

publication of the final results of this review.

For each individually examined respondent in this review whose calculated weighted-average dumping margin in the final results of review is above *de minimis* (i.e., greater than or equal to 0.5 percent), the Department intends to calculate importer- (or customer) specific assessment rates, in accordance with 19 CFR 351.212(b)(1).¹⁷ Where the respondent reported reliable entered values, the Department intends to calculate importer- (or customer) specific *ad valorem* rates by aggregating the dumping margins calculated for all U.S. sales to the importer (or customer) and dividing this amount by the total entered value of the sales to the importer (or customer).¹⁸ Where the Department calculates an importer- (or customer) specific weighted-average dumping margin by dividing the total amount of dumping for reviewed sales to the importer (or customer) by the total sales quantity associated with those transactions, the Department will direct CBP to assess importer- (or customer) specific assessment rates based on the resulting per-unit rates.¹⁹ We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate is above *de minimis*. Where either the respondent's weighted average dumping margin is zero or *de minimis*, or an importer (or customer-) specific *ad valorem* or per-unit rate is zero or *de minimis*, the Department will instruct CBP to liquidate appropriate entries without regard to antidumping duties.²⁰ For entries that were not reported in the U.S. sales database submitted by a company individually examined during this review, and any suspended entries that entered under an exporter's case number however the Department determined that the exporter had no shipments of subject merchandise, the Department will instruct CBP to liquidate such entries at the PRC-wide rate.²¹

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the

final results of this review and for future deposits of estimated duties, where applicable.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For the companies listed above that have a separate rate, the cash deposit rate will be that rate established in the final results of this review (except, if the rate is zero or *de minimis*, then the cash deposit rate of zero will be established for that company); (2) for previously investigated or reviewed PRC and non-PRC exporters that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the PRC-wide entity, which is 154.07 percent; and (4) for all non-PRC exporters of subject merchandise that have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter(s) that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213.

Dated: August 5, 2016.

Ronald K. Lorentzen,
Acting Assistant Secretary for Enforcement
and Compliance.

Endangered Species; File No. 20339

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that the NMFS Southeast Fisheries Center (SEFSC), 75 Virginia Beach Drive, Miami, FL 33149 [Responsible Party: Bonnie Ponwith], has applied in due form for a permit to take loggerhead (*Caretta caretta*), Kemp's ridley (*Lepidochelys kempii*), green (*Chelonia mydas*), leatherback (*Dermochelys coriacea*), hawksbill (*Eretmochelys imbricata*), olive ridley (*Lepidochelys olivacea*) and unidentified sea turtles for purposes of scientific research.

DATES: Written, telefaxed, or email comments must be received on or before September 14, 2016.

ADDRESSES: The application and related documents are available for review by selecting "Records Open for Public Comment" from the "Features" box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 20339 from the list of available applications.

These documents are also available upon written request or by appointment in the Permits and Conservation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 427-8401; fax (301) 713-0376.

Written comments on this application should be submitted to the Chief, Permits and Conservation Division, at the address listed above. Comments may also be submitted by facsimile to (301) 713-0376, or by email to NMFS.Pr1Comments@noaa.gov. Please include the File No. in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits and Conservation Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT:

Arturo Herrera or Amy Hapeman, (301) 427-8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

The SEFSC requests a five-year permit to study sea turtles in the Atlantic Ocean, Gulf of Mexico and Caribbean Sea. Animals for study would be directly captured by trawl or obtained as legal bycatch from a commercial fishery. The purpose of this project is to assist in the development and testing of gear aboard commercial fishing vessels to mitigate interactions and capture of sea turtles. Researchers would be authorized to measure, weigh, apply a temporary carapace mark, flipper and Passive Integrated Transponder tagging, tissue sample, and photograph/video live sea turtles before release and to salvage carcasses and parts from dead sea turtles. Up to 253 loggerhead, 117 Kemp's ridley, 116 leatherback, 62 green, 41 hawksbill, 41 olive ridley and 85 unidentified sea turtles would be sampled annually.

Dated: August 9, 2016.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the

following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Southeast Region Logbook Family of Forms.

OMB Control Number: 0648-0016.

Form Number(s): None.

Type of Request: Regular (extension of a current information collection).

Number of Respondents: 3,634.

Average Hours per Response: Annual fixed-cost reports, 30 minutes; Colombian fishery logbooks, 18 minutes; discard logbooks, 15 minutes; headboat, golden crab, reef fish-mackerel, economic cost/trip, wreckfish, and shrimp logbooks, 10 minutes; no-fishing responses for golden crab, reef fish-mackerel, charterboat, wreckfish and Colombian fisheries, 2 minutes.

Burden Hours: 17,038.

Needs and Uses: This request is for extension of a current information collection.

Participants in most Federally-managed fisheries in the Southeast Region are currently required to keep and submit catch and effort logbooks from their fishing trips. A subset of these vessels also provide information on the species and quantities of fish, shellfish, marine turtles, and marine mammals that are caught and discarded or have interacted with the vessel's fishing gear. A subset of these vessels also provide information about dockside prices, trip operating costs, and annual fixed costs.

The data are used for scientific analyses that support critical conservation and management decisions made by national and international fishery management organizations. Interaction reports are needed for fishery management planning and to help protect endangered species and marine mammals. Price and cost data will be used in analyses of the economic effects of proposed regulations.

Affected Public: Business or other for-profit organizations; individuals or households.

Frequency: Annually and per fishing trip.

Respondent's Obligation: Mandatory.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: August 9, 2016.
