

Pursuant to CAA section 110(c)(1), this disapproval establishes a 2-year deadline for the EPA to promulgate a FIP for Texas to address the requirements of CAA section 110(a)(2)(D)(i) with respect to the 2008 ozone NAAQS unless Texas submits and we approve a SIP that meets these requirements. Disapproval does not start a mandatory sanctions clock for Texas pursuant to CAA section 179 because this action does not pertain to a part D plan for nonattainment areas required under CAA section 110(a)(2)(I) or a SIP call pursuant to CAA section 110(k)(5).

IV. Statutory and Executive Order Reviews

A. Executive Order 12866: Regulatory Planning and Review and Executive Order 13563: Improving Regulation and Regulatory Review

This final action is not a “significant regulatory action” and was therefore not submitted to the Office of Management and Budget for review.

B. Paperwork Reduction Act (PRA)

This final action does not impose an information collection burden under the PRA because it does not contain any information collection activities.

C. Regulatory Flexibility Act (RFA)

I certify that this action will not have a significant economic impact on a substantial number of small entities under the RFA. This action merely disapproves a SIP submittal as not meeting certain CAA requirements.

D. Unfunded Mandates Reform Act (UMRA)

This action does not contain any unfunded mandate as described in UMRA, 2 U.S.C. 1531–1538, and does not significantly or uniquely affect small governments. The action imposes no enforceable duty on any state, local or tribal governments or the private sector.

E. Executive Order 13132: Federalism

This action does not have federalism implications. It will not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government.

F. Executive Order 13175: Consultation and Coordination With Indian Tribal Governments

This action does not have tribal implications as specified in Executive Order 13175. This action does not apply on any Indian reservation land, any other area where the EPA or an Indian

tribe has demonstrated that a tribe has jurisdiction, or non-reservation areas of Indian country. Thus, Executive Order 13175 does not apply to this action.

G. Executive Order 13045: Protection of Children From Environmental Health Risks and Safety Risks

The EPA interprets Executive Order 13045 as applying only to those regulatory actions that concern environmental health or safety risks that the EPA has reason to believe may disproportionately affect children, per the definition of “covered regulatory action” in section 2–202 of the Executive Order. This action is not subject to Executive Order 13045 because it merely disapproves a SIP submittal as not meeting certain CAA requirements.

H. Executive Order 13211: Actions That Significantly Affect Energy Supply, Distribution or Use

This action is not subject to Executive Order 13211, because it is not a significant regulatory action under Executive Order 12866.

I. National Technology Transfer and Advancement Act

This rulemaking does not involve technical standards.

J. Executive Order 12898: Federal Actions To Address Environmental Justice in Minority Populations and Low-Income Populations

The EPA believes the human health or environmental risk addressed by this action will not have potential disproportionately high and adverse human health or environmental effects on minority, low-income or indigenous populations. This action merely disapproves a SIP submittal as not meeting certain CAA requirements.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. The EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by October 11, 2016. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See CAA section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Ozone.

Dated: August 1, 2016.

Ron Curry,

Regional Administrator, Region 6.

40 CFR part 52 is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart SS—Texas

■ 2. Section 52.2275 is amended by adding paragraph (l) to read as follows:

§ 52.2275 Control strategy and regulations: Ozone.

* * * * *

(l) The portion of the SIP submitted on December 13, 2012 addressing Clean Air Act section 110(a)(2)(D)(i)(I) for the 2008 ozone NAAQS is disapproved.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R10–OAR–2015–0397; FRL–9950–58–Region 10]

Approval and Promulgation of Implementation Plans; Idaho: Stationary Source Permitting Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving, and incorporating by reference, revisions to

the Idaho State Implementation Plan (SIP) submitted on May 21, 2015. In the submission, Idaho revised stationary source permitting rules, including the addition of facility-wide emission limits and nonmetallic mineral processing plant regulations. Idaho also added an alternative method for stationary sources to comply with sulfur content of fuels limits, and updated provisions to account for changes to federal air quality regulations. The EPA is approving the submitted revisions, with the exception of certain provisions that are inappropriate for SIP approval.

DATES: This final rule is effective September 12, 2016.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA-R10-OAR-2015-0397. All documents in the docket are listed on the <http://www.regulations.gov> Web site. Although listed in the index, some information may not be publicly available, *i.e.*, Confidential Business Information or other information the disclosure of which is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and is publicly available only in hard copy form. Publicly available docket materials are available at <http://www.regulations.gov> or at EPA Region 10, Office of Air and Waste, 1200 Sixth Avenue, Seattle, Washington 98101. The EPA requests that you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday, 8:30 to 4:30, excluding federal holidays.

FOR FURTHER INFORMATION CONTACT: Kristin Hall, Air Planning Unit, Office of Air and Waste (AWT-150), Environmental Protection Agency—Region 10, 1200 Sixth Ave., Seattle, WA 98101; telephone number: (206) 553-6357; email address: hall.kristin@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document wherever “we,” “us,” or “our” is used, it is intended to refer to the EPA.

Table of Contents

- I. Background
- II. Final Action
- III. Incorporation by Reference
- IV. Statutory and Executive Orders Review

I. Background

On May 21, 2015, Idaho submitted revisions to the Idaho State Implementation Plan. On June 19, 2016, the EPA proposed to approve the submitted revisions, with the exception of certain provisions that are

inappropriate for SIP approval (81 FR 37170). Please see our proposed rulemaking for further explanation and the basis for our finding. The public comment period for this proposal ended on July 11, 2016. We received no comments on the proposal.

II. Final Action

The EPA is approving, and incorporating by reference, the following revisions to the Idaho SIP submitted on May 21, 2015:

- IDAPA 58.01.01.006 *General Definitions*, except .49, .50, .51, .66, .67, .68.b, .116 (renumbered from .114), and .118 (renumbered from .116) (State effective 4/11/2014);
- IDAPA 58.01.01.011 *Definitions for the Purposes of Sections 790 through 799* (State effective 3/15/2002);
- IDAPA 58.01.01.107 *Incorporations by Reference*, except .03.f through .n, and with respect to .a, the incorporation by reference of 40 CFR 51.165 (State effective 4/11/2015);
- IDAPA 58.01.01.157 *Test Methods and Procedures* (State effective 4/11/2015);
- IDAPA 58.01.01.175 *Procedures and Requirements for Permits Establishing a Facility Emissions Cap* (State effective 4/11/2015);
- IDAPA 58.01.01.176 *Facility Emissions Cap*, except for provisions relating to hazardous air pollutants (State effective 4/11/2015);
- IDAPA 58.01.01.177 *Application Procedures* (State effective 4/11/2015);
- IDAPA 58.01.01.178 *Standard Contents of Permits Establishing a Facility Emissions Cap* (State effective 4/11/2015);
- IDAPA 58.01.01.179 *Procedures for Issuing Permits Establishing a Facility Emissions Cap* (State effective 4/11/2015);
- IDAPA 58.01.01.180 *Revisions to Permits Establishing a Facility Emissions Cap* (State effective 4/11/2015);
- IDAPA 58.01.01.181 *Notice and Record-Keeping of Estimates of Ambient Concentrations* (State effective 4/11/2015);
- IDAPA 58.01.01.201 *Permit to Construct Required* (State effective 4/11/2006);
- IDAPA 58.01.01.202 *Application Procedures* (State effective 4/11/2015);
- IDAPA 58.01.01.401 *Tier II Operating Permit*, except .01.a and .04, (State effective 4/11/2006);
- IDAPA 58.01.01.579 *Baselines for Prevention of Significant Deterioration* (State effective 4/11/2015);
- IDAPA 58.01.01.725 *Rules for Sulfur Content of Fuels* (State effective 4/11/2015);

- IDAPA 58.01.01.790 *Rules for the Control of Nonmetallic Mineral Processing Plants* (State effective 3/15/2002);
- IDAPA 58.01.01.791 *General Control Requirements*, (State effective 3/15/2002);
- IDAPA 58.01.01.793 *Emissions Standards for Nonmetallic Mineral Processing Plants not Subject to 40 CFR 60, Subpart OOO* (State effective 3/15/2002);
- IDAPA 58.01.01.794 *Permit Requirements*, except .04 (State effective 4/11/2015);
- IDAPA 58.01.01.795 *Permit by Rule Requirements* (State effective 3/15/2002);
- IDAPA 58.01.01.796 *Applicability* (State effective 3/15/2002);
- IDAPA 58.01.01.797 *Registration for Permit by Rule* (State effective 3/15/2002);
- IDAPA 58.01.01.798 *Electrical Generators* (State effective 3/15/2002); and
- IDAPA 58.01.01.799 *Nonmetallic Mineral Processing Plan Fugitive Dust Best Management Practice* (State effective 3/15/2002).

III. Incorporation by Reference

In this rule, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is finalizing the incorporation by reference as described in the amendments to 40 CFR part 52 set forth below. These materials have been approved by the EPA for inclusion in the State Implementation Plan, have been incorporated by reference by the EPA into that plan, are fully federally-enforceable under sections 110 and 113 of the CAA as of the effective date of the final rulemaking of the EPA's approval, and will be incorporated by reference by the Director of the Federal Register in the next update to the SIP compilation.¹ The EPA has made, and will continue to make, these materials generally available through <http://www.regulations.gov> and/or at the EPA Region 10 Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble).

IV. Statutory and Executive Orders Review

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the

¹ 62 FR 27968 (May 22, 1997).

EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because this action does not involve technical standards; and
- does not provide the EPA with the discretionary authority to address, as

appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where the EPA or an Indian Tribe has demonstrated that a Tribe has jurisdiction. In those areas of Indian country, the rule does not have Tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. The EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by October 11, 2016. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and

shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (*See* section 307(b)(2)).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: July 25, 2016.

Dennis J. McLerran,
Regional Administrator, Region 10.

For the reasons set forth in the preamble, 40 CFR part 52 is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

- 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart N—Idaho

- 2. In § 52.670, the table in paragraph (c) is amended by:
 - a. Revising entries 006, 107, 157, 201, 202, 401, 579, and 725.
 - b. Adding entries 011, 175, 176, 177, 178, 179, 180, 181, 790, 791, 793, 794, 795, 796, 797, 798, and 799 in numerical order.

The revisions and additions read as follows:

§ 52.670 Identification of plan.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R09-OAR-2015-0711; FRL-9949-84-Region 9]

Approval and Promulgation of Implementation Plans; California; San Joaquin Valley; Revisions to Motor Vehicle Emissions Budgets for Ozone and Particulate Matter

AGENCY: Environmental Protection Agency (EPA).
ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is taking final action to approve and conditionally approve revisions to the State of California’s State Implementation Plan (SIP) for the

San Joaquin Valley (SJV) area. The revisions consist of an update to the Motor Vehicle Emissions Budgets (“budgets”) for nitrogen oxides (NO_x) and volatile organic compounds (VOCs) for the 1997 8-hour ozone national ambient air quality standard (NAAQS or “standard”) for the SJV ozone nonattainment area and for NO_x and coarse particulate matter (PM₁₀) for the 1987 24-hour PM₁₀ standard for the SJV PM₁₀ maintenance area. The EPA is approving the SJV ozone revised budgets and conditionally approving the PM₁₀ budgets in accordance with the requirements of the Clean Air Act (CAA or “Act”) and the EPA’s regulations.

DATES: This rule is effective on September 30, 2016.

ADDRESSES: The EPA has established a docket for this action under Docket ID Number EPA-R09-OAR-2015-0711. All documents in the docket are listed on the <http://www.regulations.gov> Web site. Although listed in the index, some information is not publicly available, e.g., confidential business information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available through <http://www.regulations.gov>, or please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section for additional availability information.

FOR FURTHER INFORMATION CONTACT: John Ungvarsky, Air Planning Office (AIR-2), U.S. Environmental Protection Agency, Region 9, (415) 972-3963, ungvarsky.john@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document, “we,” “us” and “our” refer to the EPA.

Table of Contents

- I. Proposed Action
- II. Public Comments
- III. Final Action
- IV. Statutory and Executive Order Reviews

I. Proposed Action

On May 18, 2016 (81 FR 31212), the EPA proposed, under section 110(k)(3) of the Clean Air Act (CAA or “Act”), to approve a revision to the California SIP submitted by the California Air Resources Board (CARB) on November 13, 2015.¹ The SIP submittal revises budgets applicable to control strategy or maintenance plans for the SJV for the 1997 8-hour ozone standard, 2006 24-hour PM_{2.5} standard, and the 1987 24-hour PM₁₀ standard.² In our May 18, 2016 action, we proposed to approve revised budgets for the 1997 8-hour ozone standard and the 2006 24-hour PM_{2.5} standard. We also proposed to conditionally approve revised budgets for the 1987 24-hour PM₁₀ standard. CARB developed the revised budgets using EMFAC2014 and the travel activity projections provided by the SJV Metropolitan Planning Organizations (MPOs) consistent with the 2015 Federal Transportation Improvement Program (TIP). As such, the revised budgets reflect the most recent planning forecasts and are based on the most recent emission factor data and approved calculation methods.

The EPA previously approved the SJV budgets for the 1997 8-hour ozone standard and the 24-hour PM₁₀ standard. The ozone budgets were

¹ Letter, Richard W. Corey, Executive Officer, CARB to Jared Blumenfeld, Regional Administrator, EPA Region 9, November 13, 2015 with enclosures.

² For all three pollutants, the SJV nonattainment area includes all of seven counties, including Fresno, Kings, Madera, Merced, San Joaquin, Stanislaus, and Tulare counties, and the western half of Kern County. See the NAAQS-specific tables in 40 CFR 81.305.
