line drawn from the Virginia shoreline at Ronald Reagan Washington National Airport, at 38°51′21.3″ N., 077°02′00.0″ W., eastward across the Potomac River to the District of Columbia shoreline at Hains Point at position 38°51′24.3″ N., 077°01′19.8″ W., thence southward across the Anacostia River to the District of Columbia shoreline at Giesboro Point at position 38°50′52.4″ N., 077°01′10.9″ W., and bounded to the south by the Woodrow Wilson Memorial (I–95/I–495) Bridge, at mile 103.8.

(4) Zone 4. All navigable waters of the Georgetown Channel of the Potomac River, 75 yards from the eastern shore measured perpendicularly to the shore, between the Long Railroad Bridge (the most eastern bridge of the 5-span, Fourteenth Street Bridge Complex) to the Theodore Roosevelt Memorial Bridge; and all waters in between, totally including the waters of the Georgetown Channel Tidal Basin.

(5) Zone 5. All navigable waters in the Potomac River, including the Boundary Channel, G绌杈on Lagoon, bounded on the west by a line running north to south from points along the shoreline at 38°52′50″ N., 077°03′25″ W., thence to 38°52′49″ N., 077°03′25″ W.; and bounded on the east by a line running from points at 38°53′10″ N., 077°03′30″ W., thence northeast to 38°53′12″ N., 077°03′26″ W., thence southeast to 38°52′31″ N., 077°02′34″ W., and thence southwest to 38°52′28″ N., 077°02′38″ W.

(6) Zone 6. All navigable waters described in paragraphs (a)(1) through (a)(3) of this section.

(b) Regulations. The general security zone regulations found in 33 CFR 165.33 apply to the security zones created by this section, § 165.508.

(1) Entry into or remaining in a zone listed in paragraph (a) in this section is prohibited unless authorized by the Coast Guard Captain of the Port Maryland-National Capital Region. Public vessels and vessels already at berth at the time the security zone is implemented do not have to depart the security zone. All vessels underway within the security zone at the time it is implemented are to depart the zone at the time the security zone is implemented.

(2) Persons desiring to transit the area of the security zone must first obtain authorization from the Captain of the Port Maryland-National Capital Region or his or her designated representative. To seek permission to transit the area, the Captain of the Port Maryland-National Capital Region and his or her designated representatives can be contacted at telephone number 410–576–2603 or on Marine Band Radio, VHF–FM channel 16 (156.8 MHz). The Coast Guard vessels enforcing this section can be contacted on Marine Band Radio, VHF–FM channel 16 (156.8 MHz). Upon being hailed by a U.S. Coast Guard vessel, or other Federal, State, or local agency vessel, by siren, radio, flashing light, or other means, the operator of a vessel shall proceed as directed. If permission is granted, all persons and vessels must comply with the instructions of the Captain of the Port Maryland-National Capital Region or his designated representative and proceed at the minimum speed necessary to maintain a safe course while within the zone.

(3) The U.S. Coast Guard may be assisted in the patrol and enforcement of the security zones listed in paragraph (a) in this section by Federal, State, and local agencies.

(c) Definitions. As used in this section:

Captain of the Port Maryland-National Capital Region means the Commander, U.S. Coast Guard Sector Maryland-National Capital Region or any Coast Guard commission, warrant or petty officer who has been authorized by the Captain of the Port to act on his or her behalf.

Designated representative means any Coast Guard commission, warrant, or petty officer who has been authorized by the Captain of the Port Maryland-National Capital Region to assist in enforcing the security zones described in paragraph (a) of this section.

Public vessel means a vessel that is owned or demise-(bareboat) chartered by the government of the United States, by a State or local government, or by the government of a foreign country and that is not engaged in commercial service.

(d) Enforcement. (1) In addition to the specified times in paragraphs (d)(2)–(4) of this section, the security zones created by this section will be enforced only upon issuance of a notice of enforcement by the Captain of the Port Maryland-National Capital Region. The Captain of the Port Maryland-National Capital Region will cause notice of enforcement of these security zones to be made by all appropriate means to the affected segments of the public of the enforcement dates and times of the security zones including publication in the Federal Register, in accordance with 33 CFR 165.7(a). Such means of notification may also include, but are not limited to, Broadcast Notice to Mariners or Local Notice to Mariners.

(2) Security Zone 4, established in paragraph (a)(4) of this section, will be enforced annually, from 12:01 a.m. to 11:59 p.m. on July 4.

(3) Security Zone 5, established in paragraph (a)(5) of this section, will be enforced annually on three dates: Memorial Day (observed), September 11, and November 11. Security Zone 5 will be enforced from 10 a.m. until 1 p.m. on Memorial Day (observed); from 8 a.m. until 11:59 a.m. on September 11; and from 10 a.m. until 1 p.m. on November 11.

(4) Security Zone 6, established in paragraph (a)(6) of this section, will be enforced annually on the day the State of the Union Address is delivered. Security Zone 6 will be enforced from 9 a.m. on the day of the State of the Union Address until 2 a.m. on the following day.

(e) Suspension of enforcement. The Captain of the Port Maryland-National Capital Region may suspend enforcement of the enforcement period in paragraphs (d)(1)–(4) in this section earlier than listed in the notice of enforcement. Should the Captain of the Port Maryland-National Capital Region suspend the zone earlier than the duration listed, he or she will make the public aware of this suspension by Broadcast Notice to Mariners and/or on-scene notice by his or her designated representative.

Dated: August 24, 2016.

Lonnie P. Harrison, Jr.,
Captain, U.S. Coast Guard, Captain of the Port Maryland-National Capital Region.

BILLING CODE 9110–04–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 648

RIN 0648–BG21

Magnuson-Stevens Fishery Conservation and Management Act Provisions; Fisheries of the Northeastern United States; Atlantic Mackerel, Squid, and Butterfish Fisheries; Amendment 16

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability of fishery management plan amendment; request for comments.

SUMMARY: NMFS announces that the Mid-Atlantic Fishery Management Council has submitted Amendment 16 to the Atlantic Mackerel, Squid, and Butterfish Fishery Management Plan,
incorporating the Environmental Assessment and the Initial Regulatory Flexibility Analysis, for review by the Secretary of Commerce, and is requesting comments from the public. Amendment 16 would establish a deep-sea coral protection area in Mid-Atlantic waters where fishing vessels would be prohibited from using most fishing gear that contacts the ocean bottom. The Council developed Amendment 16 to protect deep-sea corals under the Magnuson-Stevens Fishery Conservation and Management Act’s discretionary provision for deep-sea coral protection. The coral protection measures would prevent expansion of fisheries using ocean bottom-tending fishing gear in areas where there is a high likelihood of deep-sea coral presence and would prevent damage to deep-sea corals in areas where they have been observed.

DATES: Comments must be received on or before November 1, 2016.

ADDRESSES: The Council prepared an environmental assessment (EA) for Amendment 16 that describes the proposed action and other considered alternatives and provides a thorough analysis of the impacts of the proposed measures and alternatives. Copies of Amendment 16, including the EA, the Regulatory Impact Analysis (RIR), and the Initial Regulatory Flexibility Analysis (IRFA), are available from: Christopher Moore, Executive Director, Mid-Atlantic Fishery Management Council, Suite 201, 800 State Street, Dover, DE 19901. The EA/RIR/IRFA are accessible online at http://www.greateratlantic.fisheries.nmfs.noaa.gov/

You may submit comments on this document, identified by NOAA–NMFS–2016–0086, by any of the following methods:

• Electronic Submission: Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to www.regulations.gov/#!docketDetail;D=NOAA-NMFS-2016-0086, click the “Comment Now!” icon, complete the required fields, and enter or attach your comments.

• Mail: John K. Bullard, Regional Administrator, NMFS, Greater Atlantic Regional Fisheries Office, 55 Great Republic Drive, Gloucester, MA 01930. Mark the outside of the envelope, “Comments on MSB Amendment 16 NOA.”

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous).

SUPPLEMENTARY INFORMATION:

Background

On January 16, 2013, the Council published a Notice of Intent (NOI) to prepare an Environmental Impact Statement (78 FR 3401) for Amendment 16 to the Atlantic Mackerel, Squid, and Butterfish Fishery Management Plan (FMP) to consider measures to protect deep-sea corals from the impacts of commercial fishing gear in the Mid-Atlantic. The Council conducted scoping meetings during February 2013 to gather public comments on these issues. Following further development of Amendment 16 through 2013 and 2014, the Council conducted public hearings in January 2015. Following these public hearings, and with disagreement about the boundaries of the various alternatives, the Council held a workshop with various stakeholders on April 29–30, 2015, to further refine the deep-sea coral area boundaries. The workshop was an example of effective collaboration among fishery managers, the fishing industry, environmental organizations, and the public to develop management recommendations with widespread support. The Council adopted Amendment 16 on June 10, 2015. The Council submitted Amendment 16 on August 15, 2015, for final review by NMFS, acting on behalf of the Secretary of Commerce. The Council developed the action, and the measures described in this notice under the discretionary provisions for deep-sea coral protection in section 303(b) of the Magnuson-Stevens Fishery Act. This provision gives the Regional Fishery Management Councils the authority to:

• Designate zones where, and periods when, fishing shall be limited, or shall not be permitted, or shall be permitted only by specified types of fishing vessels or with specified types and quantities of fishing gear;

• Designate such zones in areas where new deep-sea corals are identified under section 408 (this section describes the deep-sea coral research and technology program), to protect deep-sea corals from physical damage from fishing gear or to prevent loss or damage to such fishing gear from interactions with deep-sea corals, after considering long-term sustainable uses of fishery resources in such areas; and

• With respect to any closure of an area under the Magnuson-Stevens Act that prohibits all fishing, ensure that such closure:
  o Is based on the best scientific information available;
  o Includes criteria to assess the conservation benefit of the closed area;
  o Establishes a timetable for review of the closed area’s performance that is consistent with the purposes of the closed area; and
  o Is based on an assessment of the benefits and impacts of the closure, including its size, in relation to other management measures (either alone or in combination with such measures), including the benefits and impacts of limiting access to: Users of the area, overall fishing activity, fishery science, and fishery and marine conservation.

Consistent with these provisions, the Council proposed the measures in Amendment 16 to balance the impacts of measures implemented under this discretionary authority with the management objectives of the Mackerel, Squid, and Butterfish FMP and the value of potentially affected commercial fisheries. Measures recommended by the Council would:

• Establish a deep-sea coral protection area that would be in Mid-Atlantic waters only. It would consist of a broad zone that would start at a depth contour of approximately 450 meters (m) and extend to the U.S. Exclusive Economic Zone boundary, and to the north and south to the boundaries of the Mid-Atlantic waters (as defined in the Magnuson-Stevens Act). In addition, the deep-sea coral protection area would include 15 discrete zones that outline deep-sea canyons on the continental shelf in Mid-Atlantic waters. The deep-sea coral area, including both broad and discrete zones, would be one continuous area.

• Restrict the use of bottom-tending commercial fishing gear within the designated deep-sea coral area, including bottom-tending otter trawls; bottom-tending beam trawls; hydraulic dredges; non-hydraulic dredges; bottom-tending seines; bottom-tending longlines; sink or anchored gill nets; and pots and traps except those used to fish for red crab and American lobster;

• Require the use of vessel monitoring systems for Illex squid moratorium permit holders to facilitate
enforcement of the deep-sea coral area and gear restrictions:

- Allow vessels to transit the deep-sea coral area protection area provided the vessels bring bottom-tending fishing gear onboard the vessel, and reel bottom-tending trawl gear onto the net reel; and

- Expand framework adjustment provisions in the FMP for future modifications to the deep-sea coral protection measures.

The Council recommended that the deep-sea coral protection area should be named in honor of the late Senator Frank R. Lautenberg. Senator Lautenberg was responsible for several important pieces of ocean conservation legislation and authored several provisions included in the reauthorized Magnuson-Stevens Act, including the discretionary provision for coral. Therefore, the Council proposed that the combined broad and discrete zones be officially known as the “Frank R. Lautenberg Deep-Sea Coral Protection Area.”

The proposed geographic range and gear restrictions in this action overlap with several fisheries outside the Atlantic Mackerel, Squid, and Butterfish FMP and could potentially affect any federally permitted vessel intending to fish within the proposed deep-sea coral area. However, during the initiation and scoping of this action, the Council determined that this action would not apply to the American lobster fishery. Therefore, this action would not restrict the use of lobster pots in the proposed deep-sea coral area. Deep-sea red crab pots and traps would also be allowed in the deep-sea coral zone under the proposed action. The Council proposed the exemption for this gear because red crab fishing occurs entirely within the deep-sea coral protection zone. Prohibiting the gear in the area would eliminate a large portion of the red crab fishery, with likely disproportional negative impacts on the red crab fishery relative to other fisheries.

Through this document, NMFS seeks comments on Amendment 16 and its incorporated documents through the end of the comment period stated in the DATES section of this notice of availability (NOA). Following NMFS’s review of the amendment under the Magnuson-Stevens Act procedures, a rule proposing the implementation of measures in Amendment 16 is anticipated to be published in the Federal Register for public comment. Public comments must be received by the end of the comment period provided in this NOA of Amendment 16 to be considered in the approval/disapproval decision on the amendment. All comments received by the end of the comment period on the NOA of Amendment 16, whether specifically directed to the NOA or the proposed rule, will be considered in the approval/disapproval decision. Comments received after the end of the comment period for the NOA will not be considered in the approval/disapproval decision of Amendment 16.

Authority: 16 U.S.C. 1801 et seq.

Dated: August 30, 2016.

Emily H. Menasses,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
