F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone encompassing all the waters from latitude 40°10′53.2579″ N., longitude 074°01′52.6231″ W., bounded by the eastern side of the channel and the western side of the channel, north, to latitude 40°11′21.0139″ N., longitude 074°01′53.1749″ W., in the Shark River, in Neptune City, NJ. It is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under ADDRESSES. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

§ 165.T05–0824 Safety Zone; Dredging; Shark River, NJ.

(a) Regulated areas. The following areas are safety zone: All waters from latitude 40°10′53.2579″ N., longitude 074°01′52.6231″ W., bounded by the eastern side of the channel and the western side of the channel, north, to latitude 40°11′21.0139″ N., longitude 074°01′53.1749″ W., in the Shark River, in Neptune City, NJ. These coordinates are based on the World Geodetic System 1984 (WGS 84) horizontal datum reference.

(b) Regulations. The general safety zone regulations in § 165.23 apply to the safety zone created by this section.

(1) All vessels and persons are prohibited from entering into or moving within the safety zone described in paragraph (a) of this section while it is subject to enforcement, unless authorized by the Captain of the Port, Delaware Bay, or by his designated representative.

(2) Persons or vessels seeking to enter or pass through the safety zone must contact the Captain of the Port, Delaware Bay, or his designated representative to seek permission to transit the area. The Captain of the Port, Delaware Bay can be contacted at telephone number 215–271–4807 or on Marine Band Radio VHF Channel 16 (156.8 MHz).

(3) Vessels may freely transit this portion of the Shark River from September 1, 2016, through September 30, 2016, weekly, from 9 p.m. on Thursdays through 9 a.m. on Mondays, as well as Labor Day weekend, 6 a.m. Friday September 2, 2016 through 12 p.m. Tuesday September 6, 2016, unless cancelled earlier by the Captain of the Port.

Benjamin A. Cooper,
Captain, U.S. Coast Guard, Captain of the Port Delaware Bay.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG–2016–0832]

RIN 1625–AA00

Safety Zone; Caribbean Fantasy, Vessel on Fire; Punta Salinas, Toa Baja, Puerto Rico

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone of 1,000 yards radius for the Cruise Ship Caribbean Fantasy due to an imminent fire on board, in the vicinity of Punta Salinas, Toa Baja, Puerto Rico. The safety zone is needed to protect personnel, vessels, and the marine environment from potential hazards associated with the fire on board the vessel. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port San Juan.

DATES: This rule is effective without actual notice from August 30, 2016 until 11:59 p.m. on August 31, 2016. For purposes of enforcement, actual notice will be used from 3 p.m. on August 17, 2016 through August 30, 2016.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to http://www.regulations.gov, type USCG–2016–0832 in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Mr. Efren Lopez, Sector San Juan.

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that the procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because of the immediate actions needed to respond to the emergency and potential safety hazards associated with the fire on board the Caribbean Fantasy. It is impracticable to publish an NPRM because we must establish this safety zone immediately, on August 17, 2016.

We are issuing this rule, and under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making it effective less than 30 days after publication in the Federal Register. Delaying the effective date of this rule would be contrary to public interest because immediate action is needed to respond to the emergency and potential safety hazards associated with the fire on board the Caribbean Fantasy.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1221. The Captain of the Port San Juan (COTP) has determined that potential hazards associated with fire will be a safety concern for anyone within a 1000-yard radius the Caribbean Fantasy. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone.

IV. Discussion of the Rule

This rule establishes a safety zone from 3 p.m. on August 17, 2016 until 11:59 p.m. on August 31, 2016. The safety zone encompasses all navigable waters within 1000 yards of the vessel Caribbean Fantasy. The duration of the zone is intended to protect personnel, vessels, and the marine environment in these navigable waters while the passenger gets rescued and the fire gets suppressed. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, it has not been reviewed by the Office of Management and Budget.

The safety zone listed in this rule will restrict vessel traffic from entering, transiting in or operating on the waters within this zone. The effect of this regulation will not be significant for several reasons: (1) this rule will only affect vessel traffic for a short duration; (2) vessels may request permission from the COTP to transit through the safety zone; and (3) the impacts on routine navigation are expected to be minimal. Notifications to the marine community will be made through Broadcast Notice to Mariners via VHF–FM marine channel 16 and on-scene representatives. These notifications will allow the public to plan operations around the affected areas.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Public Law Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132. Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes,
or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone that will prohibit entry within 1000 yards of the Caribbean Fantasy due to an imminent fire on board. It is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under ADDRESSES. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows:

2. Add a temporary § 165.T07–0832 to read as follows:

§ 165.T07–0832 Safety Zone; Caribbean Fantasy, Vessel on Fire; Punta Salinas, Toa Baja, Puerto Rico.

(a) Regulated area. The following area is a safety zone: all waters within 1,000 yard radius from the Caribbean Fantasy, located in Punta Salinas, Toa Baja, Puerto Rico.

(b) Definition. The term “designated representative” means Coast Guard Patrol Commanders, including Coast Guard coxswains, petty officers, and other officers operating Coast Guard vessels, and Federal, state, and local officers designated by or assisting the Captain of the Port Jacksonville in the enforcement of the regulated area.

(c) Regulations. (1) In accordance with the general regulations in § 165.23, entry into this safety zone is prohibited unless specifically authorized by the Captain of the Port San Juan or a designated representative.

(2) Persons or vessels desiring enter into, pass through, or operate on the waters within this zone, must request permission from the Captain of the Port San Juan or a designated representative. They may be contacted on VHF–FM Channel 16 or by telephone at (787) 289–2041.

(3) If permission is granted, all persons and vessels shall comply with any specific instructions of the Captain of the Port San Juan or designated representative, while transiting through the zone.

(d) Informational broadcasts. The Coast Guard will provide notice of the regulated area by Broadcast Notices to Mariners and on-scene designated representatives.

(e) Enforcement period. This safety zone will be enforced from 3 p.m. on August 17, 2016 through 11:59 p.m. on August 31, 2016.

Dated: August 17, 2016.

R.W. Warren,
Capt., U.S. Coast Guard, Captain of the Port San Juan.

BILLING CODE 9110–04–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

Approval and Promotion of Air Quality Implementation Plans; Maryland; Control of Emissions From Various Processes and Fuel-Burning Equipment From Kraft Pulp Mills

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is granting conditional approval of a state implementation plan (SIP) revision submitted by the Maryland Department of the Environment (MDE). The revisions add and amend regulations in the SIP which control emissions from various processes and fuel-burning equipment at Kraft pulp mills. The SIP revision includes the following: a new definition for “NOX Ozone Season Allowance”; a new regulation with nitrogen oxides (NOX) limits for fuel-burning equipment located at Kraft pulp mills; a removal and relocation of existing NOX reasonably available control technology (RACT) requirements for Kraft pulp mills into another Maryland regulation; and a revised regulation which clarifies the volatile organic compound (VOC) control system and emission requirements for several process installations at Kraft pulp mills. EPA is granting conditional approval because the new Maryland definition references the defunct Clean Air Interstate Rule (CAIR) and because MDE provided a commitment to remove all references to CAIR within the definition of “NOX Ozone Season Allowance” and submit a revised definition as a new SIP revision, no later than a year from EPA finalizing this conditional approval. Upon timely meeting of this commitment, EPA will propose to convert the conditional approval of the SIP revision to a final, full approval. This action is being taken under the Clean Air Act (CAA).

DATES: This final rule is effective on September 29, 2016.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA–R03–OAR–2016–0054. All documents in the docket are listed on the http://www.regulations.gov Web site. Although listed in the index, some information is not publicly available, e.g., confidential business information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as
