Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, from the People’s Republic of China: Final Results of Countervailing Duty Administrative Review; 2013

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) has completed its administrative review of the countervailing duty (CVD) order on crystalline silicon photovoltaic cells, whether or not assembled into modules (solar cells), from the People’s Republic of China (the PRC) for the period of review (POR) covering January 1, 2013, through December 31, 2013. On January 8, 2016, we published the preliminary results of this review.1

We provided interested parties with an opportunity to comment on the Preliminary Results. Our analysis of the comments submitted resulted in a change to the net subsidy rates for respondent JA Solar Technology Yangzhou Co., Ltd. and its cross-owned companies (collectively, JA Solar). The final net subsidy rates are listed below in the section entitled, “Final Results of the Review.”

Withdrawals of certain requests for review were timely filed and, as a result, we rescinded this administrative review with respect to certain companies, pursuant to 19 CFR 351.213(d)(1), and proceeded with the review of JA Solar, Changzhou Trina Solar Energy Co., Ltd. (Trina), and Wuxi Suntech Power Co., Ltd. (Suntech).2

DATES: Effective Date: July 19, 2016.

SUPPLEMENTARY INFORMATION:

Background
Following the Preliminary Results, the Department conducted verification of the questionnaire responses submitted by the Government of the PRC (the GOC) and JA Solar from March 7 to 18, 2016. The verification reports were released on May 6, 2016. We received case briefs from interested parties on May 18, 2016. On May 31, 2016, Countervailing Duty Administrative Review; 2013; and Partial Rescission of Countervailing Duty Administrative Review; 81 FR 908 (January 8, 2016) (Preliminary Results).

2 For a list of the rescinded companies, see Preliminary Results at Appendix II.

4 For a list of the rescinded companies, see PRELIMINARY RESULTS at Appendix II.

1 See Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, from the People’s Republic of China: Preliminary Results of
interested parties submitted their rebuttal briefs. No hearing was held in this case as the only hearing requests were withdrawn.6

Scope of the Order

The merchandise covered by this order is crystalline silicon photovoltaic cells, and modules, laminates, and panels, consisting of crystalline silicon photovoltaic cells, whether or not partially or fully assembled into other products, including, but not limited to, modules, laminates, panels and building integrated materials. The product is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) item numbers 8501.61.0000, 8507.20.80, 8541.40.6020, 8541.40.6030, and 8501.31.8000. These HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope of this order is dispositive. A full description of the scope of the order is contained in the Issues and Decision Memorandum, which is hereby adopted by this notice.7

Analysis of Comments Received

All issues in the case briefs are addressed in the Issues and Decision Memorandum. A list of the issues raised is attached to this notice as Appendix I. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov and in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Internet at http://www.trade.gov/enforcement/. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

Methodology

The Department conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we determine that there is a subsidy, i.e., a financial contribution from an “authority” that confers a benefit to the recipient, and that the subsidy is specific.8 For a full description of the methodology underlying our conclusions, see the Issues and Decision Memorandum. In making these findings, we relied, in part, on facts available and, because the GOC did not act to the best of its ability in responding to the Department’s requests for information, we drew an adverse inference in selecting from among the facts otherwise available.9

For further information, see the section, “Use of Facts Otherwise Available and Adverse Inference,” in the Issues and Decision Memorandum.

Final Results of the Review

In accordance with 19 CFR 351.221(b)(5), we determine a net countervailable subsidy rate of 19.20 percent ad valorem for JA Solar. Because the only individually calculated rate in the instant review is not zero, de minimis, or based entirely on facts otherwise available, the Department has assigned this rate, calculated for JA Solar, to Trina and Suntech, companies that are subject to this review but were not selected for individual examination in this review.

Disclosure

In accordance with 19 CFR 351.224(b), we will disclose the calculations performed within five days of the publication of this notice in the Federal Register.

Assessment Rates

In accordance with 19 CFR 351.212(b)(2), the Department intends to issue appropriate assessment instructions directly to U.S. Customs and Border Protection (CBP) 15 days after the date of publication of these final results, to liquidate shipments of subject merchandise by JA Solar, Trina and Suntech entered, or withdrawn from warehouse, for consumption on or after January 1, 2013, through December 31, 2013, at the percent rates, as listed above for each of the respective companies, of the entered value.

Cash Deposit Instructions

The Department also intends to instruct CBP to collect cash deposits of estimated CVDs in the amount shown above for shipments of subject merchandise by JA Solar, Trina and Suntech entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review.

For non-reviewed firms, we will instruct CBP to collect cash deposits of estimated CVDs at the most recent company-specific or all-others rate applicable to the company. These cash deposit requirements, when imposed, shall remain in effect until further notice.

[A–570–970]

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (“Department”) published its Preliminary Rescission for the new shipper review (“NSR”) of the antidumping duty order on multilayered wood flooring from the People’s Republic of China (“PRC”) on June 2, 2016. The period of review (“POR”) is December 1, 2013 through November 30, 2014. As discussed below, we preliminarily found that the sale made by Qingdao Barry Flooring Co., Ltd. (“Qingdao Barry”) is not bona fide, and announced our preliminary intent to rescind its NSR. For the final results of this review, we continue to find Qingdao Barry’s sale to be non-bona fide. Therefore, we are rescinding this NSR.

DATES: Effective Date: July 19, 2016.
