Any person desiring to intervene or protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission’s
cost data, using a form specifically designed for this purpose. In addition, the order established requirements for detailed cost accounting reports and other documented analyses, which explain the cost assumptions contained in the OFAs’ submissions.

2. The Commission has completed its review of the forms and supporting documentation submitted by the U.S. Department of the Interior (Interior), the U.S. Department of Agriculture (Agriculture), and the U.S. Department of Commerce (Commerce) for fiscal year 2015. This notice reports the costs the Commission included in its administrative annual charges for fiscal year 2016.

Scope of Eligible Costs

3. The basis for eligible costs that should be included in the OFAs’ administrative annual charges is prescribed by the Office of Management and Budget’s (OMB) Circular A–25—User Charges and the Federal Accounting Standards Advisory Board’s Statement of Federal Financial Accounting Standards (SFAS) Number 4—Managerial Cost Accounting Concepts and Standards for the Federal Government. Circular A–25 establishes Federal policy regarding fees assessed for government services and provides specific information on the scope and type of activities subject to user charges. SFAS Number 4 provides a conceptual framework for federal agencies to determine the full costs of government goods and services. 4. Circular A–25 provides for user charges to be assessed against recipients of special benefits derived from federal activities beyond those received by the general public. With regard to licensees, the special benefit derived from federal activities is the license to operate a hydropower project. The guidance provides for the assessment of sufficient user charges to recover the full costs of services associated with these special benefits. SFAS Number 4 defines full costs as the costs of resources consumed by a specific governmental unit that contribute directly or indirectly to a provided service. Thus, pursuant to OMB requirements and authoritative accounting guidance, the Commission must base its OFA administrative annual charge on all direct and indirect costs incurred by agencies in administering Part I of the FPA. The special form the Commission designed for this purpose, the “Other Federal Agency Cost Submission Form,” captures the full range of costs recoverable under the FPA and the referenced accounting guidance.9

Commission Review of OFA Cost Submittals

5. The Commission received cost forms and other supporting documentation from the Departments of the Interior, Agriculture, and Commerce (OFAs). The Commission completed a review of each OFA’s cost submission forms and supporting reports. In its examination of the OFAs’ cost data, the Commission considered each agency’s ability to demonstrate a system or process which effectively captured, isolated, and reported Part I costs as required by the “Other Federal Agency Cost Submission Form.”

6. The Commission held a Technical Conference on April 7, 2016 to report its initial findings to licensees and OFAs. Representatives for several licensees and most of the OFAs attended the conference. Following the technical conference, a transcript was posted, and licensees had the opportunity to submit comments to the Commission regarding its initial review.

7. Written comments were filed by Idaho Falls Group (Idaho Falls). Idaho Falls generally supported the Commission’s analysis but raised questions regarding certain various individual cost submissions. The Commission will address the issues raised in the Appendix to this notice.

8. After additional reviews, full consideration of the comments presented, and in accordance with the previously cited guidance, the Commission accepted as reasonable any costs reported via the cost submission forms that were clearly documented in the OFAs’ accompanying reports and/or analyses. These documented costs will be included in the administrative annual charges for fiscal year 2016.
