

Steel's sole U.S. customer in July 2015.<sup>27</sup> Hyundai Steel asserts that its U.S. subsidiary, HSA, is the same company as Hyundai HYSCO's U.S. subsidiary, HHU, which was renamed pursuant to the merger.<sup>28</sup>

Based on the evidence reviewed, we preliminarily find that Hyundai Steel is the successor-in-interest to the merger of Hyundai Steel and Hyundai HYSCO. Specifically, we preliminarily find that the merger of these two companies resulted in no significant changes to management, production facilities, supplier relationships, and customers with respect to the production and sale of the subject merchandise. Thus, Hyundai Steel operates as the same business entity as Hyundai HYSCO with respect to the subject merchandise. If the Department upholds these preliminary results in the final results, Hyundai Steel will be entitled to the antidumping duty deposit rate currently assigned to Hyundai HYSCO with respect to the subject merchandise (*i.e.*, 15.75 percent). If these preliminary results are adopted in the final results of this CCR, we will instruct U.S. Customs and Border Protection to suspend liquidation of entries of OCTG made by Hyundai Steel, effective on the publication date of the final results.

#### Public Comment

Interested parties may submit case briefs and/or written comments not later than 14 days after the date of publication of this notice. Rebuttal briefs and rebuttals to written comments, which must be limited to issues raised in such briefs or comments, may be filed not later than 21 days after the date of publication of this notice. Parties who submit case or rebuttal briefs are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities. All comments are to be filed electronically using Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit, Room B8024 of the main Department of Commerce building, and must also be served on interested parties.<sup>29</sup> An electronically filed document must be received successfully in its entirety by ACCESS by 5:00 p.m. Eastern Time on the day it is due.<sup>30</sup>

Consistent with 19 CFR 351.216(e), we will issue the final results of this CCR no later than 270 days after the date on which this review was initiated, or within 45 days if all parties agree to our preliminary finding. We are issuing and publishing this finding and notice in accordance with sections 751(b)(1) and 777(i)(1) of the Act and 19 CFR 351.216.

**Background**

On January 7, 2016, the Department of Commerce (Department) published in the *Federal Register* the preliminary results.<sup>1</sup> For a history of events that have occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.<sup>2</sup> The Issues and Decision Memorandum is a public document and is on file electronically *via* Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Internet at <http://trade.gov/login.aspx>. We tolled the deadline for issuing final results by four business days to May 13, 2016,<sup>3</sup> to which we extended to

The merchandise covered by the scope of the orders also includes austenitic welded stainless steel pipes made according to the standards of other nations which are comparable to ASTM A-312.

Imports of welded ASTM A-312 stainless steel pipe are currently classifiable under the following Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 7306.40.5005, 7306.40.5015, 7306.40.5040, 7306.40.5062, 7306.40.5064, and 7306.40.5085. Although these subheadings include both pipes and tubes, the scope of the antidumping duty order is limited to welded austenitic stainless steel pipes. The HTSUS subheadings are provided for convenience and customs purposes. However, the written description of the scope of the orders is dispositive.<sup>5</sup>

**Analysis of Comments Received**

All issues raised in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of issues raised and to which we responded in the Issues and Decision Memorandum is attached to this notice as an Appendix.

**Changes Since the Preliminary Results**

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, we have made a change to SeAH's margin calculation.<sup>6</sup>

**Final Results of Review**

As a result of our review, we determine the following weighted-average dumping margins exist for the period December 1, 2013, through November 30, 2014.

During Snowstorm Jonas," dated January 27, 2016. All deadlines in this segment of the proceeding have been extended by four business days.

<sup>4</sup> See the Department's April 27, 2016 and July 1, 2016 memorandums.

<sup>5</sup> See Issues and Decision Memorandum for a full description of the scope of order.

<sup>6</sup> See Issues and Decision Memorandum at Comment 3, and "Calculation for the Final Results of SeAH Steel Corporation in the Antidumping Duty Administrative Review of Welded ASTM A-312 Stainless Steel Pipe from the Republic of Korea" (Final Calculation Memorandum).

Producer or exporter	Weighted-average dumping margin
SeAH Steel Corporation .....	2.58
LS Metal Co., Ltd .....	31.70

**Disclosure**

We intend to disclose the calculation performed in connection with these final results within five days of the publication date of this notice pursuant to 19 CFR 351.224(b).

**Assessment Rates**

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), the Department determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise, in accordance with the final results of this review. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of review. We will instruct CBP to liquidate entries of merchandise produced and/or exported by the aforementioned companies. The Department will calculate importer-specific assessment rates for SeAH. Where the respondent reported the entered value for its sales, the Department calculates importer-specific *ad valorem* assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of those same sales.<sup>7</sup> However, where the respondent did not report the entered value for its sales, the Department calculates importer-specific per-unit duty assessment rates. We will instruct CBP to apply an *ad valorem* assessment rate as indicated above to all entries of subject merchandise during the POR which were produced and/or exported by LS Metal and the all other companies.

**Cash Deposit Requirements**

The following deposit requirements will be effective for all shipments of Welded ASTM A-312 Stainless Steel Pipe from Korea entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the company under review will be equal to the weighted-average dumping margin established in the final results of this review (except, if the rate is *de minimis*, i.e., less than 0.5 percent, then the cash deposit rate will be zero); (2) for

<sup>7</sup> See 19 CFR 351.212(b).

previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation (LTFV), but the manufacturer is, the cash deposit rate will be the rate established in the completed segment for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any other completed segment of this proceeding, then the cash deposit rate will continue to be 7.00 percent, the "all others" rate made effective by the LTFV investigation.<sup>8</sup> These deposit requirements, when imposed, shall remain in effect until further notice.

#### Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

#### Notifications to Interested Parties

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

The Department is issuing and publishing these final results of administrative review in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

Dated: July 11, 2016.
