The Exchange does not believe the proposal will impose any burden on intermarket competition, as the proposed rule will allow BOX to compete with other options exchanges in the industry. Specifically, ISE has a similar mechanism in place.²¹ Additionally, the Exchange does not believe the proposal will impose any burden on intramarket competition, as the Facilitation Auction mechanism is available to all Participants and all OFPs may submit orders through the mechanism.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

(a) This proposed rule change is filed pursuant to paragraph (A) of section 19(b)(3) of the Exchange Act²² and Rule 19b-4(f)(6) thereunder.²³

(b) Because this proposed rule change does not significantly affect the protection of investors or the public interest, does not impose any significant burden on competition, and, by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, it has become effective pursuant to section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
