• *NRC’s Clearance Officer:* A copy of the collection of information and related instructions may be obtained without

charge by contacting NRC’s Clearance Officer, David Cullison, Office of the Chief Information Officer, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001; telephone: 301-415-2084; email: INFOCOLLECTS.Resource@NRC.GOV.

B. Submitting Comments

Please include Docket ID NRC-2016-0070 in the subject line of your comment submission, in order to ensure that the NRC is able to make your comment submission available to the public in this docket.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. The NRC will post all comment submissions at <http://www.regulations.gov> as well as enter the comment submissions into ADAMS, and the NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC is requesting public comment on its intention to request the OMB’s approval for the information collection summarized below.

1. *The title of the information collection:* “NRC Form 212, Qualifications Investigation, Professional, Technical and Administrative Positions.”
2. *OMB approval number:* 3150-0033.
3. *Type of submission:* Extension.
4. *The form number:* NRC Form 212.
5. *How often the collection is required or requested:* On occasion. The forms are collected for every new hire to the NRC.
6. *Who will be required or asked to respond:* Former employers, supervisors, and other references indicated on job applications are asked to complete the NRC Form 212.
7. *The estimated number of annual responses:* 1,000.
8. *The estimated number of annual respondents:* 0.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 500 hours.

10. *Abstract:* Information requested on NRC Form 212, “Qualifications Investigation, Professional, Technical, and Administrative Positions” is used to determine the qualifications and suitability of external applicants for employment with the NRC. The completed form may be used to examine, rate and/or assess the prospective employee’s qualifications. The information regarding the qualifications of applicants for employment is reviewed by professional personnel of the Office of the Chief Human Capital Officer, in conjunction with other information in the NRC files, to determine the qualifications of the applicant for appointment to the position under consideration.

III. Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?
2. Is the estimate of the burden of the information collection accurate?
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated at Rockville, Maryland, this 28th day of July 2016.

For the Nuclear Regulatory Commission.

David Cullison,

NRC Clearance Officer, Office of the Chief Information Officer.

SUPPLEMENTARY INFORMATION:

I. Background

On April 22, 2016 (81 FR 23762), the NRC published for public comment the proposed revisions to SRP Section 5.4.2.1. The NRC received no comments on the proposed revisions. Therefore, the NRC is issuing Revision 4 to Section 5.4.2.1 of the SRP in final form for use. There have been minor editorial changes to this section since its issuance in proposed form for public comment. Details of the specific changes are included at the end of the revised section, under the subsection titled, "Description of Changes."

Revision 4 to Section 5.4.2.1 of the SRP reflects current NRC review methods and practices based on lessons learned from NRC reviews of design certification and combined license applications completed since the last revision of this section.

II. Backfitting and Finality Provisions

Issuance of this revised SRP section does not constitute backfitting as defined in § 50.109 of title 10 of the *Code of Federal Regulations* (10 CFR), "Backfitting," (the Backfit Rule) or
