SUPPLEMENTARY INFORMATION:

Title: Reporting, Recordkeeping, and Daily Trading Records Requirements For Swap Dealers and Major Swap Participants (OMB Control No. 3038–0087). This is a request for an extension of a currently approved information collection.

Abstract: On April 3, 2012, the Commission adopted Commission regulations 23.201 through 23.205 (Reporting, Recordkeeping, and Daily Trading Records Requirements For Swap Dealers and Major Swap Participants)¹ pursuant to sections 4s(f)² and 4s(g)³ of the Commodity Exchange Act (“CEA”).⁴ Commission regulations 23.201 through 23.205 require, among other things, swap dealers (“SD”)⁵ and major swap participants (“MSP”)⁶ to maintain transaction and position records of their swaps (including daily trading records) and to maintain specified business records (including records related to the governance and financial status of the swap dealer or major swap participant, complaints received by such SD or MSP and such SD or MSP’s marketing and sales materials). They also require SDs and MSPs to report certain swap transaction data to swap data repositories, to satisfy certain real time public reporting requirements, and to maintain records of information reported to swap data depositories and for real time reporting purposes.⁷ The Commission believes that the information collection obligations imposed by Commission regulations 23.201 through 23.205 are necessary to implement sections 4s(f) and 4s(g) of the CEA, including ensuring that each SD and MSP maintains the required records of their business activities and an audit trail sufficient to conduct comprehensive and accurate trade reconstruction.

Burden Statement: The Commission is revising its estimate of the burden for this collection to reflect the current number of registered SDs and MSPs.
