

No significant hazards consideration comments received: Yes. The comment received on Amendment No. 278 is addressed in the Safety Evaluation dated January 7, 2016.

Dated at Rockville, Maryland, this 21st day of January 2016.

For the Nuclear Regulatory Commission.

Anne T. Boland,

Director, Division of Operating Reactor Licensing, Office of Nuclear Reactor Regulation.

BILLING CODE 7590-01-P

OVERSEAS PRIVATE INVESTMENT CORPORATION

[OPIC-162, OMB 3420-0019]

Submission for OMB Review; Comments Request

AGENCY: Overseas Private Investment Corporation (OPIC).

ACTION: Notice and request for comments.

SUMMARY: Under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35), agencies are required to publish a Notice in the **Federal Register** notifying the public that the agency is modifying an existing information collection for OMB review and approval and requests public review and comment on the submission. Comments are being solicited on the need for the information; the accuracy of OPIC's burden estimate; the quality, practical utility, and clarity of the information to be collected; and ways to minimize reporting the burden, including automated collection techniques and uses of other forms of technology.

The proposed change to OPIC-162 clarifies existing questions, incorporates sector-specific development impact questions and eliminates ineffective questions in an effort to harmonize development impact indicators with other Development Finance Institutions ("DFIs"). OPIC is a signatory to a "Memorandum of Understanding" with 25 partnering DFIs to harmonize development impact metrics where possible. The goal of this effort is to reduce the reporting burden on clients that receive financing from multiple DFIs and to instill best practices in the collection and the reporting on OPIC's developmental impacts. To minimize the reporting burden on respondents, OPIC has designed OPIC-162 as an electronic form with questions populating only if they relate to a project.

DATES: Comments must be received within sixty (60) calendar days of publication of this Notice.

ADDRESSES: Mail all comments and requests for copies of the subject form to OPIC's Agency Submitting Officer: James Bobbitt, Overseas Private Investment Corporation, 1100 New York Avenue NW., Washington, DC 20527. See **SUPPLEMENTARY INFORMATION** for other information about filing.

FOR FURTHER INFORMATION CONTACT: OPIC Agency Submitting Officer: James Bobbitt, (202) 336-8558.

SUPPLEMENTARY INFORMATION: All mailed comments and requests for copies of the subject form should include form number OPIC-162 on both the envelope and in the subject line of the letter. Electronic comments and requests for copies of the subject form may be sent to *James.Bobbitt@opic.gov*, subject line OPIC-162.

SUMMARY FORM UNDER REVIEW

Type of Request: Revision of a currently approved information collection.

Title: Self-Monitoring Questionnaire.

Form Number: OPIC-162.

Frequency of Use: One per investor per project annually.

Type of Respondents: Business or other institutions and individuals.

Standard Industrial Classification Codes: All.

Description of Affected Public: U.S. companies or citizens investing overseas.

Reporting Hours: 2,186 (4.7 hours per form).

Number of Responses: 465 per year.

Federal Cost: \$48,518.

Authority for Information Collection: Sections 231, 231A, 239(d), and 240A of the Foreign Assistance Act of 1961, as amended.

Abstract (Needs and Uses): The Self-Monitoring Questionnaire is the principal document used by OPIC to monitor the developmental effects of OPIC's investment projects, monitor the economic effects on the U.S. economy, and collect information on compliance with environmental and labor policies.

Dated: January 27, 2016.

Nichole Skoyles,

Administrative Counsel, Department of Legal Affairs.

OFFICE OF SCIENCE AND TECHNOLOGY POLICY

Nanotechnology Commercialization Success Stories

ACTION: Request for information.

SUMMARY: The purpose of this Request for Information (RFI) is to seek examples of commercialization success stories stemming from U.S. Government-funded nanotechnology research and development (R&D) since the inception of the National Nanotechnology Initiative (NNI) in 2001. The information gathered in response to this RFI may be used as examples to highlight the impact of the Initiative or to inform future activities to promote the commercialization of federally funded nanotechnology R&D. Depending on the nature of the feedback, responses may be used to shape the agenda for a workshop to share best practices and showcase commercial nanotechnology-enabled products and services. Commercial entities, academic institutions, government laboratories, and individuals who have participated in federally funded R&D; collaborated with Federal laboratories; utilized federally funded user facilities for nanoscale fabrication, characterization, and/or simulation; or have otherwise benefited from NNI agency resources are invited to respond.

DATES: Responses are requested by February 29, 2016.

ADDRESSES: You may submit responses by any of the following methods (email is preferred):

- *Email:* *NNISuccessStories@nnco.nano.gov*. Include [*NNI Success Story*] in the subject line of the message.

- *Mail:* Mike Kiley, National Nanotechnology Coordination Office, ATTN: RF10116, 4201 Wilson Blvd., Stafford II, Suite 405, Arlington, VA 22230. If submitting a response by mail, allow sufficient time for mail processing.

Instructions: Submissions are limited to five pages, one of which we strongly recommend be an overview slide using the template provided at *www.nano.gov/NNISuccessStories*. Responses must be unclassified and should not contain any sensitive personally identifiable information (such as home address or social security number), or information that might be considered proprietary or confidential). Please include a contact name, email address, and/or phone number in case clarification of details in your submission is required.

Disclaimer: Federal agencies may or may not use any responses to this RFI

as a basis for subsequent projects, programs, or funding opportunities. Responses to this RFI will not be returned. The Office of Science and Technology Policy is under no obligation to acknowledge receipt of the information received, or to provide feedback to respondents with respect to any information submitted under this RFI. Respondents to this RFI will have no competitive advantage in receiving any future awards.

FOR FURTHER INFORMATION CONTACT: Mike Kiley, (703) 292-4399, NNISuccessStories@nnco.nano.gov, National Nanotechnology Coordination Office. Any requests for clarification must be received no later than seven (7) business days prior to the close of this RFI in order to receive a timely response.

SUPPLEMENTARY INFORMATION:

Background Information: The National Nanotechnology Initiative (NNI), established in 2001, is a U.S. Government research and development (R&D) initiative of 20 Federal departments, independent agencies, and independent commissions (hereafter referred to as "agencies") working together toward the common challenging vision of *a future in which the ability to understand and control matter at the nanoscale leads to a revolution in technology and industry that benefits society* (see www.nano.gov). Over the life of the NNI, participating agencies have invested a total of \$22 billion in nanotechnology research, development, and commercialization; their combined, coordinated efforts have accelerated the discovery, development, and deployment of nanotechnology to address agency mission goals and broader national needs.

One of the four goals of the NNI is to *foster the transfer of new technologies into products for commercial and public benefit*. Recent external assessments of the NNI by the President's Council of Advisors for Science and Technology (PCAST) have highlighted the need to better assess and highlight the Initiative's progress towards this goal. While there are a number of excellent examples of nanotechnology-based commercial products, the purpose of this RFI is to collect more comprehensive information about the impact of NNI investments on nanotechnology commercialization. This RFI seeks to collect examples of commercial products or services attributable at least in part to the NNI, through direct funding of the developer and/or a collaborator, the use of federally funded facilities, or based at

least in part on intellectual property or specific research results that arose from Federal investment in nanotechnology.

The feedback received may be used to inform strategic activities to further foster nanotechnology commercialization. Depending on the nature of the feedback, responses may also be used to shape the agenda for a workshop to share best practices and showcase examples of successful transfer of nanotechnology from lab to market, and respondents may be invited to this and other events related to nanotechnology commercialization. In addition, information gained from this RFI may be used to update commercialization activities and goals in the 2016 NNI Strategic Plan, and may be incorporated into future NNI reports, publications, public remarks, and other materials.

Information Requested: The National Nanotechnology Coordination Office seeks examples of nanotechnology commercialization success stories enabled by Federal investments under the auspices of the NNI. Examples should include a description of the nanotechnology-enabled product or service, key things that led to commercialization success, the role nanotechnology plays in the product, and how the Federal Government helped make success possible, including the following details:

- Description of the nanotechnology-enabled product or service.
- Success story details, which may include but are not limited to: Companies formed; jobs created; collaborations with larger companies or research institutions; revenues; patent applications or patents granted; and/or awards.
- Role of the U.S. Government in commercial success. The Government role could include direct funding of research and development; collaboration with Federal laboratories; use of federally funded user facilities for nanoscale fabrication, characterization, and/or simulation; or other benefits from NNI agency resources.

Ted Wackler,

Deputy Chief of Staff and Assistant Director.

BILLING CODE 3270-F6-P

SECURITIES AND EXCHANGE COMMISSION

Sunshine Act Meeting

Notice is hereby given, pursuant to the provisions of the Government in the Sunshine Act, Public Law 94-409, that

the Securities and Exchange Commission will hold a Closed Meeting on Thursday, February 4, 2016 at 12 p.m.

Commissioners, Counsel to the Commissioners, the Secretary to the Commission, and recording secretaries will attend the Closed Meeting. Certain staff members who have an interest in the matters also may be present.

The General Counsel of the Commission, or her designee, has certified that, in her opinion, one or more of the exemptions set forth in 5 U.S.C. 552b(c)(3), (5), (7), 9(B) and (10) and 17 CFR 200.402(a)(3), (a)(5), (a)(7), (a)(9)(ii) and (a)(10), permit consideration of the scheduled matter at the Closed Meeting.

Commissioner Piwowar, as duty officer, voted to consider the items listed for the Closed Meeting in closed session.

The subject matter of the Closed Meeting will be:

Institution and settlement of injunctive actions;

Institution and settlement of administrative proceedings;

Adjudicatory matters;

Opinion; and

Other matters relating to enforcement proceedings.

At times, changes in Commission priorities require alterations in the scheduling of meeting items.

For further information and to ascertain what, if any, matters have been added, deleted or postponed, please contact the Office of the Secretary at (202) 551-5400.

Dated: January 28, 2016.

Jill M. Peterson,

Assistant Secretary.
