

submitted in time to arrive no later than September 20, 2016. EPA values and welcomes diversity. In an effort to obtain nominations of diverse candidates, EPA encourages nominations of women and men of all racial and ethnic groups.

The EPA SAB Staff Office will acknowledge receipt of nominations. The names and biosketches of qualified nominees identified by respondents to this **Federal Register** notice, and additional experts identified by the SAB Staff, will be posted in a List of Candidates for the EPEC Augmented for Review of Aquatic Life Water Quality Criteria Methods on the SAB Web site at <http://www.epa.gov/sab> (see links under "Public Input on Membership" at the bottom of the SAB home page). Public comments on the List of Candidates will be accepted for 21 days. The public will be requested to provide relevant information or other documentation on nominees that the SAB Staff Office should consider in evaluating candidates.

For the EPA SAB Staff Office a balanced review panel includes candidates who possess the necessary domains of knowledge, the relevant scientific perspectives (which, among other factors, can be influenced by work history and affiliation), and the collective breadth of experience to adequately address the charge. In forming the augmented EPEC, the SAB Staff Office will consider public comments on the List of Candidates, information provided by the candidates themselves, and background information independently gathered by the SAB Staff Office. Selection criteria to be used for panel membership include: (a) Scientific and/or technical expertise, knowledge, and experience (primary factors); (b) availability and willingness to serve; (c) absence of financial conflicts of interest; (d) absence of an appearance of a loss of impartiality; (e) skills working in committees, subcommittees and advisory panels; and, (f) for the panel as a whole, diversity of expertise and scientific points of view.

The SAB Staff Office's evaluation of an absence of financial conflicts of interest will include a review of the "Confidential Financial Disclosure Form for Environmental Protection Agency Special Government Employees" (EPA Form 3110-48). This confidential form allows government officials to determine whether there is a statutory conflict between a person's public responsibilities (which include membership on an EPA federal advisory committee) and private interests and activities, or the appearance of a loss of

impartiality, as defined by federal regulation. The form may be viewed and downloaded from the following URL address <http://yosemite.epa.gov/sab/sabproduct.nsf/Web/ethics?OpenDocument>.

The approved policy under which the EPA SAB Office selects members for subcommittees and review panels is described in the following document: *Overview of the Panel Formation Process at the Environmental Protection Agency Science Advisory Board (EPA-SAB-EC-02-010)*, which is posted on the SAB Web site at <http://www.epa.gov/sab/pdf/ec02010.pdf>.

Director, EPA Science Advisory Board Staff Office.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-1142]

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission (FCC or Commission)

invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before October 31, 2016. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email to PRA@fcc.gov and to Nicole.Ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele at (202) 418-2991.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-1142.

Title: Electronic Tariff filing System (ETFS), WC Docket No. 10-141.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 1,500 respondents; 1,500 responses.

Estimated Time per Response: 1 hour.

Frequency of Response: On occasion and annual reporting requirements.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 151, 152, 154(i), 201-205, and 226(h)(1)(A) of the Communications Act of 1934, as amended.

Total Annual Burden: 1,500 hours.

Total Annual Cost: \$1,365,000.

Privacy Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The Commission does not anticipate providing confidentiality of the information submitted by local exchange carriers. In particular, the tariffs and related documents sent to the Commission will be made public through ETFS. If the respondents submit information they believe to be confidential, they may request confidential treatment of such information under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: Incumbent local exchange carriers (LECs) file their tariffs and associated documents electronically, using ETFS. ETFS has improved the usefulness of tariff filings for both filers and the public and made the tariff filing process more open, transparent, and efficient. On June 30, 2011, the Commission released a Report and Order, WC Docket No. 10-141, FCC 11-92, determining that the benefits of using ETFS for incumbent LEC tariff filings would also be obtained if all tariff filers filed electronically. Such action benefits the public and carriers by creating a central system providing on-line access to all carrier tariffs and related documents filed with the Commission. As such, competitive LECs (and other nondominant carriers) must now file tariffs and associated documents electronically.

Federal Communications Commission.

Marlene H. Dortch,

Secretary, Office of the Secretary.
