made, parties will be notified of the time and date for the hearing to be held at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230.\textsuperscript{2,2} The Department intends to issue the final results of this administrative review, which will include the results of our analysis of any issues raised in case briefs, within 120 days of publication of these preliminary results in the Federal Register, unless extended, pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (“the Act”).

**Assessment Rates**

Upon issuance of the final results, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.\textsuperscript{23} The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review. We intend to instruct CBP to liquidate entries containing subject merchandise exported by the PRC-wide entity at the current rate for the PRC-wide entity (i.e., 236 percent).

The Department announced a refinement to its assessment practice in NME cases. Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales data submitted by companies individually examined during the administrative review, the Department will instruct CBP to liquidate such entries for the PRC-wide entity. Additionally, if the Department determines that an exporter had no shipments of the subject merchandise, any suspended entries that entered under that exporter’s case number (i.e., at that exporter’s cash deposit rate) will be liquidated at the rate for the PRC-wide entity.\textsuperscript{24} The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future cash deposits of estimated duties, where applicable.

**Cash Deposit Requirements**

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For any companies listed that have a separate rate, the cash deposit rate will be that established in the final results of this review (except, if the rate is zero or de minimis, then zero cash deposit will be required); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the PRC-wide entity; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

**Notification to Importers**

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

These preliminary results are being issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Dated: September 1, 2016.

Paul Piquado,
Assistant Secretary for Enforcement and Compliance.

**Small Diameter Graphite Electrodes From the People’s Republic of China: Final Results of Antidumping Duty Administrative Review; 2014–2015**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** On March 9, 2016, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on small diameter graphite electrodes (SDGEs) from the People’s Republic of China (the PRC). The period of review (POR) is February 1, 2014, through January 31, 2015. For the final results, we find that certain companies sold subject merchandise at less than normal value.

**DATES:** Effective September 9, 2016.

**FOR FURTHER INFORMATION CONTACT:** Dmitry Vladimirov or Michael A. Romani, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington DC 20230; telephone: (202) 482–0665 or (202) 482–0196, respectively.

**SUPPLEMENTARY INFORMATION:**

**Background**

On March 9, 2016, the Department published the preliminary results of the administrative review of the antidumping duty order on SDGEs from the PRC.\textsuperscript{1} We received case and rebuttal briefs with respect to the Preliminary Results. On June 7, 2016, the Department extended the deadline for the final results by 60 days to September 6, 2016.\textsuperscript{2} The Department conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

**Scope of the Order**

The merchandise covered by the order includes all small diameter graphite electrodes with a nominal or actual diameter of 3.81 mm or less. These products are classified under Harmonized System (HS) subheadings 7208.10.10 and 7208.10.20. The Department published a notice of this antidumping duty order on June 5, 2013.\textsuperscript{3}

\textsuperscript{1} See Small Diameter Graphite Electrodes from the People’s Republic of China: Preliminary Results of Antidumping Duty Administrative Review and Rescission of Review in Part; 2014–2015, 81 FR 12468 (March 9, 2016) (Preliminary Results), and accompanying Preliminary Decision Memorandum.

diameter of 400 millimeters (16 inches) or less and graphite pin joining systems for small diameter graphite electrodes. Small diameter graphite electrodes and graphite pin joining systems for small diameter graphite electrodes that are subject to the order are currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 8545.11.0010, 3801.10, and 8545.11.0020. While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive. A full description of the scope of the order is contained in the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this administrative review are addressed in the Issues and Decision Memorandum. A list of the issues raised is attached to this notice as Appendix I. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at http://access.trade.gov, and to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at http://enforcement.trade.gov/frn/index.html.

Changes Since the Preliminary Results

Based on our analysis of comments received, we made revisions, including the valuation of certain factors of production, which changed the results for one individually examined company, the Fangda Group, but did not change the results for the other individually examined company, Fushun Jinly Petrochemical Co., Ltd. (Fushun Jinly). For further details on the changes we made for these final results, see the company-specific analysis memorandum, the Issues and Decision Memorandum, and the final surrogate value memorandum, dated concurrently with this notice.

Rate for Non-Examined Separate Rate Respondent

In these final results of the review, we calculated a zero or de minimis weighted-average dumping margin for Fushun Jinly, and a weighted-average dumping margin above de minimis for the Fangda Group. Accordingly, we used the weighted-average dumping margin calculated for the Fangda Group, which is 11.49 percent, as the rate for Xuzhou Jianglong Carbon Products Co., Ltd. (Xuzhou Jianglong), a company that was not individually examined and is eligible for a separate rate.

Final Results of the Review

As a result of this administrative review, we determine that the following weighted-average dumping margins exist for the period February 1, 2014, through January 31, 2015:

Disclosure

We intend to disclose the calculations performed to parties in this proceeding within five days after public announcement of the final results, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(B) of the Act and 19 CFR 351.212(b)(1), the Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. For entries of subject merchandise during the period of review produced by Fushun Jinly, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties because Fushun Jinly’s weighted-average dumping margin in these final results is de minimis. For customers or importers of the Fangda Group for which we do not have entered values, we will calculate customer- (or importer-) specific per unit duty assessment rates based on the ratio of the total amount of dumping calculated for the customer’s (or importer’s) examined sales of subject merchandise to the total sales quantity associated with those sales, in accordance with 19 CFR 351.212(b)(1). For certain customers or importers of the Fangda Group for which we received entered-value information, we will calculate an antidumping duty assessment rate based on customer-/importer-specific ad valorem rate in accordance with 19 CFR 351.212(b)(1).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) No cash deposit will be required for subject merchandise exported by Fushun Jinly; (2) for subject merchandise exported by the Fangda Group and Xuzhou Jianglong, the cash deposit rate will be the rate established in these final results of review for each exporter as listed above; (3) for previously investigated or reviewed PRC and non-PRC exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the exporter-specific rate; and (4) for all PRC exporters of subject merchandise that have not been found

4 See Issues and Decision Memorandum at 3–4 for a full discussion.

to be entitled to a separate rate, the cash deposit rate will be that for the PRC-wide entity, which is 159.64 percent; (5) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with sections 751(a)(1) and 777(i) of the Act. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

These final results of review are issued and published in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: September 2, 2016.

Paul Piquado,
Assistant Secretary for Enforcement and Compliance.
