

International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3693.

Background

On April 28, 2016, the Department received a timely request, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), from CF Industries, Inc. and El Dorado Chemical Company (collectively, petitioners) to conduct an administrative review of the sales of Acron and EuroChem.¹ On June 6, 2016, the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on ammonium nitrate from Russia with respect to Acron and EuroChem.² On June 30, 2016, the Department received a timely notice from Acron notifying the Department that it had no shipments of subject merchandise to the United States during the POR.³ On August 18, 2016, the petitioners withdrew their request for an administrative review with respect to Acron and EuroChem.⁴

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if a party that requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. The petitioners withdrew their request for review by the 90-day deadline, and no other party requested an administrative review of the antidumping duty order on ammonium nitrate from Russia for the POR. Accordingly, the Department is rescinding the administrative review of the antidumping order on ammonium nitrate from Russia covering the period April 1, 2015 through March 31, 2016.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping

duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after the date of publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as the only reminder to importers of their responsibility, under 19 CFR 351.402(f)(2), to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement may result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with section 751 of the Act and 19 CFR 351.213(d)(4).

Dated: August 26, 2016.

Gary Tavernman,

Associate Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Postponement of Deadline for the Preliminary Determination

The Department published the notice of postponement of preliminary determination of this investigation on June 2, 2016.⁶ Pursuant to sections 733(c)(1)(B)(i) and (ii) of the Tariff Act of 1930, as amended (the Act), we postponed the preliminary determination by 50 days.⁷ As a result of the postponement, the deadline for the preliminary determination of this investigation is August 26, 2016.

Methodology

The Department is conducting this investigation in accordance with section 731 of the Act. We calculated export prices in accordance with section 772 of the Act. Because the PRC is a non-market economy, within the meaning of section 771(18) of the Act, we calculated normal value (NV) in accordance with section 773(c) of the Act. For a full discussion of the Department’s methodology, see the Preliminary Decision Memorandum.

Affirmative Preliminary Determination of Critical Circumstances

On August 2, 2016, in accordance with section 733(e)(1) of the Act and 19 CFR 351.206, the petitioner⁸ timely filed an allegation that critical circumstances exist with respect to all imports of truck and bus tires from the PRC.⁹ We preliminarily determine that critical circumstances exist for mandatory respondent Prinx Chengshan (Shandong) Tire Co., Ltd. (PCT), the non-selected separate rate respondents, and the PRC-wide entity.¹⁰

Combination Rates

In the *Initiation Notice*, the Department stated that it would calculate combination rates for the respondents that are eligible for a separate rate in this investigation.¹¹ Policy Bulletin 05.1 describes this practice.¹²

As detailed in the Preliminary Decision Memorandum, Double Coin Holdings Ltd., a mandatory respondent in this investigation, did not demonstrate that it was entitled to a separate rate. Accordingly, we consider this company to be part of the PRC-wide entity.

Suspension of Liquidation

In accordance with sections 733(e)(2)(A) of the Act, we will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of all entries of truck and bus tires from the PRC, as described in Appendix I, that are entered, or withdrawn from warehouse, for consumption on or after 90 days prior to the date of publication of this notice in the **Federal Register**, and to require a cash deposit for such entries.

Pursuant to 19 CFR 351.205(d), the Department will instruct CBP to require a cash deposit¹³ equal to the weighted-average amount by which NV exceeds U.S. price as follows: (1) The cash deposit rate for the exporter/producer combinations listed in the table above will be the rate identified in the table; (2) for all combinations of PRC exporters/producers of merchandise under consideration that have not received their own separate rate above, the cash-deposit rate will be the cash deposit rate established for the PRC-wide entity; and (3) for all non-PRC exporters of merchandise under consideration which have not received their own separate rate above, the cash-deposit rate will be the cash deposit rate applicable to the PRC exporter/producer combination that supplied that non-PRC exporter. These suspensions of

liquidation instructions will remain in effect until further notice.

With respect to PCT, the non-selected respondents eligible for a separate rate, and the PRC-wide entity, we find that export subsidies constitute 0.41 percent¹⁴ of the preliminarily calculated countervailing duty rate in the concurrent countervailing duty investigation. Thus, we will offset the rate of 20.87 percent for PCT and the non-selected respondents eligible for a separate rate and the rate of 22.57 percent for the PRC-wide entity by countervailing duty rate attributable to export subsidies, *i.e.*, 0.41 percent, to calculate the cash deposit rate for this investigation. Accordingly, the cash deposit rates will be 20.46 percent for PCT and the non-selected respondents eligible for a separate rate and 22.16 percent for the PRC-wide entity.

Disclosure

We intend to disclose the calculations performed to parties in this proceeding within five days after public announcement of the preliminary determination in accordance with 19 CFR 351.224(b).

¹⁴ The Department preliminarily determined that Export Seller's Credit from the Export-Import Bank of China was export specific and, from this program, Double Coin and Guizhou Tyre Co., Ltd., respectively received countervailable subsidies of 0.40 percent ad valorem and 0.41 percent ad valorem. See *Truck and Bus Tires From the People's Republic of China: Preliminary Affirmative Countervailing Duty Determination, Preliminary Affirmative Critical Circumstances Determination, in Part, and Alignment of Final Determination With Final Antidumping Determination*, 81 FR 43577 (July 5, 2016), and accompanying Preliminary Decision Memorandum at 29. We simple-averaged these two nearly identical export subsidy rates and calculated 0.41 percent (0.405 percent rounded up) for purposes of adjusting the cash deposit rate in this investigation. See Preliminary Decision Memorandum at 30–31 for more details.

Verification

As provided in section 782(i) of the Act, we intend to verify information relied upon in making our final determination.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the final verification report is issued in this proceeding and rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs.¹⁵ Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, filed electronically using ACCESS. An electronically filed document must be received successfully in its entirety by the Department's electronic records system, ACCESS, by 5:00 p.m. Eastern Time, within 30 days after the date of publication of this notice.¹⁶ Hearing requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues parties intend to present at the hearing. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 1401 Constitution Avenue NW.,

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by petitioners. Requests by respondents for postponement of a final antidumping determination must be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.¹⁷

Pursuant to 19 CFR 351.210(e), we received requests from certain respondents that the Department postpone the final determination and that provisional measures be extended to a period not to exceed six months.¹⁸

In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because (1) our preliminary determination is affirmative; (2) the requesting exporters account for a significant proportion of exports of the subject merchandise;¹⁹ and (3) no compelling reasons for denial exist, we are postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, we will make our final determination no later than 135 days after the date of publication of this preliminary determination, pursuant to section 735(a)(2)(A) of the Act.²⁰

Appendix I

Scope of the Investigation

The scope of the investigation covers truck and bus tires. Truck and bus tires are new pneumatic tires, of rubber, with a truck or bus size designation. Truck and bus tires covered by this investigation may be tube-type, tubeless, radial, or non-radial.

Subject tires have, at the time of importation, the symbol "DOT" on the sidewall, certifying that the tire conforms to applicable motor vehicle safety standards. Subject tires may also have one of the following suffixes in their tire size designation, which also appear on the sidewall of the tire:

TR—Identifies tires for service on trucks or buses to differentiate them from similarly sized passenger car and light truck tires;

MH—Identifies tires for mobile homes; and

HC—Identifies a 17.5 inch rim diameter code for use on low platform trailers.

All tires with a "TR," "MH," or "HC" suffix in their size designations are covered by this investigation regardless of their intended use.

In addition, all tires that lack one of the above suffix markings are included in the scope, regardless of their intended use, as long as the tire is of a size that is among the numerical size designations listed in the "Truck-Bus" section of the *Tire and Rim Association Year Book*, as updated annually, unless the tire falls within one of the specific exclusions set out below.

Truck and bus tires, whether or not mounted on wheels or rims, are included in the scope. However, if a subject tire is imported mounted on a wheel or rim, only the tire is covered by the scope. Subject merchandise includes truck and bus tires produced in the subject country whether mounted on wheels or rims in the subject country or in a third country. Truck and bus tires are covered whether or not they are accompanied by other parts, e.g., a wheel, rim, axle parts, bolts, nuts, etc. Truck and bus tires that enter attached to a vehicle are not covered by the scope.

Specifically excluded from the scope of this investigation are the following types of

tires: (1) Pneumatic tires, of rubber, that are not new, including recycled and retreaded tires; and (2) non-pneumatic tires, such as solid rubber tires.

The subject merchandise is currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 4011.20.1015 and 4011.20.5020. Tires meeting the scope description may also enter under the following HTSUS subheadings: 4011.99.4520, 4011.99.4590, 4011.99.8520, 4011.99.8590, 8708.70.4530, 8708.70.6030, and 8708.70.6060. On August 26, 2016, the Department included HTSUS subheadings 4011.69.0020, 4011.69.0090, and 8716.90.5059 to the case reference files, pursuant to requests by U.S. Customs and Border Protection and the petitioner.²²

While HTSUS subheadings are provided for convenience and for customs purposes, the written description of the subject merchandise is dispositive.
