requirements of this exception are satisfied (including policies and procedures ensuring that they are in compliance). Based upon the above, the estimated hour burden for collection is calculated as follows:

Estimated Number of Respondents per Year: 54.
Estimated Burden Hours per Registrant: 10.
Estimated Total Annual Burden Hours: 540.

Frequency of Collection: Once; As needed.

- Burden Statement—Information Collection for Non-Segregation Jurisdictions: The Commission currently estimates that there are between five and ten jurisdictions for which the first two conditions specified above for non-segregation jurisdictions are satisfied and where Foreign Consolidated Subsidiaries and foreign branches of U.S. CSEs that are subject to the Commission’s margin rules may engage in swaps, or for purposes of the PRA estimate, an average of 7.5 non-segregation jurisdictions. The Commission estimates that approximately 12 Foreign Consolidated Subsidiaries and foreign branches of U.S. CSEs may rely on this provision would incur an average of 20 annual burden hours to maintain books and records properly documenting that all of the requirements of this provision are satisfied (including policies and procedures ensuring that they are in compliance) with respect to each jurisdiction as to which they rely on the special provision. Thus, based on the average of 7.5 non-segregation jurisdictions, the Commission estimates that each of the approximately 12 Foreign Consolidated Subsidiaries and foreign branches of U.S. CSEs may rely on this provision will incur an estimated 150 average burden hours per year (i.e., 20 average burden hours per jurisdiction multiplied by 7.5). Based upon the above, the estimated hour burden for collection is calculated as follows:

Estimated Number of Respondents per Year: 12.
Estimated Burden Hours per Registrant: 150.
Estimated Total Annual Burden Hours: 1,800 hours.

Frequency of Collection: Once; As needed.

There are no capital costs or operating and maintenance costs associated with this collection.

**SUPPLEMENTARY INFORMATION:**

**Title:** Part 162 Subpart C—Identity Theft Rule (OMB Control No. 3038–0067). This is a request for extension of a currently approved information collection.

**Abstract:** This collection of information is needed because under part 162 subpart C—Identity Theft, CFTC-regulated entities are required to develop and implement reasonable policies and procedures to identify, detect, and respond to relevant red flags (the Identity Theft Red Flags Rules) and, in the case of entities that issue credit or debit cards, to assess the validity of, and communicate with cardholders regarding, address changes. Section 162.30 includes the following information collection requirements for each CFTC-regulated entity that qualifies as a “financial institution” or “creditor” under part 162 subpart C that offers or maintains covered accounts: (i) Creation and periodic updating of an identity theft prevention program (“Program”) that is approved by the board of directors, an appropriate committee thereof, or a designated senior management employee; (ii) periodic staff reporting to the board of directors on compliance with the Identity Theft Red Flags Rules and related guidelines; and (iii) training of staff to implement the Program. Section 162.32 includes the following information collection requirements for each CFTC-regulated entity that is a credit or debit card issuer: (i) Establishment of policies and procedures that assess the validity of a change of address notification if a request for an additional or replacement card on the account follows soon after the address change; and (ii) notification of a cardholder, before issuance of an additional or replacement card, at the previous address or through some other previously agreed-upon form of communication, or alternatively, assessment of the validity of the address change request through the entity’s established policies and procedures. The Commission uses the collection of information to discharge its regulatory responsibilities to protect investors from the risks of identity theft.
CFTC staff estimates of the hour burdens associated with section 162.30 include the one-time burden of complying with this section for newly-formed CFTC-regulated entities, as well as the ongoing costs of compliance for all CFTC-regulated entities. With respect to the one-time burden hours, staff estimates that each newly-formed financial institution or creditor would incur a burden of 2 hours to conduct an initial assessment of covered accounts. Staff estimates that approximately 572 CFTC-regulated financial institutions and creditors are newly formed each year, and the total estimated one-time burden to initially assess covered accounts is therefore 1,144 hours. Staff also estimates that each financial institution or creditor that maintains covered accounts would incur an additional initial burden of 29 hours to conduct an initial assessment of covered accounts. Thus, the total estimated one-time burden for all CFTC-regulated covered accounts is 2,288 hours.

With respect to ongoing annual burden hours, CFTC staff estimates that each financial institution or creditor that maintains covered accounts would incur an additional annual burden of 4 hours to conduct periodic reviews and update the Program. Staff estimates that there are approximately 47 CFTC-regulated entities that are financial institutions or creditors that offer or maintain covered accounts, and thus the total estimated annual burden for all of these entities is 188 hours. Thus, the total ongoing estimated annual burden for all CFTC-regulated entities is 2,476 hours (1,144 hours + 1,332 hours).

The collections of information required by section 162.32 will apply only to CFTC-regulated entities that issue credit or debit cards. CFTC staff understands that CFTC-regulated entities generally do not issue credit or debit cards, but instead may partner with other entities, such as banks, that issue cards on their behalf. These other entities, which are not regulated by the CFTC, are already subject to substantially similar change of address obligations pursuant to other federal regulators’ identity theft red flags rules. Therefore, staff does not expect that any CFTC-regulated entities will be subject to the information collection requirements of section 163.32, and accordingly, staff estimates that there is no hour burden related to section 163.32 for CFTC-regulated entities.

In total, CFTC staff estimates that the aggregate annual information collection burden of part 162 is 10,701 hours (2,507 hours + 8,194 hours). This estimate of burden hours is made solely for the purposes of the Paperwork Reduction Act and is not derived from a quantitative, comprehensive, or even representative survey or study of the burdens associated with Commission rules and forms. Compliance with part 162 requiring compliance with the information collection requirements thereunder, is mandatory for each CFTC regulated entity that qualifies as a financial institution or creditor under part 162 subsection C (as discussed above, certain collections of information under part 162 subsection C are mandatory only for financial institutions or creditors that offer or maintain covered accounts).

The Commission did not receive any comments on the 60-day Federal Register notice, 81 FR 35001, dated June 1, 2016.

Estimated Average Burden Hours per Respondent: 2.32
Estimated Total Annual Burden Hours: 10,723.
Frequency of Collection: Once.
There are no capital costs or operating and maintenance costs associated with this collection.

Authority: 44 U.S.C. 3501 et seq.
