BroadbandUSA convenes workshops on a regular basis to bring stakeholders together to discuss ways to improve broadband policies, share best practices, and connect communities to other federal agencies and funding sources for the purpose of expanding broadband infrastructure and adoption throughout America's communities. Experts from NTIA's BroadbandUSA program are available to provide technical assistance and to connect communities with additional resources, such as best practices, guides and program models.

NTIA's BroadbandUSA team is developing tools to support communities working to expand broadband access, adoption, and use. These webinars are among the tools BroadbandUSA uses to provide broadband information to the public, stakeholders, tribal, local, and state governments, and federal programs.
