BatsEDGX–2016–40]

Self-Regulatory Organizations; Bats
EDGX Exchange, Inc.; Notice of Filing
and Immediate Effectiveness of a
Proposed Rule Change Related to Fees
for Use of the Exchange’s Options
Platform

August 9, 2016.

Pursuant to Section 19(b)(1) of the
Securities Exchange Act of 1934 (the
“Act”),1 and Rule 19b–4 thereunder,2
notice is hereby given that on July 29,
2016, Bats EDGX Exchange, Inc. (the
“Exchange” or “EDGX”) filed with the
Securities and Exchange Commission
(“Commission”) the proposed rule
change as described in Items I, II and III
below, which Items have been prepared
by the Exchange. The Exchange has
designated the proposed rule change as
one establishing or changing a member
due, fee, or other charge imposed by the
Exchange under Section 19(b)(3)(A)(ii)
of the Act and Rule 19b–4(f)(2) thereunder,3
which renders the proposed rule change effective upon
filing with the Commission. The
Commission is publishing this notice to
solicit comments on the proposed rule
change from interested persons.

the Proposed Rule Change

amend the fee schedule applicable to
Members and non-Members of the
Exchange pursuant to EDGX Rules
15.1(a) and (c).

orders equal to or greater than 0.05% of average TCV.11

Pursuant to Customer Volume Tier 5, a Member currently will receive a rebate of $0.21 per contract where: (i) The Member has an ADV in Customer orders equal to or greater than 0.20% of average TCV; and (ii) The Member has an ADV in Market Maker orders equal to or greater than 0.10% of average TCV. To encourage the entry of additional orders, the Exchange proposes to modify the criteria necessary to achieve Customer Volume Tier 5 to require that: (i) The Member has an ADV in Customer orders equal to or greater than 0.05% of average TCV; and (ii) The Member has an ADV in Customer or Market Maker orders equal to or greater than 0.25% of average TCV. The Exchange believes that decreasing the first prong’s ADV requirement and expanding the second prong to include Customer orders, despite increasing the corresponding ADV requirement, will make Customer Volume Tier 5 more attainable for additional Members who seek to receive the increased rebate for their orders that yield fee codes NC or PC.

Market Maker Volume Tier 7. Fee codes PM and NM are currently appended to all Market Maker orders in Penny Pilot Securities and Non-Penny Pilot Securities, respectively, and result in a standard fee of $0.19 per contract. The Market Maker Volume Tiers in footnote 2 consist of seven separate tiers, each providing a reduced fee or rebate to a Member’s Market Maker order that yields fee codes PM or NM upon satisfying the monthly volume criteria required by the respective tier. For instance, pursuant to Market Maker Volume Tier 1, the lowest volume tier, a Member will pay a reduced fee of $0.16 per contract where the Member has an ADV in Market Maker orders equal to or greater than 0.05% of average TCV.

Pursuant to Market Maker Volume Tier 7, a Member will be charged a reduced fee of $0.10 per contract where the Member has an ADV in: (i) Customer orders equal to or greater than 0.20% of average TCV; (ii) Market Maker orders equal to or greater than 0.10% of average TCV. To encourage the entry of additional orders to the Exchange, the Exchange proposes to modify the criteria necessary to achieve Market Maker Volume Tier 7 to require that: (i) The Member has an ADV in Customer orders equal to or greater than 0.05% of average TCV; and (2) The Member has an ADV in Customer or Market Maker orders equal to or greater than 0.25% of average TCV. The Exchange believes that decreasing the first prong’s ADV requirement and expanding the second prong to include Customer orders, despite increasing the corresponding ADV requirement, will make Customer Volume Tier 5 [sic] more attainable for additional Members who seek to receive the increased rebate for their orders that yield fee codes NM or PM. Additionally, the Exchange proposes to reduce the fee for the Market Maker Volume Tier 7 from $0.10 per contract to $0.03 per contract. In conjunction with the proposed tier, the Exchange also proposes to update the Standard Rate table.

Firm Penny Pilot Cross-Asset Tier. The Exchange proposes to amend its fee schedule to adopt a new tier under footnote 4 called the Firm Penny Pilot Cross-Asset Tier. The proposed tier would require participation on the Exchange’s equities platform (“EDGX Equities”) and would provide Members a reduced fee of $0.32 per contract for orders that yield fee code PF 12 where the Member: (i) Has an ADV in Firm 13 orders equal to or greater than 0.10% of average TCV; and (ii) has an EDGX Equities an ADAY 14 equal to or greater than 0.12% of average TCV. In conjunction with the proposed tier, the Exchange also proposes to appended footnote 4 to fee code PF in the Fee Codes and Associate Fees table and to update the Standard Rate table.

Implementation Date

The Exchange proposes to implement these amendments to its fee schedule on August 1, 2016.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act. 15 Specifically, the Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act, 16 in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls.

The Exchange believes its proposed fees and rebates pursuant to the tiered pricing structure are reasonable, fair and equitable, and non-discriminatory. The Exchange operates in a highly competitive market in which market participants may readily send order flow to many competing venues if they deem fees at the Exchange to be excessive. As a new options exchange, the proposed fee structure remains intended to attract order flow to the Exchange by offering market participants a competitive yet simple pricing structure. At the same time, the Exchange believes it is reasonable to incrementally adopt incentives intended to help to contribute to the growth of the Exchange.

Volume-based rebates such as those currently maintained on the Exchange have been widely adopted by options exchanges and are equitable because they are open to all Members on an equal basis and provide additional benefits or discounts that are reasonably related to the value of an exchange’s market quality associated with higher levels of market activity, such as higher levels of liquidity provision and/or growth patterns, and introduction of higher volumes of orders into the price and volume discovery processes. The proposed modifications to the Customer Volume Tier 5 and Market Maker Volume Tier 7 and the addition of footnote 4, Firm Penny Pilot Cross-Asset Tier, are each intended to incentivize Members to send additional Customer and Market Maker orders to the Exchange in an effort to qualify for the enhanced rebate or lower fee made available by the tiers.

The Exchange believes that the proposal to add a Firm Penny Pilot Cross-Asset Tier is a reasonable, fair and equitable, and not unfairly discriminatory allocation of fees because it will provide Members with an additional incentive to reach certain thresholds on both EDGX Options and EDGX Equities. The increased liquidity from this proposal also benefits all investors by deepening the EDGX Options and EDGX Equities liquidity pools, offering additional flexibility for all investors to enjoy cost savings, supporting the quality of price discovery, promoting market transparency and improving investor protection. Such pricing programs thereby reward a Member’s growth pattern on the Exchange and such increased volume increases potential revenue to the Exchange, and would allow the Exchange to continue to provide and potentially expand the incentive

programs operated by the Exchange. To the extent a Member participates on the EDGX Options but not on EDGX Equities, the Exchange does believe that the proposal is still reasonable, equitably allocated and non-discriminatory with respect to such Member based on the overall benefit to the Exchange resulting from the success of EDGX Equities. As noted above, such success allows the Exchange to continue to provide and potentially expand its existing incentive programs to the benefit of all participants on the Exchange, whether they participate on EDGX Equities or not. The proposed pricing program is also fair and equitable in that membership in EDGX Equities is available to all market participants which would provide them with access to the benefits on EDGX Equities provided by the proposed changes, as described above, even where a member of EDGX Equities is not necessarily eligible for the proposed increased rebates on the Exchange.

The Exchange believes that the proposed tiers are reasonable, fair and equitable, and non-discriminatory, for the reasons set forth above with respect to volume-based pricing generally and because such changes will incentivize participants to further contribute to market quality. The proposed tiers will provide an additional way for market participants to qualify for enhanced rebates or reduced fees. The Exchange also believes that the proposed tiered pricing structure is consistent with pricing previously offered by the Exchange as well as other options exchanges and does not represent a significant departure from such pricing structures.\(^\text{17}\)

(B) Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange believes the proposed amendments to its fee schedule would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, the Exchange has designed the proposed amendments to its fee schedule to enhance its ability to compete with other exchanges. Rather, the proposal as a whole is a competitive proposal that is seeking to further the growth of the Exchange. The Exchange has structured certain fees and rebates proposed herein to attract certain additional volume in both Customer and certain Non-Customer orders; however, the Exchange believes that its pricing for all capacities is competitive with that offered by other options exchanges. Additionally, Members may opt to favor the Exchange’s pricing if they believe that the alternatives offer them better value. Accordingly, the Exchange does not believe that the proposed change will impair the ability of Members or competing venues to maintain their competitive standing in the financial markets. The Exchange believes that the pricing changes contribute to, rather than burden competition, as such changes are broadly intended to incentivize participants to increase their participation on the Exchange, which will increase the liquidity and market quality on the Exchange and further enhance the Exchange’s ability to compete with other exchanges.

(C) Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from members or other interested parties.
