DEPARTMENT OF COMMERCE
International Trade Administration
[A–570–954]

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the “Department”) is conducting an administrative review of the antidumping duty order on Magnesia Carbon Bricks (“MCBs”) from the People’s Republic of China (“PRC”), for the period of review (“POR”) September 1, 2014, to August 31, 2015. The Department preliminarily determines that Fengchi Imp. and Exp. Co., Ltd. of Haicheng City (“Fengchi”) and RHI Refractories Liaoning, Co. Ltd. (“RHI”) had no reviewable shipments of subject merchandise during the POR. The Department is also preliminarily rescinding this review with respect to BRC (Fedmet). Interested parties are invited to comment on these preliminary results.

FOR FURTHER INFORMATION CONTACT: Kenneth Hawkins, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–6491.

SUPPLEMENTARY INFORMATION:

Background

On September 1, 2015, the Department published in the Federal Register an opportunity to request an administrative review of the antidumping duty order on MCBs from the PRC. 1 On September 30, 2015, the Department received a request from Petitioner 2 to conduct an administrative review of Dashiqiao City Guancheng Refractor Co., Ltd.; Fedmet; Fengchi; Fengchi Mining Co., Ltd. of Haicheng City; Fengchi Refractories Co., of Haicheng City; Jingsu Sujia Group New Materials Co., Ltd.; Liaoning Fucheng Refactories Group Co., Ltd.; Liaoning Fucheng Special Refractory Co., Ltd.; Liaoning Jiayi Metals & Minerals Co., Ltd.; Puyang Refactories Group Co., Ltd.; RHI; Yingkou Bayuquan Refractories Co., Ltd. (“BRC”); Yingkou Dalmond Refractories Co., Ltd.; Yingkou Guanyang Co., Ltd.; Yingkou Jiahe Refractories Co. Ltd.; Yingkou Kyushu Refractories Co., Ltd.; Yingkou New Century Refractories Ltd.; and Yingkou Wonjin Refractory Material Co., Ltd. 3

On November 9, 2015, the Department initiated this review based on these review requests. 4 On December 8 and 9, 2015, RHI, Fengchi, Fengchi Mining Co., Ltd. of Haicheng City, Fedmet, and BRC submitted no shipments letters, stating they made no entries, exports, or sales of subject merchandise into the United Stated during the POR. 5

Scope of the Order

The merchandise subject to the order includes certain MCBs. Certain MCBs that are the subject of this investigation are currently classifiable under subheadings 6802.10.1000, 6802.10.5000, 6815.91.0000, 6815.99.2000, and 6815.99.4000 of the Harmonized Tariff Schedule of the United States (“HTSUS”). While HTSUS subheadings are provided for convenience and customs purposes, the written description is dispositive. 6

Partial Rescission of the Administrative Review

In its No Shipment Certification, Fedmet stated that it is not a PRC producer or exporter of the subject merchandise but a U.S. importer. 7 Fedmet cited its entry of appearance

2 The Petitioner is the Magnesia Carbon Bricks Fair Trade Committee (“the Committee”), an ad hoc association comprised of the following three U.S. producers of magnesia carbon brics: Resco Products, Inc.; Magnesita Refractories Company; and Harbison Walker International, Inc. (hereinafter “Petitioner”).

6 For a full description of the scope of the order, see Memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations to Paul Piquado, Assistant Secretary for Enforcement and Compliance, “Decision Memorandum for the Preliminary Results of the 2014–2015 Antidumping Duty Administrative Review: Magnesia Carbon Bricks from the People’s Republic of China” (“Preliminary Decision Memorandum”) dated concurrently with and hereby adopted by this notice.
7 See Fedmet’s No Shipments Certification, dated December 9, 2015.
Separate Rate Status

For the 17 companies for whom we are not rescinding this review, we preliminarily determine that only Fengchi and RHI demonstrated their continued eligibility for a separate rate because, as discussed below, they demonstrated that they had no shipments during the POR and thus will maintain their separate rate status from the date of initiation of this administrative review.

The remaining companies did not submit a separate rate application or certification. Therefore, the following companies have not established their eligibility for a separate rate, and the Department preliminarily determines that they are considered part of the PRC-wide entity: Dashiqiao City Guancheng Refractor Co., Ltd.; Fengchi Mining Co., Ltd. of Haicheng City; Fengchi Refractories Co., of Haicheng City; Jiangsu Sujia Group New Materials Co., Ltd.; Liaoning Fucheng Refractories Group Co., Ltd.; Liaoning Fucheng Special Refractory Co., Ltd.; Liaoning Jiayi Metals & Minerals Co., Ltd.; Puyang Refractories Group Co., Ltd.; BRC; 9 Yingkou Dalmond Refractories Co., Ltd.; Yingkou Guanyang Co., Ltd.; Yingkou Jiahe Refractories Co. Ltd.; Yingkou Kyushu Refractories Co., Ltd.; Yingkou New Century Refractories Ltd.; and Yingkou Wonjin Refractory Material Co., Ltd.

The Department’s policy regarding conditional review of the PRC-wide entity applies to this administrative review. Under this policy, the PRC-wide entity will not be under review unless a party specifically requests, and the Department self-initiates, a review of the entity. Because no party requested a review of the PRC-wide entity in this review, the PRC-wide entity is not under review and therefore its rate is not subject to change. The rate previously established for the PRC-wide entity in this proceeding is 236 percent.13

Preliminary Determination of No Shipments

Fengchi and RHI submitted timely-filed certifications that they had no shipments of subject merchandise to the United States during the POR.12 The Department sent inquiries to U.S. Customs and Border Protection (“CBP”) to confirm the no shipments responses received from these companies.13 We received no contradictory information from CBP indicating that there were suspended entries of subject merchandise into the United States exported by these companies. Therefore, we preliminarily determine that Fengchi and RHI had no shipments of subject merchandise during the POR.

Consistent with the Department’s practice in nonmarket economy cases, the Department finds that it is appropriate not to rescind the review, in part, in these circumstances, but rather to complete the review with respect to these companies and issue appropriate instructions to CBP based on the final results of the review.14

Methodology

The Department conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the “Act”). For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.15 The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (“ACCESS”). ACCESS is available to registered users at http://access.trade.gov, and is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the internet at http://www.trade.gov/enforcement/. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of Review

The Department preliminarily determines that the following weighted-average dumping margin exists for the period September 1, 2014, through August 31, 2015:

made, parties will be notified of the time and date for the hearing to be held at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.22

The Department intends to issue the final results of this administrative review, which will include the results of our analysis of any issues raised in case briefs, within 120 days of publication of these preliminary results in the Federal Register, unless extended, pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (“the Act”).

Assessment Rates

Upon issuance of the final results, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.23 The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review. We intend to instruct CBP to liquidate entries containing subject merchandise exported by the PRC-wide entity at the current rate for the PRC-wide entity (i.e., 236 percent).

The Department announced a refinement to its assessment practice in NME cases. Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales data submitted by companies individually examined during the administrative review, the Department will instruct CBP to liquidate such entries for the PRC-wide entity. Additionally, if the Department determines that an exporter had no shipments of the subject merchandise, any suspended entries that entered under that exporter’s case number (i.e., at that exporter’s cash deposit rate) will be liquidated at the rate for the PRC-wide entity.24 The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future cash deposits of estimated duties, where applicable.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For any companies listed that have a separate rate, the cash deposit rate will be that established in the final results of this review (except, if the rate is zero or de minimis, then zero cash deposit will be required); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the PRC-wide entity; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

These preliminary results are being issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4). Dated: September 1, 2016.

Assistant Secretary for Enforcement and Compliance.
