Countervailing Duty Investigation of Stainless Steel Sheet and Strip From the People's Republic of China: Preliminary Affirmative Determination and Alignment of Final Determination With Final Antidumping Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) preliminarily determines that countervailable subsidies are being provided to producers and exporters of stainless steel sheet and strip (stainless sheet and strip) from the People's Republic of China (PRC). The period of investigation is January 1, 2015, through December 31, 2015. We invite interested parties to comment on this preliminary determination.

DATES: Effective July 18, 2016.

FOR FURTHER INFORMATION CONTACT:

Emily Halle, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482-0176.

SUPPLEMENTARY INFORMATION:

Scope of the Investigation

The products covered by this investigation are stainless sheet and strip from the PRC. For a complete description of the scope of this investigation, see Appendix II.

Methodology

The Department is conducting this countervailing duty (CVD) investigation in accordance with section 701 of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we preliminarily determine that there is a subsidy, *i.e.*, a financial contribution by an "authority" that gives rise to a benefit to the recipient, and that the subsidy is specific.¹ For a full description of the methodology underlying our preliminary conclusions, see the Preliminary Decision Memorandum.² A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed Preliminary Decision Memorandum and the electronic version are identical in content.

The Department notes that, in making these findings, we relied, in part, on facts available and, because we find that one or more respondents did not act to the best of their ability to respond to the Department's requests for information, we drew an adverse inference where appropriate in selecting from among the facts otherwise available.³ For further information, see "Use of Facts Otherwise Available and Adverse Inferences" in the Preliminary Decision Memorandum.

Alignment

As noted in the Preliminary Decision Memorandum, in accordance with

¹ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

² See Memorandum, "Decision Memorandum for the Preliminary Affirmative Determination: Countervailing Duty Investigation of Stainless Steel Sheet and Strip From the People's Republic of China," dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

³ See sections 776(a) and (b) of the Act.

section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), we are aligning the final CVD determination in this investigation with the final determination in the companion antidumping duty (AD) investigation of stainless sheet and strip from the PRC based on a request made by Petitioners.⁴ Consequently, the final CVD determination will be issued on the same date as the final AD determination, which is currently scheduled to be issued no later than November 23, 2016, unless postponed.

Preliminary Determination and Suspension of Liquidation

In accordance with section 703(d)(1)(A)(i) of the Act, we calculated an individual estimated countervailable subsidy rate for Shanxi Taigang Stainless Steel Co. Ltd. (Taigang), the only cooperating, individually-investigated exporter/producer. Additionally, in accordance with sections 703(d) and 705(c)(5)(A) of the Act, for companies not individually investigated, we apply an "all-others" rate, which is normally calculated by weight averaging the subsidy rates of the companies selected for individual investigation by those companies' exports of the subject merchandise to the United States. However, under section 705(c)(5)(A)(i) of the Act, the all-others rate excludes zero and *de minimis* rates calculated for the exporters and producers individually investigated, as well as rates based entirely on facts otherwise available. Therefore, we have excluded the rates based entirely on facts otherwise available assigned to Ningbo Baoxin Stainless Steel Co., Ltd. (Ningbo Baoxin) and Daming International Import Export Co. Ltd. (Daming) from the all-others rate. Because the only individually calculated rate that is not zero, *de minimis*, or based on facts otherwise available is the rate calculated for Taigang, in accordance with section 705(c)(5)(A)(i) of the Act, the rate calculated for Taigang is preliminarily assigned as the all-others rate. The preliminary estimated countervailable subsidy rates are summarized in the table below.

⁴ See Letter from Petitioners, "Countervailing Duty Investigation of Stainless Steel Sheet and Strip from the People's Republic of China—Petitioners' Request to Align the Countervailing Duty Final Determination with the Companion Antidumping Duty Final Determination," June 24, 2016.
