Proposed Collection: NCI's Center for Cancer Training Application Form for Graduate Student Recruitment Program (CCT) (NCI), 0925-NEW—National Cancer Institute (NCI), National Institutes of Health (NIH).

Need and Use of Information Collection: The Center for Cancer

Training (CCT) is supporting NCI's goal of training cancer researchers for the 21st century. To support that goal, CCT created a Graduate Student Recruitment Program (GSRP) with the purpose of recruiting outstanding young scientists to postdoctoral positions at the NCI. The proposed information collection involves brief online applications completed by applicants to the full time and summer curriculum programs. This information is essential to the program to determine the eligibility and quality of potential selected individuals. The information is for internal use to make decisions about candidates invited to visit NCI and interview with scientist as potential postdoctoral trainees.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 225.
