

Proposed Rules

Federal Register

Vol. 81, No. 142

Monday, July 25, 2016

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 73

[Docket No. FAA-2016-7055; Airspace Docket No. 15-AWP-11]

RIN 2120-AA66

Proposed Establishment of Restricted Area R-2306F; Yuma Proving Ground, AZ.

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to establish restricted area R-2306F in the vicinity of Laguna Army Airfield at Yuma Proving Ground, AZ. The proposed restricted area would allow the Department of the Army to maximize the existing fixed infrastructure to support hazardous test programs and segregate these activities from non-participating aircraft at Yuma Proving Ground (YPG). These programs include ground and airborne testing of non-eye-safe lasers, high energy radars and the development of unproven weapons systems. The restricted airspace would ensure the safe testing and evaluation of these programs without impacting non-participating aircraft and the general public.

DATES: Comments must be received on or before September 8, 2016.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12-140, Washington, DC 20590; telephone: 1 (800) 647-5527, or (202) 366-9826. You must identify FAA Docket No. FAA-2016-7055 and Airspace Docket No. 15-AWP-11, at the beginning of your comments. You may also submit comments through the Internet at <http://www.regulations.gov>. Comments on environmental and land use aspects should be directed to: Meg McDonald,

Environmental Sciences Division, U.S. Army Garrison-Yuma, Yuma, Arizona 85365-9498. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Docket Office between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1 (800) 647-5527), is on the ground floor of the building at the above address.

FOR FURTHER INFORMATION CONTACT: Paul Gallant, Airspace Policy Group, Office of Airspace Services, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, part A, subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would establish a restricted area at Yuma, AZ, to enhance aviation safety and accommodate essential Army testing requirements.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA-2016-7055 and Airspace Docket No. 15-AWP-11) and be submitted in triplicate to the Docket Office at the address listed

above. You may also submit comments through the Internet at www.regulations.gov.

Commenters wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to FAA Docket No. FAA-2016-7055 and Airspace Docket No. 15-AWP-11." The postcard will be date/time stamped and returned to the commenter.

All communications received on or before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this action may be changed in light of comments received. All comments submitted will be available for examination in the public docket both before and after the closing date for comments. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the Internet at www.regulations.gov.

You may review the public docket containing the proposal, any comments received and any final disposition in person at the Docket Office (see **ADDRESSES** section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays. An informal docket may also be examined during normal business hours at the office of the Operations Support Group, Western Service Center, Federal Aviation Administration, 1601 Lind Ave. SW., Renton, WA 98057.

Background

Yuma Proving Ground (YPG) is a Major Range and Test Facility Base that conducts the development and testing of emerging aviation weapon technologies. This testing includes both ground and air-to-ground propagation of non-eye-safe lasers, high power radars and developmental, unproven weapons systems. Testing includes the actual operation of these systems using various proven and unproven aircraft platforms. Due to the hazards of these systems, it is imperative that these activities be segregated within a restricted area. To safely and efficiently test and evaluate

these technologies, YPG needs to use the existing airspace and ground infrastructure at Laguna Army Airfield. Use of the Airfield is limited to “official business only” with “prior permission required.” Therefore, hazardous testing could be conducted safely within proposed R-2306F without impacting non-participating aircraft.

The Proposal

The FAA is proposing an amendment to 14 CFR part 73 to establish a new restricted area, R-2306F, extending from the surface to 1,700 feet MSL, in the vicinity of Laguna Army Airfield at Yuma Proving Ground, AZ. The proposed area would be used for the testing of various hazardous systems including non-eye-safe lasers, high energy radars and the development of experimental weapons. Testing would include the operation of these systems from various aircraft platforms. Restricted airspace is required to effectively test these complex integrated systems without posing a hazard to non-participating aircraft and/or ground personnel. Proposed R-2306F would be completely contained over YPG-owned land. No supersonic flights would be conducted within the proposed airspace.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subjected to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 73

Airspace, Prohibited areas, Restricted areas.

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 73 as follows:

PART 73—SPECIAL USE AIRSPACE

■ 1. The authority citation for part 73 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 73.23 Arizona [Amended]

■ 2. § 73.23 is amended as follows:

* * * * *

R-2306F, Yuma West, AZ [New]

Boundaries. Beginning at lat. 32° 51' 52" N., long. 114° 26' 52" W.; to lat. 32° 52' 30" N., long. 114° 21' 03" W.; to lat. 32° 51' 15" N., long. 114° 21' 03" W.; to lat. 32° 51' 18" N., long. 114° 19' 29" W.; then clockwise along a 3.5 NM arc centered at lat. 32° 51' 52" N., long. 114° 23' 34" W.; to lat. 32° 49' 30" N., long. 114° 26' 39" W.; to lat. 32° 49' 51" N., long. 114° 26' 38" W.; to lat. 32° 50' 08" N., long. 114° 26' 33" W.; to lat. 32° 50' 17" N., long. 114° 26' 19" W.; to lat. 32° 50' 31" N., long. 114° 26' 17" W.; to lat. 32° 50' 42" N., long. 114° 26' 29" W.; to lat. 32° 51' 11" N., long. 114° 26' 34" W.; to the point of beginning

Bureau of the Census

15 CFR Chapter I

[Docket Number 160526465–6618–02]

Proposed 2020 Census Residence Criteria and Residence Situations; Extension of Comment Period

AGENCY: Bureau of the Census, Department of Commerce.

ACTION: Proposed Criteria; Extension of Comment Period.

SUMMARY: The Bureau of the Census (Census Bureau) is issuing this document to extend the comment period on the Proposed 2020 Census Residence Criteria and Residence Situations, which was published in the **Federal Register** on June 30, 2016. The comment period for the proposed criteria, which would have ended on August 1, 2016, is now extended until September 1, 2016.

DATES: Comments on the proposed criteria published on June 30, 2016 (81 FR 42577), must be received by September 1, 2016.

ADDRESSES: Direct all written comments regarding the Proposed 2020 Census Residence Criteria and Residence Situations to Karen Humes, Chief, Population Division, U.S. Census Bureau, Room 6H174, Washington, DC 20233; or Email [POP.2020.Residence.Rule@census.gov].

FOR FURTHER INFORMATION CONTACT: Population and Housing Programs Branch, U.S. Census Bureau, 6H185, Washington, DC 20233, telephone (301) 763–2381; or Email [POP.2020.Residence.Rule@census.gov].

SUPPLEMENTARY INFORMATION:

Background

The U.S. Census Bureau is committed to counting every person in the 2020 Census once, only once, and in the right place. The fundamental reason that the decennial census is conducted is to fulfill the Constitutional requirement (Article I, Section 2) to apportion the seats in the U.S. House of Representatives among the states. Thus, for a fair and equitable apportionment, it is crucial that the Census Bureau counts everyone in the right place during the decennial census.

The residence criteria are used to determine where people are counted during each decennial census. For more information on the Proposed 2020 Census Residence Criteria and Residence Situations (also referred to as the proposed “2020 Census Residence Rule and Residence Situations” in the text of the earlier document), please see the original document of proposed criteria and request for comment published in the **Federal Register** on June 30, 2016 (81 FR 42577).

Because of the scope of the proposed criteria, and in response to individuals and organizations who have requested more time to review the proposed criteria, the Census Bureau has decided to extend the comment period for an additional 31 days. This document announces the extension of the public comment period to September 1, 2016.
