The collection and maintenance of this information will assist DHS/USCG in meeting its statutory obligation in providing personal legal assistance to USCG military personnel. Legal Assistance is a branch of the Judge Advocate General (JAG) CG-094. Legal Assistance is established for all military branches of the Department of Defense and the DHS/USCG by an Act of Congress under 10 U.S.C. 1044. According to sec. 1044, the purpose is to assist qualified individuals and provide legal assistance in connection with their personal civil legal affairs. Eligible personnel are outlined in sec. 1044:

- Military personnel of the armed forces who are on active duty (including reservists on active duty or scheduled for deployment).
- Military personnel and former military personnel entitled to retired or retainer pay or equivalent pay.

Consistent with DHS's information-sharing mission, information stored in the DHS/USCG-015 Legal Assistance Case Files System of Records may be shared with other DHS components that

have a need to know the information to carry out their national security, law enforcement, immigration, intelligence, or other homeland security functions. In addition, information may be shared with appropriate Federal, State, local, tribal, territorial, foreign, or international government agencies consistent with the routine uses set forth in this system of records notice. This updated system will be included in DHS's inventory of record systems.

II. Privacy Act

The Privacy Act embodies fair information practice principles in a statutory framework governing the means by which Federal Government agencies collect, maintain, use, and disseminate individuals' records. The Privacy Act applies to information that is maintained in a "system of records." A "system of records" is a group of any records under the control of an agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined to encompass U.S. citizens and lawful permanent residents. As a matter of policy, DHS extends administrative Privacy Act protections to all individuals when systems of records maintain information on U.S. citizens, lawful permanent residents, and visitors.

Below is the description of the DHS/USCG-015 Legal Assistance Case Files System of Records.

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Office of the Secretary

[Docket No. DHS-2016-0041]

Privacy Act of 1974; Department of Homeland Security/U.S. Immigration and Customs Enforcement-014 Homeland Security Investigations Forensic Laboratory System of Records

AGENCY: Department of Homeland Security, Privacy Office.

ACTION: Notice of amendment of Privacy Act system of records.

SUMMARY: In accordance with the Privacy Act of 1974, the Department of Homeland Security (DHS) proposes to update and reissue a current DHS system of records titled, "Department of

Homeland Security/U.S. Immigration and Customs Enforcement-014 Homeland Security Investigations Forensic Laboratory (HSI-FL) System of Records." This system of records allows the DHS/U.S. Immigration and Customs Enforcement (ICE) to collect and maintain records by the HSI-FL. The HSI-FL is a U.S. crime laboratory specializing in scientific authentication; forensic examination; research, analysis, and training related to travel and identity documents; latent and patent finger and palm prints; and audio and video files in support of law enforcement investigations and activities by DHS and other agencies. As a result of a biennial review of this system, DHS/ICE is updating this system of records notice to include minor changes that were made to make the wording consistent with the routine uses of other ICE System of Records Notice (SORN) and in accordance with Appendix I to the Office of Management and Budget (OMB) Circular A-130, Federal Agency Responsibilities for Maintaining Records About Individuals. DHS/ICE made minor changes to: Routine Use G that supports ICE's sharing of information with domestic and international law enforcement agencies when there is a violation, or potential criminal, civil, or regulatory violation of law, rule, regulation, or order; Routine Use H that supports parties involved in court litigation when DHS is a party or has an interest; Routine Use V that supports DHS in making a determination regarding redress for an individual; and the retention and disposal section has been updated to note that the current approved ICE records disposition authority states that all case files, other than war crime cases be destroyed five years after the date of completion of the forensic examination. War crime cases are unscheduled at this time, and thus deemed permanent records.

In addition, a new schedule is currently being reviewed and once approved will provide lengthier retention periods than the current schedule. ICE is proposing that case files related to significant cases such as war crimes, terrorism, and homicide cases should be retained at ICE for 20 years after completion of the investigation and all actions based thereon, and then transferred to the National Archives for permanent retention. Once the schedules are approved the SORN will be updated to reflect the changes. The exemptions for the existing SORN will continue to be unchanged. This updated system will be

included in DHS's inventory of record systems.

DATES: Submit comments on or before August 15, 2016. This updated system will be effective August 15, 2016.

ADDRESSES: You may submit comments, identified by docket number DHS-2016-0041 by one of the following methods:

• *Mail:* Karen L. Neuman, Chief Privacy Officer, Privacy Office, Department of Homeland Security, Washington, DC 20528-0655.

Instructions: All submissions received must include the agency name and docket number for this rulemaking. All comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided.
