**SUMMARY:** This document corrects twelve errors in the list of customs brokers’ licenses revoked by operation of law, without prejudice, for failure to file a triennial status report that U.S. Customs and Border Protection (CBP) published in the Federal Register on January 6, 2016. The twelve errors consist of nine omissions and three erroneous revocations.

**DATES:** This correction is effective on August 10, 2016.

**FOR FURTHER INFORMATION CONTACT:** Julia D. Peterson, Branch Chief, Broker Management, Office of Trade, (202) 863–6601, julia.peterson@cbp.dhs.gov.

**SUPPLEMENTARY INFORMATION:**

**Background**

Pursuant to section 641 of the Tariff Act of 1930, as amended, (19 U.S.C. 1641) and section 111.30(d) of title 19 of the Code of Federal Regulations (19 CFR 111.30(d)), a customs broker’s license will be revoked by operation of law, without prejudice, for failure to file a triennial status report. On January 6, 2016, U.S. Customs and Border Protection (CBP) published in the Federal Register (81 FR 498) a list of customs brokers’ licenses revoked under 19 CFR 111.30(d) in alphabetical order by name with the names grouped according to the ports of issuance. That document contained twelve (12) errors in the list of revoked customs brokers’ licenses. Specifically, nine (9) customs brokers’ names were omitted from the list of revoked customs brokers’ licenses and three (3) customs brokers’ names were erroneously included in the list of revoked customs brokers’ licenses. This correction is being issued to identify the omitted customs brokers whose licenses were revoked by operation of law, without prejudice, for failure to file a triennial status report, and to identify the customs brokers whose licenses were erroneously revoked and have been reinstated.

**Correction**

In the Federal Register of January 6, 2016, in the document at 81 FR 498:

Beginning on page 498, in the list of revoked customs broker licenses, add the entries for the following nine (9) customs brokers in alphabetical order by name and grouped according to the ports of issuance:
Also on page 498, remove the entry for the following customs broker:

Federal Emergency Management Agency

[Docket ID FEMA–2016–0002]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final Notice.

SUMMARY: New or modified Base (1-percent annual chance) Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, and/or regulatory floodways (hereinafter referred to as flood hazard determinations) as shown on the indicated Letter of Map Revision (LOMR) for each of the communities listed in the table below are finalized. Each LOMR revises the Flood Insurance Rate Maps (FIRMs), and in some cases the Flood Insurance Study (FIS) reports, currently in effect for the listed communities. The flood hazard determinations modified by each LOMR will be used to calculate flood insurance premium rates for new buildings and their contents.

DATES: The effective date for each LOMR is indicated in the table below.

DATES: The effective date for each LOMR is indicated in the table below.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The new or modified flood hazard information is the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to remain qualified for participation in the National Flood Insurance Program (NFIP).

This new or modified flood hazard information, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by either Federal, State, or regional entities.

This new or modified flood hazard determinations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings, and for the contents in those buildings. The changes in flood hazard determinations are in accordance with 44 CFR 65.4.

Interested lessees and owners of real property are encouraged to review the final flood hazard information available at the address cited below for each community or online through the FEMA Map Service Center at www.floodmaps.fema.gov.

| SPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final flood hazard determinations as shown in the LOMRs for each community listed in the table below. Notice of these modified flood hazard determinations has been published in newspapers of local circulation and 90 days have elapsed since that publication. The Deputy Associate Administrator for Insurance and Mitigation has resolved any appeals resulting from this notification. The modified flood hazard determinations are made pursuant to section 206 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 et seq., and with 44 CFR part 65. For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals. The new or modified flood hazard information is the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to remain qualified for participation in the National Flood Insurance Program (NFIP).
