outlined in this notice and will therefore not be repeated. Virginia has established its own SPE program that is essentially identical to the current FMCSA SPE program to include an application process modeled on the FMCSA process. In addition, State personnel who have completed SPE training identical to that of FMCSA personnel currently administer the SPE program and conduct the skill
