appendices are available at: http://www.epa.gov/region1/npdes/pwtfgp.html.

The draft general permit includes effluent limitations and requirements based on technology-based considerations, best professional judgment (BPJ), and water quality considerations. The effluent limits established in the draft General Permit assure that the surface water quality standards of the receiving water(s) are attained and/or maintained. The permit also contains BMP requirements in order to ensure EPA has the information necessary to ensure compliance and to ensure discharges meet water quality standards.

Obtaining Authorization: In order to obtain authorization to discharge, operators must submit a complete and accurate NOI containing the information in Appendix IV of the draft General Permit. Facilities currently authorized to discharge under the Expired PWTF GP must submit a NOI within 90 days of the effective date of the final General Permit. Operators with new discharges must submit a NOI at least 60 days prior to initiating discharges and following the effective date of the final General Permit. Facilities with existing discharges that were not authorized under the Expired PWTF GP and which use aluminum in their treatment process must conduct more extensive water quality sampling data and submit this information with the NOI within 6 months of the effective date of the final General Permit.

Operators must meet the eligibility requirements of the General Permit prior to submission of a NOI. An operator will be authorized to discharge under the General Permit upon receipt of written notice from EPA following EPA’s web posting of the submitted NOI. EPA will authorize the discharge, request additional information, or require the operator to apply for an alternative permit or an individual permit. The effective date of the final General Permit will be specified in the Federal Register publication of the Notice of Availability of the final permit.

Other Legal Requirements:
Endangered Species Act (ESA): EPA has updated the provisions and necessary actions and documentation related to potential impacts to endangered species from facilities seeking coverage under the PWTF GP. EPA has requested concurrence from the appropriate federal services (U.S. Fish and Wildlife Service and National Marine Fisheries Service) in connection with this draft General Permit.

National Historic Preservation Act (NHPA): In accordance with NHPA, EPA has established provisions and documentation requirements for sites seeking coverage under the PWTF GP to ensure that discharges or actions taken under this General Permit will not adversely affect historic properties and places.

Authority: This action is being taken under the Clean Water Act, 33 U.S.C. 1251 et seq.

Dated: August 1, 2016.

H. Curtis Spalding,
Regional Administrator, Region 1.

ENVIRONMENTAL PROTECTION AGENCY
[FR Doc. 2016–19028 Filed 8–9–16; 8:45 am]
BILLING CODE 6560–50–P

I. General Information
A. Does this action apply to me?

This action applies to the public in general. As such, the Agency has not attempted to describe all the specific entities that may be affected by this action.

B. How can I get copies of this document and other related information?

The docket for this action, identified by docket identification (ID) number EPA–HQ–OPP–2016–0445, is available at http://www.regulations.gov or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Blvd., Rm. 3334, 1301 Constitution Ave. NW., Washington, DC 20460–0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566–1744, and the telephone number for the OPP Docket is (703) 305–5805. Please review the visitor instructions and additional information about the docket available at http://www.epa.gov/dockets.

II. Contractor Requirements

Under Contract No. EP–W–16–019, Summitec Corporation and its subcontractors, Versar, Inc., and CDM/ CSS-Dynamac Joint Venture, will perform critical reviews of EPA designated studies submitted by the registrants and/or from the open literature. These reviews will be provided to the contract officer’s representative in data evaluation records or other similar study data evaluation records or systems, as applicable. A template of the data evaluation records format provided to the contractor will be followed in the preparation of data evaluation records. See the data evaluation records templates for test guidelines at http://www.epa.gov/pesticide-registration/study-profile-templates. Specific guidance for completing each section is provided in the data evaluation records templates. Each review will encompass all items in the study that contribute to the overall knowledge of the pesticide, and will include the following:

- An evaluation of the accuracy, credibility and scientific validity of that study;
- its suitability for meeting specific data requirements;
- any necessary graphic displays of data, and/or summary tables illustrating results of the study;
• sound scientific rationale for the conclusions reached on specific studies; and
• clarity in data presentation and adherence to the template and overall guidance.

OPP has determined that access by Summitec Corporation and its subcontractors, Versar, Inc., and CDM/ CSS-Dynamac Joint Venture to information on all pesticide chemicals is necessary for the performance of this contract. Some of this information may be entitled to confidential treatment. The information has been submitted to EPA under FIFRA sections 3, 4, 6, and 7 and under FFDCA sections 408 and 409.

In accordance with the requirements of 40 CFR 2.307(h)(2) the contract with Summitec Corporation and its subcontractors, Versar, Inc., and CDM/ CSS-Dynamac Joint Venture, prohibits use of the information for any purpose not specified in the contract; prohibits disclosure of the information to a third party without prior written approval from the Agency; and requires that each official and employee of the contractor sign an agreement to protect the information from unauthorized release or compromise. No security plan under which any CBI will be entitled to confidential treatment. The amendments have been fully satisfied. Records of information supplied to Summitec Corporation and its subcontractors, Versar, Inc., and CDM/ CSS-Dynamac Joint Venture until the requirements in this document have been fully satisfied. Records of information provided to Summitec Corporation and its subcontractors, Versar, Inc., and CDM/ CSS-Dynamac Joint Venture are required to submit for EPA approval a security plan under which any CBI will be secured and protected against unauthorized release or compromise. No information will be provided to Summitec Corporation and its subcontractors, Versar, Inc., and CDM/ CSS-Dynamac Joint Venture until the requirements in this document have been fully satisfied. Records of information provided to Summitec Corporation and its subcontractors, Versar, Inc., and CDM/ CSS-Dynamac Joint Venture will be maintained by EPA project officers for this contract. All information supplied to Summitec Corporation and its subcontractors, Versar, Inc., and CDM/ CSS-Dynamac Joint Venture by EPA for use in connection with this contract will be returned to EPA when Summitec Corporation and its subcontractors, Versar, Inc., and CDM/ CSS-Dynamac Joint Venture have completed their work.

Delores Barber,
Acting Director, Information Technology and Resources Management Division, Office of Pesticide Programs.
