

programs, and other services to its members.

The proposed action encompasses the various Federal approvals which may be required to implement the Tribe's proposed economic development project, including approval of the Nation's fee-to-trust application. The EIS will identify and evaluate issues related to these approvals, and will also evaluate a range of reasonable alternatives, including a no action alternative. Other possible alternatives currently under consideration are a reduced-intensity gaming facility alternative, an alternate-use (non-gaming) alternative and an off-site alternative. The range of issues and alternatives may be revised based on comments received during the scoping process.

Areas of environmental concern preliminarily identified for analysis in the EIS include land resources; water resources; air quality; noise; biological resources; cultural/historical/archaeological resources; resource use patterns; traffic and transportation; public health and safety; hazardous materials and hazardous wastes; public services and utilities; socioeconomics; environmental justice; visual resources/aesthetics; and cumulative, indirect, and growth-inducing effects. Additional information, including a map of the project site, is available by contacting the person listed in the **FOR FURTHER INFORMATION** section of this notice.

**Public Comment Availability:** Comments, including names and addresses of respondents, will be available for public review at the BIA address shown in the **ADDRESSES** section, during regular business hours, 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. Before including your address, telephone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask in your comment that your personal identifying information be withheld from public review, the BIA cannot guarantee that this will occur.

**Authority:** This notice is published in accordance with sections 1503.1 and 1506.6 of the Council on Environmental Quality Regulations (40 CFR parts 1500 through 1508) implementing the procedural requirements of the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321–4345 *et seq.*), and the Department of the Interior National Environmental Policy Act Regulations (43 CFR part 46), and is in the exercise of authority delegated to the
