

is applicable when the monthly rate of return on investment of cash in the Clearing Fund is equal to or greater than 0.25%.

Because the Clearing Fund Maintenance Fee per member is proportional to the average monthly cash deposit of the member to the Clearing Fund, members that generate higher levels of activity and make greater use of NSCC's services will generally be subject to a higher fee, because such members typically maintain higher Clearing Fund deposits pursuant to the Rules.

NSCC views the proposed implementation of the Clearing Fund Maintenance Fee as a prudent way to minimize the magnitude of, and mitigate the need for, potential future increases in other fees.

The proposed change will take effect on August 1, 2016.

2. Statutory Basis

Section 17A(b)(3)(D) of the Act⁷ requires that NSCC's Rules provide for the equitable allocation of reasonable dues, fees, and other charges among its participants. The proposed fee is equitably allocated among members because it is based on each member's utilization of NSCC's services, as measured by their Clearing Fund deposits. In addition, NSCC believes that the proposed fee is reasonable because it will enable NSCC to better align its revenue with the costs and expenses required for NSCC to provide services to its members with a nominal impact on members. Therefore, NSCC believes the proposed rule change is consistent with Section 17A(b)(3)(D).⁸

(B) Clearing Agency's Statement on Burden on Competition

NSCC does not believe that the proposed rule change will impose a burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, because the proposed fee will be equitably allocated among members based on each member's utilization of NSCC's services. Members that have a higher level of activities and greater use of NSCC's services will generally be subject to a higher Clearing Fund Maintenance Fee and members with lower usage will pay less.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

NSCC has not received or solicited any written comments relating to this proposal. NSCC will notify the Commission of any written comments received by NSCC.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)⁹ of the Act and paragraph (f) of Rule 19b-4¹⁰ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange is filing with the Securities and Exchange Commission ("Commission") a proposed rule change to amend the Fee Schedule to adjust certain fees in Section I.B. of the BOX Fee Schedule on the BOX Market LLC ("BOX") options facility. While changes to the fee schedule pursuant to this proposal will be effective upon filing, the changes will become operative on August 1, 2016. The text of the proposed rule change is available from the principal office of the Exchange, at the Commission's Public Reference Room and also on the Exchange's Internet Web site at <http://boxexchange.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule for trading on BOX to adjust certain fees in Section I.B. of the BOX Fee Schedule.

Exchange Fees

Primary Improvement Order

Under the tiered fee schedule for Primary Improvement Orders, the Exchange assesses a per contract execution fee to all Primary Improvement Order executions initiated by the particular Initiating Participant. Percentage thresholds are calculated on a monthly basis by totaling the Initiating Participant's Primary Improvement Order volume submitted to BOX, relative to the total national Customer volume in multiply-listed options classes. The Exchange proposes to adjust the fee assessed in Tier 5. Specifically, the Exchange proposes to reduce the fee to \$0.02 from \$0.05. The

Exchange notes that it is not proposing any changes to the percentage thresholds and the quantity submitted will continue to be calculated on a monthly basis by totaling the Initiating Participant's Primary Improvement Order volume submitted to BOX, relative to the total national Customer volume in multiply-listed options classes.

BOX Volume Rebate ("BVR")

Next, the Exchange proposes to adjust a rebate within the BVR. Under the BVR, the Exchange offers a tiered per contract rebate for all PIP Orders and COPIP orders of 100 contracts and under. Percentage thresholds are calculated on a monthly basis by totaling the Participant's PIP and COPIP volume submitted to BOX, relative to the total national Customer volume in multiply-listed options classes. The Exchange proposes to increase the rebate in Tier 5 for PIP Orders to \$0.12 from \$0.10. The Exchange notes that it is not proposing any changes to the percentage thresholds and the quantity submitted will continue to be calculated on a monthly basis by totaling the Participant's PIP and COPIP volume submitted to BOX, relative to the total national Customer volume in multiply-listed options classes.

2. Statutory Basis

The Exchange believes that the proposal is consistent with the requirements of Section 6(b) of the Act, in general, and Section 6(b)(4) and 6(b)(5) of the Act,⁵ in particular, in that it provides for the equitable allocation of reasonable dues, fees, and other charges among BOX Participants and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Exchange believes that reducing the Primary Improvement Order fee to \$0.02 for Initiating Participants who reach Tier 5 is reasonable, equitable and not unfairly discriminatory. The reduced fee is equitable and not unfairly discriminatory as it is available to all BOX Options Participants that initiate Auction Transactions, and they may choose whether or not to take advantage of the discounted fees. The Exchange believes that the proposed fee remains reasonable and competitive when compared to the auction transaction fees on other exchanges.⁶

⁵ 15 U.S.C. 78f(b)(4) and (5).

⁶ Comparative fees at other exchanges range from \$0.05 to \$0.20. See Section IV of the Phlx Pricing Schedule entitled "PIXL Pricing"; International Securities Exchange ("ISE") Schedule of Fees, Section I. Regular Order Fees and Rebates "Select Symbols."

The Exchange also believes the proposed change to the BVR in Section I.B. of the BOX Fee Schedule is reasonable, equitable and not unfairly discriminatory. The BVR was adopted to attract Public Customer order flow to the Exchange by offering these Participants incentives to submit their PIP and COPIP Orders to the Exchange and the Exchange believes it is appropriate to now amend a specific rebate within the BVR. The Exchange believes it is equitable and not unfairly discriminatory to amend the BVR, as all Participants have the ability to qualify for a rebate, and rebates are provided equally to qualifying Participants at each tier. Finally, the Exchange believes it is reasonable and appropriate to continue to provide incentives for Public Customers, which will result in greater liquidity and ultimately benefit all Participants trading on the Exchange. Other exchanges employ similar incentive programs;⁷ and the Exchange believes that the proposed change is reasonable and competitive when compared to incentive fees at other exchanges.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange is simply proposing to amend certain fees and rebates for Auction Transactions within the BOX Fee Schedule. The Exchange believes that the volume based rebates and fees increase intermarket and intramarket competition by incenting Participants to direct their order flow to the exchange, which benefits all participants by providing more trading opportunities and improves competition on the Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Exchange Act⁸ and

⁷ See Section B of the PHLX Pricing Schedule entitled "Customer Rebate Program;" ISE Gemini's Qualifying Tier Thresholds (page 6 of the ISE Gemini Fee Schedule); and CBOE's Volume Incentive Program (VIP).

⁸ 15 U.S.C. 78s(b)(3)(A)(ii).

Rule 19b-4(f)(2) thereunder,⁹ because it establishes or changes a due, or fee.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend the rule change if it appears to the Commission that the action is necessary or appropriate in the public interest, for the protection of investors, or would otherwise further the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 123D relating to when a DMM may reopen a security electronically. The proposed rule changes would provide greater specificity regarding the applicable reference price for determining when a DMM may effect a reopening transaction electronically.

Background

The Exchange recently amended Rule 123D to specify when DMMs may effect an opening of a security electronically.⁴ Rule 123D(a)(1)(B) provides that openings may be effectuated manually or electronically (as provided for in Rule 104(b)(ii)) and that Exchange systems will not permit a DMM to open a security electronically if a DMM has manually entered Floor interest. Rule 123D(a)(1)(B)(i) further provides that, except under the conditions set forth in paragraph (a)(1)(B)(ii) of Rule 123D, a DMM may not effect an opening electronically if the opening transaction will be at a price more than 4% away from the Official Closing Price, as defined in Rule 123C(1)(e), or the matched volume will be more than: (a) 150,000 shares for securities with an average opening volume of 100,000 shares or fewer in the previous calendar quarter; or (b) 500,000 shares for securities with an average opening volume of over 100,000 shares in the previous calendar quarter.

Rule 123D(a)(1)(B)(ii) provides that if as of 9:00 a.m. Eastern Time, the E-mini S&P 500 Futures are $\pm 2\%$ from the prior day's closing price of the E-mini S&P
