Analysis of Comments Received

All issues raised in the case briefs by parties are listed in the Appendix to this

Note: In the Turkey Final Determination, we adjusted the all-others cash deposit rate by 0.10 percent to account for the export subsidies included in the all-others rate calculated in the companion countervailing duty investigation. See Memorandum to the File from Rebecca Trainor, “Calculation of the All-Other Rate,” dated July 14, 2016, which is on the record of the LTFV investigation of heavy walled rectangular welded carbon steel pipes and tubes from Turkey.

This rate is based on the actual weighted-average margin using the publically-ranged data calculated for those companies selected for individual review. Because we cannot apply our normal methodology of calculating a weighted-average margin due to requests to protect business proprietary information, we find this rate to be the best proxy of the actual weighted-average margin determined for the mandatory respondents.

**Assessment Rates**

The Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries.

Pursuant to 19 CFR 351.22(b)(1), because Falcon and the Liberty Group reported the entered value for all of their U.S. sales, we calculated importer-specific ad valorem duty assessment rates based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of the sales for which entered value was reported. To determine whether the duty assessment rates are de minimis, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we calculated importer-specific ad valorem ratios based on the entered value.

For the companies which were not selected for individual examination, we used as the assessment rate the cash deposit rate assigned to these exporters, in accordance with our practice.9

The Department’s “automatic assessment” practice will apply to entries of subject merchandise during the POR produced by Falcon or the Liberty Group for which these companies did not know that the merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this practice, see Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties, 68 FR 23954 (May 6, 2003).

The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

**Cash Deposit Requirements**

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of

---

this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rates for the reviewed companies will be the rates shown above, except if the rate is less than 0.50 percent (de minimis within the meaning of 19 CFR 351.106(c)(1)), the cash deposit will be zero; (2) for previously reviewed or investigated companies not listed above, as well as those companies listed in the “Determination of No Shipment” section, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a previous review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 10.17 percent, the all-others rate established in the LTFV investigation. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers
This notice serves as the only reminder to importers of their responsibility, under 19 CFR 351.422(f)(2), to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order
In accordance with 19 CFR 351.305(a)(3), this notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.213(h).

Dated: September 6, 2016.

Preliminary Results of Countervailing Duty Administrative Review; 2014

AGENCY: Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the countervailing duty (CVD) order on certain chemically-bonded magnesia carbon bricks from the People’s Republic of China (PRC). The period of review (POR) is January 1, 2014, through December 31, 2014. We preliminarily find no evidence of any reviewable entries, shipments, or sales of subject merchandise to the United States during the POR by any of the companies subject to this review, and are therefore issuing a preliminary no shipments determination.

DATES: Effective September 13, 2016.

SUPPLEMENTARY INFORMATION:

Scope of the Order
The scope of the order includes certain chemically-bonded magnesia carbon bricks. Certain chemically-bonded magnesia carbon bricks that are the subject of this order are currently classifiable under the following subheadings of the Harmonized Tariff Schedule of the United States (HTSUS): 6902.10.1000, 6902.10.5000, 66815.91.0000, 6815.99.2000, and 6815.99.4000. Preliminary Determination of No Shipments
Based on information submitted after the initiation of this administrative review, and due to the fact that we have not received any information from U.S. Customs and Border Protection (CBP) indicating that the companies subject to this review had reviewable entries to the United States during the POR, the Department has preliminarily determined that the record evidence indicates that no company subject to this review had reviewable entries during the POR. As is our practice, the Department finds that it is not
