SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; Miami International Securities Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Exchange Rule 517

August 11, 2016.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)1 and Rule 19b–4 thereunder, notice is hereby given that on August 4, 2016, Miami International Securities Exchange LLC (“MIAX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend Exchange Rule 517. Quote Types Defined, to adopt new Interpretations and Policies .01 to clarify that to be considered a priority quote (as described below), a quote for a long-term option contract must meet the priority quote requirements established in Rule 517(b). The Exchange also proposes to make a non-substantive technical correction to section 517(b)(1)(ii) to correct a typographical error in the Rule.

For trade allocation purposes, quotes will be considered either priority quotes and trade allocation will be in accordance with Rule 514(e)(1), or non-priority quotes and trade allocation will be in accordance with Rule 514(e)(2), based upon a Market Maker’s quote width at certain times.8

MIAX Rule 517(b). Quote Priority, describes the requirements for quotes on the Exchange to be considered priority quotes for allocation purposes. Specifically, MIAX Rule 517(b)(1)(i) establishes the standards which must be met to establish a quote as a priority quote at the time of execution. First, the bid/ask differential of a Market Maker’s two-sided quote pair must be valid width (no wider than the bid/ask differentials outlined in Rule 603(b)(4)). Second, the initial size of any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Exchange Rule 517, Quote Types Defined, to adopt new Interpretations and Policies .01 to clarify that to be considered a priority quote (as described below), a quote for a long-term option contract must meet the priority quote requirements established in Rule 517(b). The Exchange also proposes to make a non-substantive technical correction to section 517(b)(1)(ii) to correct a typographical error in the Rule.

For trade allocation purposes, quotes will be considered either priority quotes and trade allocation will be in accordance with Rule 514(e)(1), or non-priority quotes and trade allocation will be in accordance with Rule 514(e)(2), based upon a Market Maker’s quote width at certain times.8

MIAX Rule 517(b). Quote Priority, describes the requirements for quotes on the Exchange to be considered priority quotes for allocation purposes. Specifically, MIAX Rule 517(b)(1)(i) establishes the standards which must be met to establish a quote as a priority quote at the time of execution. First, the bid/ask differential of a Market Maker’s two-sided quote pair must be valid width (no wider than the bid/ask differentials outlined in Rule 603(b)(4)). Second, the initial size of any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Exchange Rule 517, Quote Types Defined, to adopt new Interpretations and Policies .01 to clarify that to be considered a priority quote (as described below), a quote for a long-term option contract must meet the priority quote requirements established in Rule 517(b). The Exchange also proposes to make a non-substantive technical correction to section 517(b)(1)(ii) to correct a typographical error in the Rule.

For trade allocation purposes, quotes will be considered either priority quotes and trade allocation will be in accordance with Rule 514(e)(1), or non-priority quotes and trade allocation will be in accordance with Rule 514(e)(2), based upon a Market Maker’s quote width at certain times.8

MIAX Rule 517(b). Quote Priority, describes the requirements for quotes on the Exchange to be considered priority quotes for allocation purposes. Specifically, MIAX Rule 517(b)(1)(i) establishes the standards which must be met to establish a quote as a priority quote at the time of execution. First, the bid/ask differential of a Market Maker’s two-sided quote pair must be valid width (no wider than the bid/ask differentials outlined in Rule 603(b)(4)). Second, the initial size of

8 The priority quote width standard established by the Exchange can have bid/ask differentials as narrow as one MPV, as wide but never wider than the bid/ask differentials outlined in Rule 603(b)(4), or somewhere in between. See Exchange Rule 517(b)(1)(ii).

9 The term “System” means the automated trading system used by the Exchange for the trading of securities. See Exchange Rule 100.

11 The term “MBBO” means the bid or offer on the Exchange. See Exchange Rule 100.

13 See Exchange Rule 406.
additional clarity of Exchange rules regarding priority quotes and allocations.

The Exchange is also proposing to make a technical amendment to current Exchange Rule 517(b)(ii) by deleting the repetitive words “than the” from the Rule, which are stated twice consecutively.

2. Statutory Basis

MIAX believes that its proposed rule change is consistent with section 6(b) of the Act \(^{15}\) in general, and furthers the objectives of section 6(b)(5) of the Act \(^{16}\) in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest.

The proposed rule change is designed to promote just and equitable principles of trade by clarifying the operation of Exchange rules to ensure that Market Makers have complete information as to how priority quotes are established on the Exchange. Further, the proposed rule change is designed to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest, by providing enhanced guidance to Market Makers on establishing priority quotes on options with a time to expiration greater than nine (9) months. The Exchange believes that the priority quote status afforded to Market Makers quoting in long-term options should result in more liquidity and tighter spreads in these options. Clarity in the Exchange’s rules regarding the establishment of priority quote status in long-term options benefits and protects the public interest by explicitly stating that Market Makers quoting in long-term options can establish priority quote status by submitting such quotes with the required bid/ask differential. This should encourage more Market Makers to submit quotes on long-term options to the Exchange, and should thus result in better prices and increased liquidity in long-term options.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange believes the proposed changes will not impose any burden on intra-market competition because it applies to all MIAX participants equally. In addition, the Exchange does not believe the proposal will impose any burden on inter-market competition as the proposal is intended to clarify the operation of existing Exchange rules.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, it has been determined that the proposed rule change is effective pursuant to 19(b)(3)(A) of the Act \(^{17}\) and Rule 19b–4(f)(6) \(^{18}\) thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.
