*Order*, FCC 16-33, which reformed universal service for rate-of-return local exchange carriers (LECs). These reforms require approximately 95 rate-of-return LECs to make one-time tariff filings and NECA to make two tariff filings with the necessary support materials outside the normal annual filing period. We note that we are removing the requirement that competitive and incumbent LECs make a one-time intrastate tariff filing to establish Voice over Internet Protocol rates at intrastate levels, as this requirement has been met. Part 61 of the Commission's Rules, 47 CFR part 61, prescribes the framework for the initial establishment of and subsequent revisions to tariffs. The information collected through the carriers' tariffs and supporting documentation is used by the Commission and state commissions to determine whether the services are offered in a just and reasonable manner.

*Privacy Impact Assessment:* No impact(s).

If the Commission requests respondents to submit information which respondents believe are confidential, respondents may request confidential treatment of such information under 47 CFR 0.459 of the Commission's rules.

*Needs and Uses:* On March 23, 2016, the Commission adopted the Rate-of-Return Order, FCC 16-33, which reformed universal service for rate-of-return local exchange carriers (LECs). These reforms require rate-of-return LECs to make tariff filings with the necessary support materials outside the normal tariff filing period. We note that

at this time, we are removing the requirement that competitive and incumbent LECs make a one-time intrastate tariff filing to establish Voice over Internet Protocol rates at intrastate levels, as this requirement has been met.

Sections 201, 202, and 203 of the Communications Act of 1934, as amended (the Act) require common carriers to establish just and reasonable charges, practices, and regulations for their interstate telecommunications services provided. For services that are still covered under Section 203, tariff schedules containing charges, rates, rules, and regulations must be filed with the Commission. Part 61 of the Commission's Rules, 47 CFR part 61, prescribes the framework for the establishment of and subsequent revisions to tariffs. Certain local exchange carriers are required to submit a biennial or annual Tariff Review Plan (TRP) in partial fulfillment of cost support material required by Part 61. The Commission developed the TRP to minimize reporting burdens on reporting incumbent local exchange carriers (ILECs). TRPs set forth the summary material ILECs file to support revisions to the rates in their interstate access service tariffs. For those services still requiring cost support, TRPs assist the Commission in determining whether ILEC access charges are just and reasonable as required under the Act.

*OMB Control Number:* 3060-0819.

*Obligation to Respond:* Required to obtain or retain benefits.

*Total Annual Burden:* 13,484,412 hours.

*Nature and Extent of Confidentiality:* Some of the requirements contained in this information collection do affect individuals or households, and thus, there are impacts under the Privacy Act. The FCC's system of records notice (SORN), FCC/WCB-1, "Lifeline Program." The Commission will use the information contained in FCC/WCB-1 to cover the personally identifiable information (PII) that is required as part of the Lifeline Program ("Lifeline"). As required by the Privacy Act of 1974, as amended, 5 U.S.C. 552a, the Commission also published a SORN, FCC/WCB-1 "Lifeline Program" in the **Federal Register** on December 6, 2013 (78 FR 73535).

We note that USAC must preserve the confidentiality of all data obtained from respondents; must not use the data except for purposes of administering the universal service programs; and must not disclose data in company-specific form unless directed to do so by the Commission.

*Needs and Uses:* The Commission will submit this information collection after this comment period to obtain the full, three-year clearance from the Office of Management and Budget (OMB). The Commission also proposes several revisions to this information collection.

On April 27, 2016, the Commission released an order reforming its low-income universal service support mechanisms. Lifeline and Link Up Reform and Modernization; Telecommunications Carriers Eligible for Universal Service Support; Connect America Fund, WC Docket Nos. 11-42, 09-197, 10-90, Third Further Notice of Proposed Rulemaking, Order on Reconsideration, and Further Report and Order, (*Lifeline Third Reform Order*). This revised information collection addresses requirements to carry out the programs to which the Commission committed itself in the *Lifeline Third Reform Order*. Under this information collection, the Commission seeks to revise the information collection to comply with the Commission's new rules, adopted in the *Lifeline Third Reform Order*, regarding phasing out support for mobile voice over the next six years, requiring Eligible Telecommunications Carriers (ETCs) to certify compliance with the new minimum service requirements, creating a new ETC designation for

Lifeline Broadband Providers (LBPs), updating the obligations to advertise Lifeline offerings, modifying the non-usage de-enrollment requirements within the program, moving to rolling annual subscriber recertification, and streamlining the first-year ETC audit requirements. Also, the Commission seeks to update the number of respondents for all the existing information collection requirements, thus increasing the total burden hours for some requirements and decreasing the total burden hours for other requirements. Finally, the Commission seeks to revise the FCC Forms 555, 497, and 481 to incorporate the new Commission rules and modify the filings for FCC Forms 555 and 497 to include detailed field descriptions.
