[Docket No. RM15–26–000; Order No. 821]

**Transferring Certain Dispute Resolution Service Matters to the Commission’s Landowner Helpline**

**AGENCY:** Federal Energy Regulatory Commission, Department of Energy (DOE).

**ACTION:** Final rule.

**SUMMARY:** The Commission is revising its regulations to reflect an internal reorganization. On June 14, 2013, the Dispute Resolution Service moved from the Commission’s Office of Administrative Litigation (OAL) to the Commission’s Office of Administrative Law Judges (OALJ), and the resulting new office was named the Office of Administrative Law Judges and Dispute Resolution (OALJDR). On January 11, 2015, the Commission designated a Landowner Helpline function in the OALJDR. The revised regulations substitute the Commission’s recently established Landowner Helpline in place of the Commission’s Dispute Resolution Service (DRS) as the contact for handling dispute-related calls, emails, and letters, pertaining to the construction and operation of jurisdictional infrastructure projects. This revision does not preclude disputants from utilizing other means to address disputes at the Commission. The transfer of responsibility for dispute-related calls, emails, and letters pertaining to infrastructure projects to

the Landowner Helpline reflects an allocation of dedicated resources to serve the public interest.

**DATES:** This rule will become effective March 3, 2016.

**Final Rule**

**(Issued January 21, 2016)**

1. 1. By this instant Final Rule, the Commission is revising its regulations<sup>1</sup> to substitute the Commission’s recently established Landowner Helpline in place of the Commission’s Dispute Resolution Service (DRS) as the point of contact for dispute-related calls, emails, and letters, pertaining to the construction or operation of jurisdictional natural gas and hydroelectric projects. The Commission is implementing this Final Rule as a result of a recent internal reorganization, which designated a Landowner Helpline function in the Commission’s Office of Administrative Law Judges and Dispute Resolution (OALJDR).

**I. Background**

2. The Commission’s Enforcement Hotline has been in existence since June 1987. In April 1999, the Enforcement Hotline was codified under section 1b.21 of the Commission’s regulations.<sup>2</sup> In addition to providing information to the public, and informal, non-binding staff opinions, any person may seek the Enforcement Hotline’s assistance in the informal resolution of a dispute, provided that the dispute is not before the Commission in a docketed proceeding.<sup>3</sup> The Enforcement Hotline is staffed by personnel from the Division of Investigations in the Office of Enforcement.

3. On April 15, 2010, the Commission substituted the DRS, with its expertise in conflict resolution, for the Enforcement Hotline as the contact for landowners that have unresolved disputes with natural gas companies following use of the companies’ environmental complaint resolution procedure.<sup>4</sup> The Commission also

transferred the responsibility of dispute-related calls pertaining to the construction and operation of hydroelectric projects to DRS.<sup>5</sup>

4. The Commission’s regulations require that natural gas companies seeking automatic authorization for replacement facilities or blanket certificate authorization for a project under the Natural Gas Act (NGA) must provide all affected landowners with a description of the company’s environmental complaint resolution procedures, including company contact telephone numbers which landowners can use to identify and resolve environmental mitigation problems and concerns during construction of the project and restoration of the right-of-way.<sup>6</sup> Companies must also provide affected landowners with the current telephone number and email address of the DRS and instruct them that if they are not satisfied with the company’s response to their complaints, they may contact the DRS.<sup>7</sup>

5. Going forward, the above-described DRS responsibilities will be handled by the new OALJDR Landowner Helpline.

**II. Discussion**

6. This Final Rule amends 18 CFR 157.203(d)(1)(iii)(D) to substitute the Commission’s recently established Landowner Helpline for the DRS Helpline as the contact for members of the public that have unresolved disputes with pipeline companies following use of the pipeline companies’ environmental complaint resolution procedure.<sup>8</sup> This Final Rule also removes and renames 18 CFR 1b.21 (g) and (h) to create 18 CFR 1b.22 (a) and (b), which substitutes the Commission’s recently established Landowner Helpline for the DRS Helpline as the contact for any person affected by either the construction or operation of natural gas facilities under the NGA or by the construction or operation of a project under the Federal Power Act (FPA), who may wish to seek the informal resolution of a dispute. This final rule makes this same substitution in 18 CFR 2.55(c)(1)(ii)(C) and 18 CFR 380.15(c)(1)(ii)(C). These

changes reflect the allocation of a dedicated Commission resource to serve the public interest.

### III. Information Collection Statement

7. Office of Management and Budget (OMB) regulations require OMB to approve certain information collection requirements imposed by agency rule.<sup>9</sup> However, this instant Final Rule does not contain or modify any information collection requirements.

### IV. Environmental Analysis

8. The Commission is required to prepare an Environmental Assessment or an Environmental Impact Statement for any action that may have a significant adverse effect on the human environment.<sup>10</sup> Part 380 of the Commission's regulations lists exemptions to the requirement to draft an Environmental Assessment or Environmental Impact Statement, and this rulemaking qualifies under the exemption for procedural, ministerial or internal administrative actions.<sup>11</sup>

### V. Regulatory Flexibility Act

9. The Regulatory Flexibility Act of 1980 (RFA)<sup>12</sup> generally requires a description and analysis of final rules that will have significant economic impact on a substantial number of small entities. This instant Final Rule concerns agency procedures. The Commission certifies that it will not have a significant economic impact upon participants in Commission proceedings. Therefore, an analysis under the RFA is thus not required.

Email the Public Reference Room at [public.referenceroom@ferc.gov](mailto:public.referenceroom@ferc.gov).

### VII. Effective Date and Congressional Notification

13. These regulations are effective as an instant Final Rule without a period for public comment. Under 5 U.S.C. 533(b), notice and comment procedures are unnecessary where a rulemaking concerns only agency procedure or practice, or where the agency finds that notice and comment is unnecessary. This rule concerns only matters of agency procedure, and will not significantly affect regulated entities or the general public. The Commission has determined, with the concurrence of the Administrator of the Office of Information and Regulatory Affairs of OMB, that this rule is not a "major rule" as defined in section 351 of the Small Business Regulatory Enforcement Fairness Act of 1996.

14. These regulations are effective March 3, 2016.

**Synopsis**

As required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), the FCC is notifying the public that it received OMB approval on January 19, 2016, for the information collection requirements contained in the information collection 3060–1194.

Under 5 CFR 1320, an agency may not conduct or sponsor a collection of information unless it displays a current, valid OMB Control Number.

No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act that does not display a current, valid OMB Control Number. The OMB Control Number is 3060–1194. The foregoing document is required by the Paperwork Reduction Act of 1995, Public Law 104–13, October 1, 1995, and 44 U.S.C. 3507. The total annual reporting burdens and costs for the respondents are as follows:

*OMB Control Number:* 3060–1194.

*OMB Approval Date:* January 19, 2016.

*OMB Expiration Date:* January 31, 2019.

*Title:* AM Station Modulation Dependent Carrier Level (MDCL) Notification Form; FCC Form 338.

*Form Number:* FCC Form 338.

*Type of Review:* New information collection.

*Respondents:* Business or other for-profit entities; Not-for-profit institutions.

*Number of Respondents and Responses:* 100 respondents and 100 responses.

*Estimated Hours per Response:* 1 hour.

*Frequency of Response:* On occasion reporting requirement.

*Total Annual Burden:* 100 hours.

*Total Annual Costs:* None.

*Obligation to Respond:* Required to obtain or retain benefits. The statutory authority for this information collection is contained in Sections 154(i), 303, 310 and 533 of the Communications Act of 1934, as amended.

*Nature and Extent of Confidentiality:* There is no need for confidentiality required with this collection of information.

*Privacy Impact Assessment:* No impact(s).

*Needs and Uses:* On October 31, 2013, the Commission released the Notice of Proposed Rule Making, Revitalization of the AM Radio Service (NPRM), FCC 13–139, MB Docket No. 13–249. In the NPRM, the Commission recognized that in September 2011, the Media Bureau (Bureau) had released an MDCL Public Notice, in which it stated that it would permit AM stations, by rule waiver or experimental authorization, to use transmitter control techniques that vary either the carrier power level or both the carrier and sideband power levels as a function of the modulation level. This allows AM licensees to reduce power consumption while maintaining audio quality and their licensed station
