SUPPLEMENTARY INFORMATION:

I. Background

The IAEA works with its Member States and multiple partners worldwide to promote safe, secure, and peaceful nuclear technologies. The IAEA established and further maintains “Regulations for the Safe Transport of Radioactive Material” (SSR–6), which is an international standard promoting the safe and secure transportation of radioactive material. The IAEA periodically reviews and, as deemed appropriate, revises “Regulations for the Safe Transport of Radioactive Material” to reflect new information and accumulated experience. The DOT is the U.S. competent authority before the IAEA for radioactive material transportation matters. The NRC provides technical support to the DOT in this regard, particularly pertaining to Type B and fissile transportation packages.

The IAEA has released, for a 120-day Member State review, a draft revision of SSR–6 intended for publication in 2018. To assure opportunity for public involvement in the international regulatory development process, PHMSA requests input from the public on the proposed revisions to SSR–6 and solicits comment only on the changes made between the published 2012 edition and the draft 2018 edition. The public docket for this notice contains a redline/strikeout version of the 2018 draft showing the changes from the 2012 version.

Any comments made should refer to the relevant paragraph number in the draft 2018 edition and, when appropriate, include proposed alternative text. Please note that to date, PHMSA has harmonized the U.S. domestic hazardous materials regulations in 49 CFR with the 2009 edition of the IAEA regulations, as revised in 2014 [Docket No. PHMSA–2009–0063 (HM–250)]. The NRC is currently developing a rulemaking to harmonize with the 2012 edition of SSR–6. PHMSA may also develop a subsequent domestic compatibility rulemaking after IAEA’s final publication of the 2018 revised SSR–6.

II. Public Participation

The ADDRESSES section of this notice specifies methods and instructions for submitting comments.

Comments must be submitted in writing (Microsoft Word file is the preferred format for electronic submissions) and should include the following:

• Name;
• Address;
• Relevant paragraph number in the document being reviewed; and
• When appropriate, proposed alternative text.

Commenters may also provide contact information, such as a telephone number and/or email address.

PHMSA and the NRC will review the comments received and, based in part on the information received, will develop comments on the revised draft of SSR–6 to be submitted to the IAEA.

Issued in Washington, DC, on September 8, 2016.

William S. Schoonover,
Acting Associate Administrator for Hazardous Materials Safety, Pipeline and Hazardous Materials Safety Administration.

SUPPLEMENTARY INFORMATION: The OCC is requesting that OMB approve the renewal of the collection of information set forth in this document.

Title: Real Estate Lending and Appraisals (12 CFR 34, 160, 164, 190).

OMB Control No.: 1557–0190.

Type of Review: Extension, without revision, of a currently approved collection.

Description: Twelve CFR parts 34 and 160 contain reporting and recordkeeping requirements. Twelve CFR part 34, subpart B (Adjustable-Rate Mortgages (ARM), subpart D (Real Estate Lending Standards), and parts 160 and 164 contain recordkeeping requirements. Twelve CFR 190.4(h) contains a disclosure requirement concerning Federally-related residential manufactured housing loans.

Twelve CFR part 34, subpart B, § 34.22(a) requires that for ARM loans, the loan documentation must specify an index or combination of indices to which changes in the interest rate will be linked. Sections 34.22(b) and 160.35(d)(3) provide notice procedures to be used when seeking to use an alternative index.

Twelve CFR 34.44 and 164.4 provide minimum standards for the performance of real estate appraisals, including the requirement that appraisals be written and contain sufficient information and analysis to support the institution’s decision to engage in the transaction. Twelve CFR 34.62, 160.101, and the related appendices require each institution to adopt and maintain written policies that establish appropriate limits and standards for extensions of credit that are secured by liens on or interests in real estate or that are made for the purpose of financing permanent improvements to real estate. Real estate lending policies must be reviewed and approved by the institution’s board of directors at least annually.

Twelve CFR 34.84 requires that, after holding any real estate acquired for future bank expansion for one year, a national bank must state, by resolution or other official action, its plans for the use of the property and make the resolution or other action available for inspection by examiners. Sections 34.85 and 160.172 require that national banks and Federal savings associations develop a prudent real estate collateral evaluation policy to monitor the value of each parcel of OREO in a manner consistent with prudent banking practice. Section 34.86 requires that national banks notify the appropriate OCC supervisory office at least 30 days before making advances under a development or improvement plan for OREO if the total investment in the property will exceed 10 percent of the bank’s capital and surplus.

Twelve CFR 190.4(h) requires that for Federally-related residential manufactured housing loans, a creditor must provide a debtor a notice of default 30 days prior to repossession, foreclosure, or acceleration.

Affected Public: Businesses or other for-profit.

Frequency of Response: On occasion.

burden hours.

Comments: On June 24, 2016, the OCC issued a 60-day notice soliciting comment on the collection, 81 FR 41373. No comments were received. Comments continue to be invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the OCC, including whether the information has practical utility;

(b) The accuracy of the OCC’s estimate of the information collection burden;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Dated: September 2, 2016.

Karen Solomon,

Deputy Chief Counsel, Office of the Comptroller of the Currency.
