Drawn Stainless Steel Sinks From the People’s Republic of China: Notice of Court Decision Not in Harmony With Amended Final Determination Pursuant to Court Decision

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce

SUMMARY: On July 14, 2016, the United States Court of International Trade (“CIT”) sustained the redetermination made by the Department of Commerce (“Department”) pursuant to the CIT’s remand of the final determination in the antidumping duty (“AD”) investigation on drawn stainless steel sinks (“sinks”) from the People’s Republic of China (“PRC”). Specifically, the CIT affirmed the Department’s reliance on Thai data to value stainless steel inputs and revised calculation of selling, general, administrative (“SG&A”) expenses on redetermination. Accordingly, the Department is hereby notifying the public that the final judgment in this case is not in harmony with the final affirmative determination in the underlying AD investigation and, as there is a now a final and conclusive

decision in this case, is amending the final determination with respect to the dumping margins determined for Guangdong Dongyuan Kitchenware Industrial Company, Ltd. (“Dongyuan”), Foshan Zhaoshun Trade Co., Ltd. and Zhongshan Superte Kitchenware Co., Ltd. (collectively, “Superte”), as well as all other companies that received a separate rate.

DATES: Effective July 24, 2016.

FOR FURTHER INFORMATION CONTACT: Eve Wang, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-6231.

SUPPLEMENTARY INFORMATION:

Background

Subsequent to the publication of the *Final Determination*¹ in the underlying AD investigation of sinks from the PRC, Dongyuan (a respondent in the underlying investigation) and Elkay Manufacturing Company (the petitioner in the underlying investigation) filed complaints with the CIT challenging aspects of the methodology used to determine the dumping margins in the *Final Determination*.

On December 22, 2014, the CIT granted the Department’s partial voluntary remand request to reconsider the use of Global Trade Atlas (“GTA”) import data for Thailand to value cold-rolled stainless steel coil, and also directed the Department to reconsider its methodology of accounting for SG&A expenses in the normal value calculations.²

Pursuant to the CIT’s instructions on remand, the Department further evaluated the information on the record regarding the valuation of cold-rolled stainless steel coil inputs and

determined to continue to use the GTA import data for Thailand to value these inputs.³ Furthermore, in compliance with the remand directive, the Department classified SG&A labor items as SG&A expenses in each company’s surrogate financial ratio calculation, resulting in a change to the margins calculated for each respondent.⁴ On July 14, 2016, the CIT affirmed the remand redetermination.⁵

Timken Notice

In *Timken Co. v. United States*, 893 F.2d 337, 341 (Fed. Cir. 1990) (“*Timken*”), as clarified by *Diamond Sawblades Mfrs. Coalition v. United States*, 626 F.3d 1374 (Fed. Cir. 2010) (“*Diamond Sawblades*”), the United States Court of Appeals for the Federal Circuit (“CAFC”) held that, pursuant to section 516A(e) of the Tariff Act of 1930, as amended (“the Act”), the Department must publish a notice of a court decision that is not “in harmony” with a Department determination and must suspend liquidation of entries pending a “conclusive” court decision. The CIT’s July 14, 2016, judgment in this case constitutes a final court decision that is not in harmony with the Department’s *Final Determination*. This notice is published in fulfillment of the publication requirements of *Timken*.

All other companies identified in the table above do not have a superseding cash deposit rate and, therefore, the Department will issue revised cash deposit instructions to U.S. Customs and Border Protection, adjusting the cash deposit rate for these separate-rate companies to 43.35 percent, effective July 24, 2016.
