Based on the analysis that will be documented in the forthcoming EIS, the Responsible Official will decide whether or not to implement, in whole or in part, the Proposed Action or another alternative that may be developed by the Forest Service as a result of scoping. The Responsible Official will also decide what, if any, mitigation measures, and monitoring requirements should be made part of the decision.

Scoping Process

This notice of intent initiates the scoping process, which guides the development of the environmental impact statement. The Forest Service is soliciting comments from Federal, State and local agencies and other individuals or organizations that may be interested in or affected by implementation of the proposed projects. A public open house for this proposal will be held at the Steamboat Springs Community Center located at 1605 Lincoln Avenue, Steamboat Springs, CO 80427 on August 25 from 5:00 p.m. to 7:00 p.m. Representatives from the MBRTB, Hahns Peak Bears Ears Ranger District, and SSRC will be present to answer questions and provide additional project information.

Submitting timely, specific written comments during this scoping period or any other official comment period establishes standing for filing objections under 36 CFR 218 subparts A and B. Additional information and maps of this proposal can be found at: <http://www.fs.usda.gov/project/?project=48246>.

It is important that reviewers provide their comments at such times and in such manner that they are useful to the agency's preparation of the environmental impact statement. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions.

Comments received in response to this solicitation, including names and addresses of those who comment, will be part of the public record for this proposed action. Comments submitted anonymously will be accepted and considered.
