Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) has submitted the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The notice for the proposed information collection is published to obtain comments from the public and affected agencies.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address any of the following: (a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of

information, including the validity of the methodology and assumptions used; (c) Enhance the quality, utility, and clarity of the information to be collected; (d) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and (e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639-7570 or send an email to omb@cdc.gov. Written comments and/or suggestions regarding the items contained in this notice should be directed to the Attention: CDC Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

Proposed Project

Capacity Building Assistance Assessment for HIV Prevention—New—Division of HIV/AIDS Prevention, National Centers for HIV/AIDS, Viral Hepatitis, STD and TB Prevention (NCHHSTP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

For over 30 years, Human Immunodeficiency Virus (HIV) has been an epidemic, affecting millions globally. Some groups are disproportionately

affected by this epidemic. In order to address these health disparities, the CDC is funding 120 CBOs and their collaborative partners (Partnerships) to address the national HIV epidemic by reducing new infections, increasing access to care, and promoting health equity; particularly for people living with and at greatest risk of HIV infection. This includes including African Americans/Blacks; Latinos/Hispanics; all races and ethnicities of gay, bisexual, and other MSM; IDUs; and transgender persons.

Building the capacity of the funded community-based organizations to conduct HIV programs and services is a priority to ensure effective and efficient delivery of HIV prevention treatment and care services. Since the late 1980s, CDC has been working with CBOs to broaden the reach of HIV prevention efforts. Over time, the CDC's program for HIV prevention has grown in size, scope, and complexity, responding to changes in approaches to addressing the epidemic, including the introduction of new guidance, effective behavioral, biomedical, and structural interventions, and public health strategies.

The Capacity Building Branch within the Division of HIV/AIDS Prevention (D) provides national leadership and support for capacity building assistance (CBA) to help improve the performance of the HIV prevention workforce. One way that it accomplishes this task is by funding CBA providers to work with CBOs, health departments, and communities to increase their knowledge, skills, technology, and

infrastructure to implement and sustain science-based, culturally appropriate High Impact HIV Prevention (HIP) interventions and public health strategies.

Applicants selected for funding must work with the CDC-funded CBA providers to develop and implement a Capacity Building Assistance Strategic Plan (CBASP). The information collected via this process will be used to construct a CBASP for each funded organization in collaboration with CDC's Capacity Building Branch (CBB). CBA Providers will provide technical assistance and training to ensure that the CBOs and Partnerships have the skills and support they need to successfully implement their CDC-funded HIV High Impact Prevention program.

CBA providers will utilize the CBO CBA Assessment Tool which offers a mixed-method data collection approach with close-ended, and open-ended questions. CBOs will complete and submit the completed web-based Tool, which will be discussed, and needs confirmed, during a follow-up phone contact assessment. A follow-up site visit may be recommended for CBOs with dire needs (up to 20%), which will be scheduled upon approval by the Project Officer and Program Consultant. Data from all completed Tools will be analyzed and used to develop a CBA Strategic Plan (CBASP) which will be housed in the Capacity Assistance Request Information System (managed by the Capacity Building Branch), in the Division of HIV/AIDS Prevention and consulted by CBA Providers assigned to

respond to the prioritized CBOs' CBA needs.

By the end of the project, the participating CBOs and Partnerships will have tailored CBA strategic plans that they can use to help sustain their programs across and beyond the life of their funding. Based on these plans, the CBA providers in collaboration with CDC will be able to better identify and address those needs most reported by CBOs. Finally, the Capacity Building Branch will be able to refine its approach to conceptualizing and providing CBA on a national level in the most cost-effective manner possible. There is no cost to respondents other than their time. The total annual burden hours are 240.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Avg. burden per response (in hrs.)
CBO Grantees	CBO CBA Assessment Tool	120	1	2

BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60 Day-16-0214; Docket No. CDC-2016-0069]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995. This notice invites comment on the National Health

Interview Survey (NHIS). The annual National Health Interview Survey is a major source of general statistics on the health of the U.S. population.

DATES: Written comments must be received on or before September 26, 2016.

ADDRESSES: You may submit comments, identified by Docket No. CDC-2016-0069 by any of the following methods:

- *Federal eRulemaking Portal:*

Regulations.gov. Follow the instructions for submitting comments.

- *Mail:* Leroy A. Richardson, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE., MS-D74, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and Docket Number. All relevant comments received will be posted without change to *Regulations.gov*, including any personal information provided. For access to the docket to read background documents or comments received, go to *Regulations.gov*.

Please note: All public comment should be submitted through the Federal eRulemaking portal (*Regulations.gov*) or by U.S. mail to the address listed above.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact the Information Collection Review Office, Centers for

Disease Control and Prevention, 1600 Clifton Road NE., MS-D74, Atlanta, Georgia 30329; phone: 404-639-7570; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques
